

RICH ORE FROM BUZZARD MINES

Sixty-Eight Sacks of Ore Returns \$1,531.04 to Pearl Mining Co.

The Pearl Mining company, which is composed of local stock holders has recently received returns from a shipment of gold ore sent to the Selby Smelting & Lead company in San Francisco a few weeks ago. The ore was taken from the Buzzard mines on upper Elk creek and sixty-eight sacks, making a total of 5,772 pounds, of the regular run of rock was shipped to the bay city firm. The returns when received were especially gratifying to the owners as it shows a run of \$553.96 per ton for the amount shipped, or a total of \$1,531.04 for 5,772 pounds of ore.

The Buzzard mines are a group of seven or eight good ore bearing properties on Elk creek about thirty-five miles from Central Point and while they have never yet been worked very extensively the rock indicates a very rich mine when it is worked out to capacity. During the past few months there has been considerable work done at the plant but it has been more in the nature of preparing for more extensive operations than in getting out ore, although enough leads have been uncovered to justify the owners in the expectation of rich developments when the mines are worked more extensively. With the revival of interest in mining developments which is now quite apparent in all districts we may expect to see the Buzzard mines large producers of high grade ore.

Pioneer Dies at Phoenix

Captain Milo Cañon, one of the best known of Southern Oregon Pioneers and a veteran of the Civil war, the Mexican war and the Indian troubles of Southern Oregon, died last Thursday at the home of his daughter, Mrs. Fred E. Furry at Phoenix, at the age of 87 years. Funeral services were held at Jacksonville Saturday, November 8, and the remains laid to rest beside those of his wife in the Jacksonville cemetery. Mrs. Wm. Hammett of this city is a granddaughter of the deceased.

Those registered at the Hotel Central during the week were: C. A. Madden, Omaha, Nebraska; J. R. Rowe, city; W. L. Jones and son Vernon, city; W. J. Rodgers, Beagle; A. Prolt, Medford; Bryon DeFord, city; T. H. Threaxroad, Portland; F. W. Murray, Medford; F. Middlebush, Trail; W. E. Root, Medford; F. P. Farrell, Medford; W. B. Duncan, Salem; M. H. Cusick, Trail; S. M. Nealon, Table Rock; W. A. Myers, Los Angeles; J. H. Baum, Chicago; Elia Anton, Asia Minor.

Mrs. Blanche Whitman of Berkeley, California, was in the city this week as the guest of Mrs. J. W. Merritt and Mrs. W. C. Leever. Mrs. Whitman is well known to Central Point residents, her husband having at one time been a business man of the city.

W. R. C. WILL GO TO GRANTS PASS

Saturday, November 22, is Date Set For Excursion to That City

The members of the local W. R. C. have been invited to spend Saturday, November 22, with the ladies of the Grants Pass Relief Corps and most of Central Point ladies who belong to the order are planning on going. Medford, Ashland and Jacksonville will also be well represented it is expected. While the train service north is very convenient for reaching the Pass in the morning the return trip will have to be made earlier in the afternoon than many will wish to leave unless some arrangement for a special train in the evening can be made with the Espee officials. In making the request for the special it will be necessary to know about how many will wish to go and for this reason it is requested that all who plan on going notify Miss Mary Mee or the Herald office as soon as convenient of their intention.

Although the excursion will be for the Relief Corps mainly any others who may wish to visit the Pass that day will have the privilege of the reduced rates and they are requested to hand in their names. It will afford an excellent opportunity to visit the Josephine county seat for a day. Please phone or hand in your name as soon as you can if you expect to go.

Oregon to Install Splendid Exhibit at Chicago.

C. C. Chapman, Secretary of the Oregon Development League, who is to head the Oregon delegation at the United States Land Show in Chicago, November 20 to December 8, has gone east to install the exhibit. Oregon will occupy two booths in the Land show and will also have lecture room privileges. From five to eight Oregon representatives will be in attendance at all times.

The exhibit will consist of agricultural products of every sort, contributed by commercial clubs in all parts of the state and is one of the most complete ever assembled in Oregon. All of the exhibits were shipped from Portland last Saturday in a special baggage car via the North Bank, Great Northern and Burlington roads.

