Will co-operate with you on any proposition for the betterment of Central Point and its vicinity.

CENTRAL POINT, JACKSON COUNTY, OREGON, THURSDAY, JUNE 26, 1913

VOLUME EIGHT NUMBER 10

CENTRAL POINT 5; TO MEDFORD 3

Locals Win Game Sunday at Medford. Teams Have Trouble—As Usual

The Central Point and Medford ball teams met Sunday for the fourth game between the nines and the locals were easy winners in this latest contest which puts the games two won and two lost for each team. Outside of the usual disputes between the players of both sides and the umpires which is always noticeable when these teams play the game was a very good one, being close enough to keep the spectators interested all the way through.

Gaskin started out to heaven for the Pointers but after allowing the Medfordites two runs in the first and having the bases pretty well occupied in the second he was derailed and McIntyre called to the mound. Mac was in fine form and with perfect support would have held the Medford team scoreless in his part of the game. As it was through an error one run was put over on him. He struck out nine of the Medford bunch and that is a good record for any pitcher for those players are sure there with the wallop.

McFadden, a twirler from the Applegate country who has recently joined the Medford team, had the mound for the first four innings but gave the Pointers little trouble. Hurd started out in good shape in the fifth but the batters soon found his shoots and had little trouble in connecting with the ball.

Errors were plentiful on both sides but Medford players made the greater number of bobbles.

1st. Central Point took two in their half when Harper first up went to first; Wilson got on with a hit and McIntyre was given a pass. Wilson scored when Crawford sent out a single. McIntyre counted while they were retiring Toots at the first station when Miles handled his grounder. Coleman ended the inning by a hit to second which was sent to first in time to catch him.

Medford came back with two in their half on a hit by Miles; Sholtz was out, Coleman to first; Isaacs got transportation; Gill was safe at first; Hill fanned for the second out; Antle got a double which scored the two; Marshall took the count and the side was out.

2nd. Gaskin sent out a double but Farra fanned, Clark was out at first and Harper sent an easy one to Miles and was retired at first for the third out.

Medford was just as easy when Melchoir drew a walk but was caught nicely at second in testing Curley's whip; McFadden whiffed, Miles went safe but Scholtz ended it by a high one to left field which Farra gathered in.

3rd. Wilson was out on a high one to center; McIntyre got a hit to left field; Crawford walked and Toots was safe at first on a single; McIntyre scored and Coleman was safe at first when they tried to force the runner at

third; Gaskin went out on a high one to left field and Farra ended it for the third out but not before Crawford brought in the fourth tally.

Medford only sent three men to the plate in this frame when Isaacs laid an easy one down to short; Gill sent one to second and was out at first; Hill took the count for three and side was out.

4th. Clark guessed three of them wrong; Harper was out when Hill fielded his bunt and caught him at first; Wilson sent out a nice double and scored when Mac hit safe to right field; Crawford was out on a fly to center.

Antle, Marshall and Melchoir went down the strike out route in one two three order and the side was retired without once having touched the ball.

5th. Toots was struck out; Coleman was out at first, Miles to Marshall; Gaskin was safe on a single; Farra was passed but Clark couldn't connect and fanned for the third out.

Miles was safe when Crawford dropped the ball at first; Scholtz drove a liner to Harper on second and was out; Isaacs got a single but Shorty went out on a force; Gill went out and the side was down.

6th. The Pointers were out in easy order with only four men up to bat. Harper got on but Wilson and Mac both whiffed and Harper was caught at second when Crawford sent out a grounder.

Medford tried hard to do something with Hill out on first when he bunted; Antle on a fly to short; Marshall was presented with a ticket to first; Melchoir was safe on an error and Hurd was at caught first.

7th. Both sides were easy outs with four men for each up to face the pitcher.

8th. Nothing doing for Central Point but Medford counted once. Gill got on when Harper fumbled his grounder, went to second when Mac threw to first to catch him and Crawford let the ball get by him. Gill counted when Hill hit safe to right field; Antle was safe on an easy one but Hill was retired at third in the play. Marshall was out on his drive to right field when Clark threw to first in time to catch him. Melchoir went out for the third on a foul to Curley.

The Pointers should have had another in the last frame when Crawford got a double, went to third when Toots sent one to short which was fumbled; Coleman hit a high one to right field which was caught. Crawford tried to beat it in but saw he did not have time and started back to third. Hill let the throw get by him and Crawford took a second try for the plate. The ball was stopped at the grand stand and returned to Hill in time to tag the runner. Curley Wilson contended that the passed ball, when stopped as it was by the stand, entitled the runner to his base and had some words with his umpers over the decision of out. Gaskin whiffed for the last out.

