

Our Items of Local Interest

Those Who Go and Come With Company They Entertain

Dr. Davis, dentist, Rostell Building. Trespass notices for sale at this office.

We want fat hens. Price this week 10 cents. Faber & McDonald. 16tf

Mrs. George E. Fox went to Grants Pass Monday morning for a short visit. R. C. Reame and Earl Obenchain were passengers to Medford Monday afternoon.

Best pine, oak and fir wood at The C. P. Feed Store either by tier or in car load lots. 22tf

Mr. and Mrs. B. F. Peart and daughter Lela spent Sunday with relatives near Phenix.

Misses Myrtle Dunten and Kate Ames visited friends in Medford Saturday afternoon.

Mrs. Wayne Leever spent the latter part of last week with her mother, Mrs. Jerome, in Medford.

Take your poultry to the home market. Faber & McDonald are always ready to buy at market prices. 16tf

Mrs. Parker-Farrar of Ray Gold was in the city Saturday visiting friends and attending to business matters.

Miss Gladys Holmes left Sunday morning for Oakland, Oregon, where she will attend school during this school year.

County Commissioner W. C. Leever spent the first of the week in Jacksonville attending a meeting of the county court.

A local market is what we need. You will be pleased to learn that Faber & McDonald can use all the poultry you bring them. 16tf

Mrs. Bowers and little daughter came up from Gold Hill Saturday for an over Sunday visit at the home of Mr. and Mrs. E. J. O'Hara in this city.

We need more chickens to fill our orders. The market price at all times. Faber & McDonald. 22tf

Warren Mee and Mrs. Laura Knutzen of Applegate came over Monday for a short visit with their sisters, Mrs. Emma Bebb and Miss Mary Mee, in this city.

I. W. Rivers who was formerly a resident of the Valley in this vicinity is spending a few days looking over the country after an absence of some twenty years.

Pear Trees: 4 to 6 ft. 15c; 3 to 4 ft. 12c; 2 to 3 ft. 8c. Guaranteed first class stock on Japanese roots. E. T. Neal, Central Point, Phone No. 191. tf

B. F. Nibert, principal of the Agate schools, was a business visitor in the city Saturday. Mr. Nibert has but recently arrived from Kansas with the idea of locating permanently on the Pacific Coast. He has a brother living at Agate.

You believe in a supreme being, a Creator, that we are taught to call God, yet you reverence and worship him not. Inconsistency where art thou? It will be a personal help to you of whatever belief or action to hear the discussion on "The Fatherhood of God" at the Presbyterian church Sunday morning.

The California-Oregon Power company had a crew here the latter part of last week putting in a transformer and pole switch for the local substation in order that the current may be shut off outside the power house if need should arise. The weeds on the lot were also cut and the premises put in good order.

A car load of porkers—the first in two years past, it is said—went out from the Central Point shipping station last week and ere long another car will be ready for shipment. The hogs came from the Eldon and Conley ranches near Tolo where they had been raised on alfalfa pasturage and later fattened for the market. It may be taken as a pretty good sign of coming prosperity for a locality when there begins an export of the product raised and that all porkers are included in this export list goes far toward starting the word with a capital.

Trespass notices for sale at this office. Salt for all purposes at the C. P. Feed Store. stf

Dance tomorrow evening in Central Hall. Central Point Band.

Mrs. F. A. Hawk went to Medford Tuesday forenoon on a business trip.

D. C. Grim made a business trip to Grants Pass between trains Tuesday.

Jim Vestal and Sam Marshall visited in Medford between trains Tuesday afternoon.

"Dutch" Pankey, Ed Musty and Howard Dunlap spent Saturday afternoon in Medford.

When in need call upon the Central Point Feed Store for new and second hand grain bags and sack twine. tf

Squashes for sale, \$2.50 per load. Enquire of J. W. Berkholtz, Willow Springs. 24d25

Mr. and Mrs. Earl Shirley were passengers to Medford Tuesday afternoon for a short visit with friends in that city.

Henry Riley spent Sunday afternoon in Medford visiting I. R. Hamilton who was at the hospital in that city for an operation.

Mrs. S. H. Glass and Miss Myra Askew of Sams Valley were in the city Monday to do some shopping at the local stores.

D. W. Beebe of this city and A. W. Beebe of Agate were passengers to Medford Tuesday forenoon on a short business trip.

J. E. Boswell, Master Carl Boswell, and Mr. and Mrs. John Downing motored to Medford and Jacksonville Tuesday forenoon on a business trip.

Jack Samuels returned the latter part of last week from Salem where he had been on a business trip in the interests of the Modoc Orchards.

Postmaster Guy Tex and E. E. Scott spent the latter part of last week in Salem taking in the sights at the state fair. They returned to this city Sunday afternoon.