Work on Gold Hill Cement Plant

Officials of the Portland-Beaver Cement company which is to put in the big plant at Gold Hill are now on the ground and Leigh Hunt who is chief engineer in charge of the construction work has arrived in that city and it is promised that the work will now be rushed through to completion in record time. The company has the contract to furnish the cement to be used on the Pacific Highway through Jackson county and this calls for the delivery by June 1, 1914. It is stated that Oregon winter weather is no drawback to the work and that there is no doubt but that the company will have the cement ready for the contractors of the road work in ample time.

University Students Pleased

Students of the University of Oregon were greatly pleased over the results of the election on November 4 when the people of the state upheld the appropriations of the legislature for the university improvements against the referendum petition.

The day after election the students demonstrated their appreciation of the vote by marching through the streets of Eugene and giving the class yell. Five hundred students were in line of march which was headed by the University band and traversed the principal streets of the city. Afterwards a committee drew up the following resolutions in appreciation of the people's vote:

"We, the students of the University of Oregon, in mass meeting assembled, do hereby express our pride in being members of the body politic of Oregon. We call attention to the fact that an understanding of the value and need of higher education rests with no class or caste in Oregon, but is diffused among the entire population, and we believe that in no state is there a firmer foundation than this on which to build for the future.

"We express our admiration for the able and loyal service performed by the press of the state, which was all but a unit in clearly understanding and effectively and truthfully presenting the immensely important issue at stake.

"We regard as leaders whose noble example we shall in our lives strive to follow, those disinterested, energetic, broadly public-spirited citizens, who, with no possible private interest to be served, and no possible personal reward to be gained gave freely and liberally of their money, their time and their enthusiasm with thought only of the welfare of their state and of posterity.

"We regard as vastly significant for the future of education in Oregon the fact that one of the most energetic leaders of the campaign in behalf of the University is a regent of the Oregon Agricultural college, and as still more significant the fact that the city of Corvallis returned a handsome majority in favor of the University measures. We attribute this in no small degree to the broadmindedness and wise patriotism of our fellow students at the Oregon Agricultural college, and as students at the University of Oregon we wish thus publicly to express our appreciation.

"We furthermore take this occasion of pledging to the state of Oregon our renewed loyalty, and of affirming again our determination that in us the people of the state shall find that the sacrifices they have made for higher education will redound mayfold to the public advantage."

Union Thanksgiving Service

There will be a union Thanksgiving service the evening of Nov. 27 in the Y. M. C. A. gymnasium room to which all are invited. Mrs. McCullough of Medford will speak and special music will be arranged for. Make your plans so as to be in attendance.

Y. M. C. A. BAZAAR

At Association Building December 3, 4 and 5. Good Time Coming

Arrangements are progressing rapidly towards the completion of what certainly promises to be a wonderful event in the pleasure annals of our little city. Everybody is willing and anxious to help the Y. M. C. A. Everybody knows that the real mission of the Association is F. O. B.—for other boys. Just ask the boys if they would like to go without the swimming pool through the summer months, or without the "gym" during the winter season? You don't have to guess the answer, so every mother, every sister, every aunt, and every woman who loves to see our American boys grow up well rounded out in body, mind and spirit, are zealous workers in our cause, and are always classed among the Association's best friends. And thus it is that every woman in the place is working hard to make this fair a great success, and in most any house you may go, one will see aprons being cut out, handkerchiefs being hemmed or perhaps some delicate piece of embroidery work being done, and all for the fair. Its bound to be a success and why shouldn't it? for its object is to advance the greatest work ever undertaken for the benefit of mankind. What about the Bazaar? Why its simply going to be a hummer. There will be booths, and shops, and houses that will surprise everybody.

There's The Doll Shop—Mrs. J. O. Isaacson, Manager, and it certainly is going to be a revelation. There will be white dolls, and there will be black dolls, there will be dolls dressed and dolls undressed. There will be dolls that stand up and dolls that lie down, there will be dolls in cradles and dolls sitting in chairs. There will be dolls for the babies and dolls for the little girls. The Peek-a-Boo dolls will be there, the Campbell kids will be there, the Kesner kids will be there, and best of all, Lady Betty, the handsomest doll that ever came into the Rogue River Valley, attired in silks and satins with all the skill of a Worth or a Filene, will surely be a vision of loveliness, and the admiration of every young girl in town. Lady Betty is to be given to some little girl. Who will it be? Ask Mrs. Isaacson for particulars.