In their last effort the Medfordites fizzled out with only three men to face the heaver. Hurd sent an easy one to Coleman and was out at first; Miles laid one down to short which was sent to first and caught him; Scholtz could-

n't connect with the offerings of Mac and struck out for the last one.

The score is as follows:

| | AB. | R. | H. | PO. | A. | E. |
|-----------------|-----|----|----|-----|----|----|
| T. Ross, ss. | 5 | 0 | 1 | 3 | 2 | 0 |

Hurd relieved McFadden in 5th inning.

Summary:
Two base hits, Gaskin, Wilson, Crawford, Hill, struck out, by McFadden, 3; Hurd, 5; McIntyre, 2. Base on balls, off McFadden, 2; Hurd, 1; Gaskin, 1; McIntyre, 1. Hit by pitched ball, by Hurd, 2; McIntyre, 1. Wild pitch, Gaskin. Left on base, Central Point, 11; Medford, 8. Time of game, 2 hours, 15 minutes. Umpire, Wilkinson.

Eliminate the Grafters.

That would-be settlers coming to Oregon have, in many instances, been victimized by unscrupulous land speculators and that the state as a whole has been injured by their operations, is a statement made at the annual convention of Oregon bankers recently held at Corvallis, and the attending delegates expressed a determination to co-operate with the commercial bodies throughout the state in an effort to put greedy real estate men out of business. The plan does not contemplate the entire elimination of land selling agencies, but does propose to annihilate the sharks who have been speculating in good Oregon soil, taking it out of production and holding it for an unreasonable increase in price. It was decided to form an appraisal committee in each community to pass on the prices of lands, the committee to consist of two members of the local commercial body and one banker, and intending purchasers will be advised to purchase no real estate from any dealer until the value of same has been passed upon by the appraisers and the price asked decided to be a reasonable one. It was stated as a fact that much of the agricultural land in Oregon is held at too high a figure. There is doubtless plenty of good land which can be obtained at a fair price, but the newcomer, usually unfamiliar with local values and conditions, seldom hears of that land. The committee will see that he gets a square deal.

The second production of the cantata "The Crowning of Love" was put on at the local opera house Friday evening of last week in connection with a moving picture show. Those who attended enjoyed the show very much and all who took part in the cantata performed their parts in a very creditable manner. It is too bad that such a worthy organization as the Relief Corps, for the benefit of which the entertainment was given, should not have received a better patronage. Those who had charge of the play extend their thanks to all those who took part and the patriotic ones who attended.

FEDERAL ATTORNEY SENDS RESIGNATION

Charges United States Attorney General With Interfering in Cases

San Francisco, Cal.—In sensational telegrams to President Wilson and United States Attorney General James C. McReynolds, in which he charges the latter with having interfered with his administration of justice in two important cases, John L. McNab has resigned as United States attorney for the northern district of California.

Delay ordered by the attorney general in the prosecution of Drew Caminetti and Maury Diggs, under the Mann white slave act, and of directors of the Western Fuel company on charges of conspiracy in defrauding the government in coal weighing frauds were given by McNab as the causes of his resignation, which was telegraphed to Washington.

Drew Caminetti is a son of former State Senator A. Caminetti of Astoria, recently appointed United States commissioner general of immigration by President Wilson.

McNab was first ordered to delay until autumn the prosecution of Caminetti and Diggs. On this account he had intended to resign after the conclusion of the Western Fuel cases, but when he received a telegram from McReynolds, ordering him to postpone indefinitely the trial of Robert Bruce and Sidney V. Smith, indicted with six other Western Fuel directors, he decided to wait no longer.

Washington.—It developed that the trials of Drew Caminetti and Maury I. Diggs were postponed by Attorney-General McReynolds at the request of Secretary of Labor Wilson, who has taken upon himself the responsibility for the postponement of the trials because he wanted young Caminetti's father to come here and familiarize himself with his new duties as commissioner general of immigration, caused the president to take an interest in the controversy.

President Wilson announced that he intends personally to investigate the circumstances of the resignation of John L. McNab, United States district attorney for the northern district of California. He said he had called for all papers in the case.

Representative Kahn of California introduced in the house two resolutions demanding that the attorney general produce all the documents and orders referring to the postponement of the Diggs and Caminetti and the Western Fuel trust trials, which resulted in the resignation of United States District Attorney J. L. McNab of San Francisco. The resolutions are broad enough to cover every paper in the department of justice referring to the case.

