Mr. and Mrs. D. W. Stone spent a very pleasant Sunday in Applegate. Mr. and Mrs. F. M. Palmer called on Mr. Thompson of Glenn Ridge Orchard. Messrs. John Sisty and H. J. Taylor and their families dined with R. F. Dean last Sunday. Messrs D. W. Stone, H. J. Taylor and John Sisty completed packing and shipping their fruit this week. Miss Lula Benedict, Miss F. McNasser and J. R. Rowe motored to Medford and appreciated Henry Miller in the "Rainbow." Blanche McKee while riding a pet pony was thrown and dragged for several yards, fortunately she was only slightly bruised. A small party of young people were entertained by Miss McNasser last Tuesday in honor of her friend Miss Lula Benedict of Albuquerque, New Mexico. The Parent and Teachers' Club met at the home of Mrs. T. C. Law Saturday afternoon. Many of the members were present and enjoyed the following program. An article on the "Use of paper towels in the home," was read by Mrs. Julius Burkholtz; an article on "Prizes given children for home work," read by Mrs. Tompkins; Mrs. R. W. Eldon reported a very instructive address in Medford given by Mrs. Tate of Portland. At five o'clock the hostesses served delicate sandwiches, cake and cocoa, which were enjoyed by all. The next meeting on December 5, will be held at the home of Mrs. Tompkins of west Willow Springs.

Beagle Briets

Dell Morrison is home again after an absence of several months. Supervisor Peterson of Gold Hill was here Wednesday visiting our school. George Stacey is hauling a quantity of hay from the Sams Valley country. Several of our young people enjoyed a Halloween party at John Bighams. A good time is reported. The McCright Bros. and Roy Stacey returned from a hunting trip Wednesday. Poor luck, but happy. Mrs. D. B. Russell who underwent an operation in a Medford hospital last Friday is reported as doing satisfactorily. Little Felbert Rodgers, youngest son of C. O. Rodgers has been very ill for several days but is reported some better. Well I guess we have a right to smile. "Old" New York in the midst of snow and winters blast and "Old" Oregon with seventy feet of sunshine. Will Jones and Lester Rodgers spent several days in the Prospect country hunting last week but returned wearing that old fashioned tired and disgusted look. Something wrong we reckon. Commissioner W. C. Leever and wife and son were in this section with their auto Sunday. Mr. Leever has many friends in this district who are much pleased with the work he has accomplished in his districts this season. While Frank and Howard Rodgers children were on their way home from the Archloch school one evening last week they were greatly frightened by

NEWS FROM OUR NATIONAL CAPITAL

Senate Banking Committee Is Likely to Report Four-Bank Plan.

Washington, D. C.—When the senate banking and currency committee ended its first week of deliberations it appeared certain that the bill to be reported to the senate would contain certain provisions for a four regional reserve, government controlled bank system, the \$100,000,000 stock of which will be offered to the public.

With progress on the fundamentals of the senate measure just begun, only the framework of the Glass-Owen measure has been retained. The most radical change in the administration measure has been the complete removal of the regional reserve banks from bank control. Briefly, the following were the provisions of the measure, which it was believed would govern its final drafting.

Four regional reserve banks with a total capitalization of \$100,000,000, divided according to the financial location of the center from which the banks will operate.

Absolute control of the banks by the government and regional reserve boards, to be appointed by the president.

The regional reserve bank stock to bear either 5 or 6 per cent interest and to be sold to the public by subscription, the balance, if any, to be taken up by the member banks. This stock will have no voting power, and will not share in the surplus. That will accrue to the government.

Co-operation With States Proposed. If authorized, at the regular session, will authorize an additional loan of \$100,000,000 to the reclamation fund.

In accordance with the recommendation to be submitted by Secretary Lane, the interior department will undertake, in co-operation with the several states, to redeem those Carey act projects which have proven failures, and which threaten, without some such aid, to entail heavy loss on settlers who have undertaken to establish homes under their canals.

The plan of the interior department is to have the federal government join with the states in completing Carey act projects which have fallen into disrepair through failure of contractors or from other cause.