"One of the most unique exhibits of the whole Bazaar will be an elaborate collection of water colors—hand paintings by Mrs. Harry Tuttle. For faintness of touch and true to a realism of those beauties of nature that are so bountifully diffused throughout our fair valley, these little picturesque reproductions of the big red apple, the juicy Bing cherry, the luscious Comice pear and the hundred and one other fruits and vegetables that tickle the palate, and please the eye, are drawn with such a vividness that the heart throbs and the mouth waters with a longing for the "good old summer days when the bloom is on the clover." This booth will afford a chance for those who admire something really nice, to select Christmas presents for loved friends.

And then there will be a home-made candy booth, sweets made by sweets—and dispensed by sweets—Nuf sed.

There will be an apron exhibit, their will be a handkerchief exhibit, and say, there will be a great big wedding cake, with a five dollar gold piece in it. Why it will almost pay you to get married when you can get the wedding cake free and five dollars besides, with which to pay the minister, and all that you have got to do is guess the right weight of the cake. And then there will be a fine fishing pond for the children—yes fishing will be good here. Yet these are only a few of the many attractions on the midway.

Above all don't miss the free entertainment every night. Remember admission every night is free. Come! Of course you'll come, Everybody is coming, but watch the paper next week for fuller details. We have one thing in particular that will cause everybody to sit up and take notice. Don't forget the dates, and make no other arrangements for December 3rd, 4th, and 5th.

Rev. Teal of Grants Pass will hold services at the Christian church in this city Sunday afternoon at 3:30 o'clock. Everyone invited.

State Game Warden William F. Finley is sending broadcast an appeal asking hunting organizations of the state to donate to the charitable institutions of their vicinities, game for Thanksgiving.

The Oregon Butter and Cheese-makers' association will hold its adjourned session at La Grande on December 5, in connection with the farmers' congress and tri-state dairy meeting, to be held there at that time.

Senator Chamberlain of Oregon has introduced a bill making Milton Wheeler, of Portland, a colonel on the retired list of the United States army, volunteer rank being held by him during the civil war.

No Substitutes

RETURN to the grocer all substitutes sent you for Royal Baking Powder. There is no substitute for ROYAL. Royal is a pure, cream of tartar baking powder, and healthful. Powders offered as substitutes are made from alum.

Eastera Star Banquet

One of the most pleasant social functions ever held in the city was that of Tuesday evening when the local order of Eastern Stars entertained the Medford Chapter of Stars. The business and social meeting was held in the lodge room over the opera house where the work of the evening was performed and the visitors made welcome.

The real event of the evening was held in Central Hall in the Cowley Block to which place the Stars adjourned about ten o'clock to partake of one of the justly famous banquets provided by the ladies of the Central Point Eastern Star. There were good things in plenty served in the most appetizing and pleasing manner; there were toasts and responses, anecdotes and recitations and with many a laugh and jest the time passed all too quickly to suit those present.

Both halls and banquet room were beautifully decorated with flowers and colors appropriate to the gathering and presented a very pleasing scene with the lights and merry, happy men and women. About 75 visitors from Medford were in attendance besides the local members and certainly all enjoyed the occasion immensely.

A considerable amount of machinery is being installed on the Jacksonville creek with a view of dredging and working over the bed of the creek to secure the gold which it is supposed the soil carries. If the enterprise proves successful, as the indications promise, it will give employment to a number of men for several years and assist materially in the general development of that part of the valley. Mining activities in all nearby claims is assuming a very prosperous outlook and this industry is considerably better in the hills than it has been for some years.

