CENTRAL POINT, JACKSON COUNTY, OREGON, THURSDAY, JULY 9, 1914

VOLUME NINE NUMBER 11

## OREGON ROBBERS MAKE CONFESSION

### Two of Three Men Who Held Up O. W. R. & N. Train Captured

Pendleton, Or.—Albert Meadors and Clarence Stoner, two of the three train robbers who held up O. W. R. & N. train No. 5 near Meacham the morning of July 2, were arrested Saturday night about 9 o'clock by Deputy Sheriff Batchelor, of La Grande.

The leader of the gang, who was shot and killed by Deputy Sheriff George McDuffy at the time of the holdup is Charles Manning, a professional gambler and not Hugh Whitney, the notorious outlaw. All three of the robbers were from Cokeville, Wyo. Manning has a wife and four children in Cokeville. He was a close personal friend of both Hugh and Charles Whitney, while Stoner is a cousin of the Whitney boys.

When arrested the two train robbers were walking along the railroad track in the direction of La Grande and less than 20 miles from the scene of the holdup. Neither man was armed and they offered no resistance when placed under arrest. They had \$385 in cash and the \$700 diamond ring taken from H. B. Royce, the Walla Walla brewer, who was a passenger on the train, and a smaller diamond, but the diamonds were thrown away when they were arrested to prevent their being used to connect them with the holdup.

## GRAIN YIELD WILL BE LARGE

### Wheat Crop of Pacific Northwest Estimated at 65,000,000 Bushels.

Portland, Or.—The season is now far enough advanced to make it almost certain that the cereal crops of the Pacific northwest will be safely gathered. The progress also is sufficient to enable grain men to estimate with a degree of closeness the yields of the leading grains.

That the wheat crop of the three states will break all previous records is conceded by nearly every grain authority in the northwest. The general estimate now is 65,000,000 bushels for Oregon, Washington and Idaho.

### \$15,000 is Loss in Fire at Stevenson.

Stevenson, Wash.—The biggest fire in the history of Stevenson occurred at 3 o'clock Sunday morning, when a block of buildings on Cascades avenue was burned to the ground. The buildings were occupied by a hotel, barber shop, two pool rooms, two saloons and one restaurant. The losses aggregate \$15,000.

### Mayor's Assailant Dies.

Butte, Mont.—Eric Lantala, the Finnish miner who attacked Mayor Duncan with a dirk in the latter's office and was shot by the mayor, died of the wound. The bullet penetrated the liver. Lantala refused to make any statement to the county attorney.

## WORK BEGINS IN SEPTEMBER

### Plans Announced for the New School Added to University of Oregon

The new School of Architecture at the University of Oregon will open in September with two elementary courses adapted for a student's first year's work toward his profession; a course in the History of Architecture and one in Design. These will be given by Director E. F. Lawrence and by an assistant who will be appointed this summer. President Campbell has assigned to the Architecture school the new two story wing to the Power Plant, which will extend along the west side of University street. Besides the class rooms, drafting rooms, offices, museum and book space, which the architectural work will require, the plans call for an exhibit room in the school of Architecture building. Exhibits will be arranged and displayed in this room at frequent intervals and the public will be invited in on frequent occasions. This will constitute a new type of Extension work carried out on the University campus itself. Its purpose is to spread an appreciation of the value of good architecture among the students of the University and the people of the state, and thereby make a start toward the time when more convenient, less extravagant, and more comfortable houses and business structures will be strongly demanded everywhere in Oregon.

The school of Architecture has made arrangements whereby it is able to purchase much of its necessary equipment at only thirty per cent. of the usual cost. Most of this material has to come from Rome, and, including the tariff charges, will cost the University only three cents where the general customer has to pay ten.

"For the first year, of course, we are offering only elementary courses. Subsequent years we shall add advanced courses, as the students get ready for them," declares President Campbell.

## They Take to the Trail

"Back to the Woods" is the slogan of many of the citizens of Central Point these days. Not a morning on which the sun rises or does not rise near till evening but some party, weary of the effect of civilization, goes in answer to the "Call of the Wild."

On Tuesday Miss C. Hurd and Miss A. Blackford started like two daring prospectors to make the trail to Crater Lake alone. Guarded only by "Rowdy," the faithful mascot of the Hurd family they started for the cool air and the quiet ways.

These two ladies with their dog will be gone for the greater part of the summer. They will spend some of the time at Prospect and move on from there to Crater Lake as soon as the call comes. Ere long this place will gain the name of "The Garden of the Goddesses".

Gladstone has granted a 25 year gas franchise at \$1.40 per thousand.

Union and Wallowa counties fire protection association will build a complete system of telephone lines.