Members Lose Mileage. Senators and representatives will be obliged to forego the mileage bill at the coming regular session of congress, much as they may dislike to do so. The fact that the special session is to run into the regular session without substantial break makes it impracticable for congress to pass the mileage appropriations this winter, and if any attempt is made to put such a bill through it will be killed by public opinion.

Senators and members have received mileage for the special session. Mail Efficiency Is Aim. Postmaster General Burleson has decided to standardize the entire postal service, so far as possible, with a view to greater efficiency. To this end the department will operate several model offices, "dynamos" from which to charge the entire system of offices throughout the country.

These offices will be used to discover the best practical way of administering the postal facilities and to test out devices and methods that may prove of value.

National Capital Brevities. The secretary of war is urged to modify the examination required for students desiring to enter West Point. The plea is made that 60 per cent of the applicants fail. A government preparatory school is suggested as one remedy.

the constitution limiting the membership of the house of representatives to 450 has been commenced by Representative Cardell Hull of Tennessee, author of the income tax provision of the Underwood tariff bill.

In transportation of stocks, bonds and other securities, the interstate commerce commission held that a carrier is responsible, in case of loss, for the market value of the securities only and not the par value.

By direction of President Wilson, Commissioner of Internal Revenue Osborne instructed collectors throughout the country that the recent action of congress in removing deputy collectors from the protection of the civil service did not mean a return to the spoils system and was taken only for efficiency.

Preparations have been begun for the wedding of Miss Jessie Wilson, daughter of the president, and Francis B. Sayre. Though the White House is reticent as to details, it is given out that the date certainly will be November 25 and that the ceremony will take place in the White House, where it is said the bride will have for her attendants her two sisters, Margaret and Eleanor.

Michael Greenburg, one of the partners of the warehouse, declared to newspapermen that the building was dynamited. He refused to assign any motive for such an act. The explosion seemed to wreck the building in a diagonal manner, one whole side—the one that fell on the adjoining house—falling down.

Fido's Mouth "Caged." Olympia, Wash.—The state board of health, with Governor Lister concurring, adopted a regulation requiring the muzzling of all dogs in King and Pierce counties as the only means of combatting an epidemic of rabies.

Backward, Turn Backward.

Backward turn backward, Oh time in your flight, Give us a girl with skirts not so tight, Give us a girl who charms, many or few, Are not exposed by too much peek-a-boo. Who won't use the street for a vaudeville stage; Give us a girl, not so shapely in view. Dress her in skirts the sun can't shine through, And give us the dances of days gone by. Put turkey trot capers and butterroll slides, Hasty-rurly twists and wangle tail slides, And other such bunny hugs all on a level As products of hell, inspired by the devil, And let us feast our optics once more, On the sweet pure woman, of the days of yore, Yes, time turn backward and grant our request, For God's richest blessing, but not undressed.

Jonathans in Demand The country has gone Jonathan mad. Everyone is crying for this apple and it has enjoyed a far better demand this season than ever before in its history, and that is saying considerable for this variety, because it is counted one of the most popular apples in the market.

"We are literally being swamped with offers to buy the single carload of Jonathan apples that we still retain," says A. A. Prince assistant sales manager of the Northwestern Fruit Exchange. "We have but one carload of Jonathans unsold and this is from Cashmere. There have been sufficient inquiries for this one carload of apples recently to have sold the entire output of the Cashmere section, if it consisted of Jonathans. The east, the west, the middle west and the south are all evidently intent

upon taking this lone car of apples away from the other fellow. The bidding has been the most spirited that I have ever known under prevailing conditions."

While there is an extensive call for Jonathans and three cars were lately sold to outside interests at \$1.60 for Extra Fancy and \$1.40 for Fancy, Peshastin delivery, the call for other varieties is not quite so brisk. Local sellers report the sale of a car of Arkansas Black to Southern interests at \$2.00 a f. o. b. with extra fancy Black Twigs at \$1.50 and fancy at \$1.35. All of these are considered very favorable prices even in such a high-priced season as the present.

The Northwestern Fruit Exchange recently reported that English interests were getting mighty interested in Winter Nellis pears, and that an offer of \$2.00 a box, f. o. b. for this variety had been refused for a carload. Holders here are asking firm prices at \$2.15 and \$2.25 a box and seem to have no doubt that the higher figures will be obtained.