High School Notes

Mr. James gave us a very good talk last Thursday afternoon. He spoke of the things that interested at the Teacher's Institute at Grants Pass this year. He told of one of the speakers, E. E. Blanchard, who spoke on thoroughness of school work. He mentioned the need of a better training in reading in the schools. Mr. James said it called to his mind the story of an Irishman who came to this country and opened a barber shop and hung out his sign. The first man that came along read the sign. This is what he read—"What do you think! Pattie McGinnis will give you a shave and a hair cut all for nothing! Se he went in and got a shave and a hair cut and started out of the shop. Pattie called to him and asked if he wasn't going to pay. "Why!" said the man. "Your sign said that you would do it all for nothing." "Why, Man!" said Pattie. "You can't read, that sign reads, 'What! Do you think Pattie McGinnis will give you a shave and a hair cut all for nothing?' This shows the lack of training in reading. Mr. James also spoke of his line of work, the industrial and manual work. We expect to hear from Mr. Ashcraft some time this week.

Last Friday evening the Freshmen entertained for the Sophomores, at the high school building. Many games were enjoyed by those present and there all adjourned to the Domestic Science Department for a dainty luncheon. All reported a very pleasant evening.

Thanksgiving Supper On the 20th

A thank-offering supper will be served by the Woman's Club of the Presbyterian church, on Thursday, November 20, from 5:30 to 8:30 in the basement of the church. There will be no fixed charge for this supper, a thank-offering will be accepted. A program will be given during the evening to which you are invited to remain.

Good for you, Freshmen, Keep it up!

IN SOPHOMORE ENGLISH CLASS
Mr. Mickey—"Miss Grimes, please give me a prefix to the word manly."
Miss Grimes—"Womanly!"
Mrs. Haight has her music classes well under way and all are well pleased with the work. She is using the system that is being used now in the New York schools.

The English classes are taking up their first classic for the year. The ninth English class are going to study "Ivanhoe" which is considered Sir Walter Scott's best historical novel. Tenth English will study Coleridge's, "The Ancient Mariner" and for an American Writer they will make a critical study of Lowell's "Vision of Sir Launfal." The Eleventh and Twelfth year classes will study "Hamlet."

There are twenty-seven pupils in the class in plane geometry. In a recent written lesson all but two in the class received a perfect grade.

The teachers are crowding on the work a little heavier for the last few days, "speeding up" a little as Mr. Mickey calls it. One of the teachers noted when the pupils marched out the other evening that practically all of the girls carried a book or two and about half of the boys were similarly "burdened." There is nothing like being smart enough to get your lessons (?) without studying.

The Manual Training department is increasing in size in the 7th and 8th grades, two new boys coming in in the last two weeks. The 5th grade cardboard construction class are taking great interest in their work, the last object they made was a small cube, several first class boxes were turned in.

LIST OF ABSENCES

Miss Cecyle Emerson, Monday; Miss Elythe Emerson, Monday; Miss Austin, Monday, Tuesday, Thursday and Friday; Miss Louise Elstad, Wednesday; Miss Pearl, Thursday afternoon; Miss DeFord, Monday afternoon; Miss McJimsey, Wednesday afternoon; Miss Grimes, Monday forenoon; Mr. Vestal, all week; Mr. Bebb, Monday, Friday forenoon.

Those tardy were Mr. Bebb, Thursday forenoon; Mr. Moore, Thursday forenoon.

SECOND GRADE

The boys and girls are beginning to think about the "Glad Thanksgiving Day," not merely because it is a holiday for them, but because they are very much interested in the origin of our Thanksgiving Day. They like to hear and tell stories about the Pilgrims and Indians two hundred and ninety-three years ago.

Athena for the Boys

A COMBINATION VEST AND BAND FOR THE BABY

Made double quite up to the neck. One side of back-flap laps entirely over the other. Easy to put on. All weights and fabrics.

Athena for the Girls

A WORD TO MOTHERS ATHENA UNDERWEAR FOR THE CHILDREN

MOTHERS appreciate the difficulty of securing proper-fitting garments for their children.

Most underwear makers seem to forget that children are proportioned altogether differently from adults. Children from two to six years old are usually round, chubby, broad in proportion to their height, while those from six to sixteen are inclined to be slender.

The Athena scheme of sizes takes these important facts into consideration.

The Athena garments for children are sized by ages—not by numbers; so it is easy to obtain a correct fit for your child by asking for "Athena garment age two" for a two-year-old child, "age ten" for a ten-year-old, and so on. Union suits and separate garments fit with equal comfort. In many weights and qualities.

Cranfill & Robnett

Hot and Cold Water With Bath. Rates \$1.50 and Up.
Special Rates by Week or Month.