Unique Entertainment in Central Hall, July 2nd

The management of the Y. M. C. A. have a treat in store for the public in the production of The Old Maid's Convention, which will be given in Central Hall next week, Wednesday evening. About thirty of the best looking young and old maids of the town have been doing diligent practice for the past week or two, and will certainly electrify the audience with their funny stunts, quaint costumes, and original sayings.

Professor Pinkerton and his Wonderful Transform (Her)—more subtle and more mystifying than any of the celebrated Wayne's magic will be there and transform the most object looking old maids into pretty, winsome young creatures. It is certainly the greatest invention of the age—but hold on we ain't going to tell you anymore about it—come and see for yourself.

This entertainment is being given to assist in paying the running expense of the Y. M. C. A. and as it is the first one for almost three months, the management hopes for and certainly expects a large attendance. Admission 25c. Reserved seats 10c extra, and will go on sale Saturday at G. S. Moore's. Let everybody come and be sure and secure your seats early.

The Y. M. C. A. with its fine "gym," large and light reading room, hot and cold showers, the only safe swimming pool in the community, a grand tennis court and many other games and attractions that make glad the heart of the boy, is certainly an institution of which our city is justly proud. Let everybody help to carry on this good work by buying two or three tickets to the Old Maid's Convention, next Wednesday evening.

A most pleasant entertainment was that given in Central Hall Saturday evening by the Old Fellows and the Rebekahs and their friends. A nice program of music, games and the like made up an interesting evening. Refreshments were served to the guests and all enjoyed the party thoroughly and pronounced the members of those societies most royal entertainers.

DIGGING AT THE WELL FINISHED

New Well and Tunnels Ready for the Curbing and Gates.

The new well for the city water works with its 101 feet of tunnels is finished so far as the digging is concerned and it now remains to curb up the well and tunnels and put in a cross section between the two wells with a gate which will allow the wells to be connected or disconnected at will.

The water was shut off Monday afternoon while the final connections between the old well and the new were being made and with this completed the work of curbing up and the other improvements can be made in order.

It is the intention to have a pump in each well as soon as it can be arranged so that in case of accident to one plant the other will be ready for use. With the two wells and the reservoir provided by the tunnels together with two pumps at the disposal of the water works should do away with a good deal of the trouble which has been experienced in the past by the water users.

The new well has a good supply of water and the two ought to supply sufficient for all needs in a long time to come.

Get a ticket in the bald headed row for the Old Maid's Convention next Wednesday evening, and you may get as pleasant a surprise as did those who sat in the same row at the Hanky Panky performance last week.

Some Fine Vegetables.

We are indebted to J. W. Elden for some very fine vegetables from his garden during the past week and thereby have the privilege of sampling at first hand some of the most excellent produce of the Rogue River valley garden lands. Mr. Elden and his son with their families are comparatively new arrivals in this country having purchased their ranch in the Willow Springs district not many months ago and have made some very noticeable improvements on their property, among other things having built modern residences and other buildings on the place. Along with the other residents of Willow Springs district they are boosters all the time and understand that the most substantial boosting comes from the showing of well improved ranches.

That they are well versed in agricultural pursuits is amply attested by the quality of the produce they raise as well as by their up-to-date improvements of their home and surroundings. They are the kind of people who make a community a desirable one in which to reside.

They Would Co-operate.

The county judge of Klamath county has written to Judge TouVelle with the suggestion that Siskiyou, Klamath and Jackson counties unite on the good roads proposition and cooperate in building permanent highways to connect the three counties. The letter also suggests that a good roads meeting be held at Medford sometime soon in which these counties would all be represented. Judge TouVelle and the rest of the county court express themselves as heartily in favor of any co-operation movement and it is quite likely that a meeting will be arranged for in the near future and later such meetings held in the other counties.

Medford Will Celebrate.

Medford base ball team is to play Montague on July 4, 5 and 6 at Medford. According to the Medford papers there is a purse of \$500 for the winner of the series of games. Montague is said to have a fast team and for this game will be strengthened by a coast league battery. The Central Point team plays at Grants Pass on the 4th and 5th where they are in on a tournament with teams from Weed, Roseburg and the Pass, all very good teams and some fast games are promised.

To Patrons of Photo Studio

I wish to thank my patrons for the work they have given me while in Central Point. I will be back in a short time to finish the work which is in the studio. —Mrs. Lesmeister-Price.

The body of Orlie Rush was found in the river late Wednesday after having been in the water two weeks.

If you are old, ugly and can't get a man, come to the Old Maid's Convention next Wednesday in Central Hall and be transformed into a sweet little maid of sixteen.