I. R. Hamilton who had been employed in the mines at Sterling recently had an accident the effects of which made it necessary for an operation to be performed Saturday evening at the Medford hospital. The operation was successful and Mr. Hamilton is getting along very nicely.

"What Seest Thou?" Seest thou thyself ashamed of thy life as thou standest in the presence of God because of thy failure to do His will while time was in the hand. Do you need help? Do you want to be helped? Hear the sermon at the Presbyterian church Sunday 7:30 p. m.

At the regular meeting of the local I. O. O. F. Saturday evening three new members were initiated, E. R. Gleason, Oliver Mann and Harry Nealon taking the work. A. C. Walker and Clarence Lovern who had applications in for that night were unable to be present and their initiation will take place at some later meeting when a number of others are planning on joining the order.

It is announced by the Northwestern Fruit exchange that the organization has contracted for the disposal of its output of Rogue River Spitzenbergs to a New York firm at a price which is at least 60c a box higher than will be paid for the Hood River product of this brand of apples. Furthermore it is said that this is the first time in the history of the apple industry when the local fruit drew a better price than the Hood River Spitz.

D. W. Stone went to Ashland Monday evening to attend a lecture given there that evening by Tom Richardson of Portland in the interests of the Oregon Development League. Mr. Stone and Mr. Richardson were well acquainted in the east some years ago and enjoyed a friendly chat on the events of other years. It has been several years since the gentlemen have met each other and this occasion of a meeting was an enjoyable one for each of them.

Mrs. T. D. Ross, Miss Pearl Ross and Miss Etta Williams spent Tuesday afternoon in Medford.

Remember the band dance Friday evening, October 10. The first really big time of the season.

Mr. and Mrs. B. C. Gleason spent a couple of days the first of the week with relatives in this city.

Ellsworth, the Feed Man, can supply you with the famous Clear Creek coal. It's the cheapest fuel yet. 22tf

Henry Faber arrived in the city Tuesday morning from Poncaello, Idaho, and will spend the Winter with his nephew, E. C. Faber here.

Just received a car of Clear Creek coal. The best domestic coal on the market. It's clean and high in heating qualities. At The C. P. Feed Store.

Mr. and Mrs. Toots Dusenbury of Gold Hill were guests of Mr. and Mrs. J. E. Boswell Sunday and J. E. took them down to that city in his car in the evening.

Rev. C. L. Creevy and family arrived in the city last Friday evening and Sunday morning Rev. Creevy took charge of the work in the Methodist church beginning his year's work.

Mr. and Mrs. John Wilson and sons, Russel, Bob and Marsh, and Mrs. Amos Nicholson of Griffith Creek motored down in Mr. Wilson's new Ford car Sunday and spent the day with Mr. and Mrs. J. E. Boswell in this city.

C. B. Watkins, shoe making and repairing shop has moved from S. Central to 7 N. Fir, the old Panatorium stand. Fully equipped with finest machinery. Give us a call, all work guaranteed. Medford, Oregon. 3tf

Development of the country tributary to the Sumpter Valley Railroad is now in full swing. Mining and logging are extremely active, but probably the most hopeful sign of future prosperity in that section is the great interest being taken by the farmers in stock raising and dairying. Two carloads of high grade Holsteins were recently imported by the First National Bank of Prairie City and these cattle have been distributed among the farmers at reasonable prices and on easy terms. It is expected that within a short time the output of the dairy will be among the most important products of that section.

At the Salem State Fair, which has just closed the most prosperous session ever held, Douglas County took first prize for the best county display, forcing Benton County, five times winner of the annual contest, to take second place. The decision was a very close one, the judge having been for some time undecided as to which display was the best, the splendid showing of corn in the Douglas county booth being the final deciding factor. Clackamas County was third, Washington County fourth, Linn fifth, Tillamook sixth and Polk County seventh. Certainly no better county exhibits have ever before been made at the State Fair.

A ten per cent increase in registration has been made at the Oregon State University to date, and if the same ratio holds good in the departments of law and medicine at Portland, the University's next catalogue will show total registration of about 1700. In the departments of liberal arts and sciences, and engineering, about 700 have registered. Many students detained by summer's work are still to come. Last year's registration in these departments was 690. The University's hoped-for new building and the repairs and additions to four other buildings, will enable it next season to stem still further the tide of students going to other states for their higher education, particularly Washington and California.

Work on the Foothill Irrigation project near Ashland was begun in earnest last week, says the Ashland Record, when twenty-five men and several teams established camp at Hyatt Prairie to begin the active work of constructing the canal and dams for the water. T. W. Osgood of Medford is the engineer in charge of the work.

Mr. and Mrs. J. J. Grim returned Tuesday morning from Amity, Oregon, where they have spent the past few months visiting friends in that and other cities in the northern part of the state. They visited the state fair last week at Salem and report a very pleasant time throughout their visit of the Summer.