Mr. and Mrs. D. A. Lyons went to Marion, Oregon, last Thursday where they were called by the death of Mrs. R. O. Smalley, Mr. Lyons' aunt. They returned home Sunday. Mr. Lyons was also at Corvallis and says he liked the looks of the country there.

A card from Hugo Lange Thursday morning states that he and Walter Hawk arrived in Portland Tuesday of this week; that they had work in a garage; and that Walter still had his cow bell.

To Build Coast Railroad

The announcement that came recently from the Southern Pacific offices at Portland to the effect that the coast line of railroad was to be completed through San Francisco to Portland has occasioned a great deal of comment in railroad and other circles. Enlarging upon the subject, and going somewhat into details of the proposed road and of the possibility of physical connection between the coast road and the present line of the Southern Pacific in Southern Oregon the Oregonian publishes the following in connection with its news story:

"Whether connection with the Southern Pacific's existing property will be made from Gold Beach to Grants Pass or whether the line will be extended northward to Myrtle Point, where it will join the Eugene-Coos Bay line, now under construction, has not been determined. Either route is feasible. When this project first was undertaken a few years ago the plan was to build through Coos Bay, but present intentions are to follow the Rogue river valley east from Gold Beach to Grants Pass.

"If the Oregon connection with this all-coast line is made through Grants Pass it is probable that the Grants Pass & Crescent City railroad, now being financed, will become a link in the chain. While the Grants Pass & Crescent City project has been developed by local capitalists it is certain that it will be taken over by the Southern Pacific if it can be made a part of a through route between Portland and San Francisco.

"This all-coast route will be considerably shorter than the present Shasta route of the Southern Pacific. It will eliminate much curvature and many heavy grades. The running time between Portland and San Francisco, it is believed, can be greatly reduced.

"Moreover, it will develop a section of the Pacific slope that now is without railroad facilities and that offers inestimable productive possibilities.—Rogue River Courier.

Voters Must Register

According to a report recently sent out from the county court office there are very few registered voters in the county at the present time. It seems the new law for registering of voters invalidates the old law and that it will be necessary for all who wish to vote at the next general election or any thing which is referred to the voters will have to register again without they have done so since June 3, 1913. The fact of the lack of legal voters at the present time was discovered when the matter of an election for issuing road bonds was considered and it was shown that all voters would have to register before they could vote. A register is named for every precinct in the county and voters must register with the official person or not at all. It is also claimed that voters can no longer be sworn in on election day and have a vote.

Reunion at Talent

Ashland, June 23, 1913.

At a meeting of the officers of the Southern Oregon Soldiers' and Sailors' Association held at Talent, Ore., June 21, it was decided to hold the next annual reunion at Talent, beginning September 15 and continuing for five days. There will be an entertainment each night. Monday night will be Talent, Tuesday night Central Point and Gold Hill, Wednesday night Grants Pass, Thursday night Medford, Friday night Ashland.

J. P. SAYLE, Col. Commanding.

Pize Lists for Industrial Contests

Pamphlets containing a complete prize list, also rules and regulations governing exhibits for Children's Industrial Contest at the state fair at Salem, September 29 to October 4, are ready for distribution and may be secured for the asking from any of the following:

J. Percy Wells, Jacksonville; Olive Scott, Rogue River; D. C. Henry, Gold Hill; Rose Gay, Rock Point; W. A. Cowley, Central Point; Mr. Fredenberg, Butte Falls; H. W. Ager, Phoenix; A. J. Florey, Eagle Point; Mrs. D. Peruzzi, Ashland; Edna Houston, Trail; U. S. Collins, Medford; G. W. Ager, Talent.

It is planned to resume operations at the Buzzard mine in the Elk Creek country soon as a car load of ore which was recently sent to a California smelter to be reduced gave very satisfactory results. The mine is one of the best producers in Southern Oregon, it is said, and J. W. Merritt, W. C. Leever and P. O. Applegate are heavily interested in it. Mark Applegate is to have charge of the work at the mine.

While the continued rains are doing some damage to hay which is cut and still in the field it seems to be the general opinion that the good it will do to the second crop of alfalfa and the fruit will be far greater than any damage it does.

CLOTHING

We only have a few suits of men's clothing left, and these run in sizes 34, 35 and 36—no other sizes. Likewise we only have a few suits in boys' clothing, sizes running from 15 to 19 years inclusive. Prices on the above will range from

\$4.00 TO \$10 PER SUIT

"The Old Reliable"

CRANFILL & ROBNETT.