Mrs. Henry Farnum came up from Los Angeles the latter part of last week and arranged for an action sale of the household goods for last Saturday at which time they were disposed of. Mr. Farnum has traded his residence property in this city for property in the California city where they expect to make their permanent home.

After several years of litigation involving claims in the Siletz country, the announcement has just been made that the settlers have finally been victorious and that patents to the land will immediately be issued by the Government. With all uncertainty as to the future removed, development will certainly proceed with great speed. The railroads have long been anxious to tap that rich timber section, and they are now free to go ahead with the work.

Mrs. I. F. Williams has re-opened her hotel for the accommodation of boarders. Since the fruit harvest begun there have been a large number of transient in the city and it has become extremely difficult for some of them to find board and room since the Hotel Dunlap is not open and it has worked a hardship on many visitors to our city during the past few weeks. The opening of this boarding house ought to make it much more convenient for those who are looking for board and room.

The Epworth League held its regular monthly social Tuesday evening in the Y. M. C. A. building and was attended by a large number of the members and friends of that society. On account of the necessary absence of some who were to take important parts in the program that part of the program had to be dispensed with. The time was spent in playing games and different forms of amusement. As usual a very pleasant evening was spent by all present and it was a late hour when the party broke up.

A remarkable record has been made the past Summer in keeping down forest fires in the great timber areas of the Northwest, it being stated on good authority that the total loss will fall under 3,000,000 feet with a valuation less than \$5,000, this in comparison with the former low record of 26,000,000 feet in 1911. This splendid showing was made possible by the active cooperation of railroads, loggers, campers and land owners with the Government rangers and the promptness with which all small blazes have been located and put out.

Trespass notices for sale at this office.

Rev. W. T. Adams, state evangelist of the Christian church, who was to have been here last Sunday to open a series of meetings at the local church last Sunday was unable to come for that date but promises to be here next Sunday to begin the revival services.

"I heard you the foist time." Of course I'm going to burn coal this winter, and buy it of The C. P. Feed Store where its the cheapest. 22tf

Talent is to have a new \$8,000 brick block and the contract has been let for the construction of such a building in that city. The Talent Mercantile company and the Talent Drug and Furniture Company will have store rooms in the building which is to be 70x90 feet in dimensions.

The double-header auction sale conducted by Auctioneer Neale last Saturday afternoon in the Rostell building drew a good crowd and proved one of the most successful sales that has yet been held in the city. All the goods were sold to the mutual satisfaction of the auctioneer and the sellers and buyers.

Development of the country tributary to the Sumpter Valley Railroad is now in full swing. Mining and logging are extremely active, but probably the most hopeful sign of future prosperity in that section is the great interest being taken by the farmers in stock raising and dairying. Two carloads of high grade Holsteins were recently imported by the First National Bank of Prairie City and these cattle have been distributed among the farmers at reasonable prices and on easy terms. Thanksgiving!

WHILE it may be a little early for Thanksgiving in the regular order of things there is nothing like being right up to the minute—or a little in advance.

Therefore we are going to tell you that just now we are feeling thankful that in the regular order of our yearly program there is time to pause and think of the many things we may be thankful for.

We are, above all else, thankful for your patronage; we are thankful for your faith in our ability to serve you well, and we are thankful that we have had the privilege of your acquaintance.

We assure you that we hope to merit a continuance of our pleasing business relations and that we will spare no pains to have the very best in our line at your disposal at all times and we are anxious to serve your needs in filling prescriptions or in furnishing you anything in our store at any time.

NEWS OF INTEREST

TO THE
Rogue River Fruit Growers
The International Correspondence School of Scranton, Pennsylvania,
ANNOUNCES

A new course entitled "Commercial Fruits" is hereby added to the list of agricultural courses.

This course treats of the establishments of orchards, groves, and plantations of all of the various fruits commonly grown in the United States; of the most approved methods of cultivation and of harvesting and marketing fruit. The text has been written by expert men of many years' experience in practical fruit growing. As may be seen from the list of subjects the Instruction Papers treat of all the important varieties of fruit. The half-tone and the colored illustrations are exceptionally meritorious. The subjects taught. The subjects taught in the course are as follows:

- Essentials of Fruit Culture (2 parts)
- Varieties of Apples
- Apple Culture (2 parts)
- Apple Pests and Injuries
- Apple Harvesting, Storing, and Marketing
- Pear Culture (2 parts)
- Peach Culture (2 parts)
- Grape Culture (2 parts)
- Plum Culture
- Strawberries (2 parts)
- Raspberries
- Blackberries, Dewberries,
- Currants and Gooseberries
- Cherries, Apricots and Quinces.

Papers covering the growing of citrus fruit, both in Florida and California, are in course of preparation and will be added later.

For information regarding this or any of the other courses the Southern Oregon Representatives,

R. H. BULLOCH,
103 Roosevelt Avenue, Medford, Oregon.

**Lemon and Orange
Cling Peaches**