## Bomb Wrecks Tenement

New York.—In the ruins of the tenement wrecked by the explosion of a bomb, which it is believed was intended for use against John D. Rockefeller or his son, the authorities found evidence that Arthur Caron, who was killed with three others, had used his apartment as a center for the distribution of inflammatory literature, and that it was filled with death-dealing explosives.

A small printing press, revolutionary pamphlets and circulars, an electric dynamo, two electric batteries, cartridges and bits of steel were among the articles uncovered, which tend, in the opinion of the police, to show an anarchist plot. That the demonstration, halted by the bungling of some one who was preparing an infernal machine for its mission, was planned against the Rockefeller family in Tarrytown, is the theory on which the authorities are working.

Two of those killed in the wrecked apartment were prominent agitators who were to be placed on trial at Tarrytown on the charges of disorderly conduct in connection with the mourning inaugurated against John D. Rockefeller, Jr., as a protest against his attitude in the Colorado mine strike.

## Young Idaho Girl Murdered.

Pocatello, Idaho.—Finding their 8-year-old daughter missing from her bed on their return from a dance after midnight Sunday, James T. Henderson and his wife, ranchers at Robin, an isolated hamlet 30 miles south of here, discovered the child's badly mutilated body in a spring 300 yards from her home.

Alfred Henderson, who is not a relative, was arrested, charged with murder and was brought here for safekeeping because of the high feeling against him at Robin.

Brown Lumber Co. at Cottage Grove will enlarge its logging plant.

The Portland municipal shop will be abandoned about August 1st.

Today marked the final completion of the Medford-Central Point road connecting with the paved streets of Medford.

R. H. Paxson, breeder of American Beauty strain Columbian Wyandottes, shipped a pen of birds to Nelson, British Columbia, which sold for \$25.

Bids were opened today by the county court for the paving of the Ashland-Phoenix division of the Pacific highway. When contracts are awarded work will begin at once.

One of our prominent merchants has made the statement that his business thus far this year far surpasses that of last year, and that finances are improving rapidly.

Preaching services at the local Baptist church next Sunday, July 12. The regular pastor will speak at 11:00 a. m. Rev. R. W. MacCullough, pastor of the Medford Baptist church will have charge of the evening service at 8:00 o'clock. Other services in the usual order.

## NEWS FROM NATIONAL CAPITAL

### New York, Pennsylvania and Illinois Lead in Income & Corporation Excise

Washington.—New York, Pennsylvania and Illinois paid more than half of the \$71,386,146 turned into the national treasury in income and corporation taxes during the fiscal year just closed. A detailed statement of collections made public showed that these three states contributed \$37,931,717.

New York alone paid \$12,528,247.03 in individual income tax, while the entire amount paid by individuals throughout the country was \$28,306,336.69. The empire state paid \$9,766,248.57 of the \$43,079,810.44 paid as corporation tax by all states.

Pennsylvania ranked second in both individual and corporation taxes. Its corporations paid \$6,096,305.28 and its individual income tax collections amounted to \$3,176,095.28. Illinois was third in the list, with corporation taxes amounting to \$4,293,649.88 and individual incomes aggregating \$2,076,171.11.

### 3 Federal Board Choices Confirmed.

Three of the members of the federal reserve board nominated by the president—Charles S. Hamlin, W. P. G. Harding and A. C. Miller—were confirmed by the senate.

The nominations of Paul M. Warburg, of New York, and Thomas D. Jones, of Chicago, have not been acted upon by the banking and currency committee and probably will not be before the end of the week.

Messrs. Hamlin, Miller and Harding take the oath of office within a few days, and the work of setting in motion the new federal banking system can begin at once. The secretary of the treasury and controller of the currency are ex-officio members of the board, which consists of seven members. The five will constitute a quorum to do practically all preliminary business.

## Borah Continues to Fight Harbor Bill.

There is little likelihood that the fight being made against the river and harbor bill in the senate will accomplish its defeat, though it is believed that the bill cannot go into effect much before August and may not become operative until a later date.

Senator Borah, of Idaho, who is holding up the bill, intends to hold up the conference report later, unless congress grants some of the legislation asked by the west. As a means of accomplishing his purpose, he has offered an amendment to the bill authorizing a loan of \$50,000,000 to the reclamation fund, and is demanding that that amendment be accepted by the senate. His contention is that the river and harbor bill, with few exceptions, carries no direct benefit to the states, where the government is building irrigation works.

## Colombian Treaty is Likely to Fail.

The administration by a party vote will be able to secure a favorable report from the foreign relations committee of the senate on the Bryan treaty with Colombia, but senators opposed to that document assert positively that the administration will not be able to force ratification by the senate. It requires a two-thirds vote to ratify and more than a third of the senate are said to be opposed to the treaty.

## National Capital Brevities.

Major General Wood, former chief of staff of the United States army, has been ordered in command of the eastern department of the army.

In a wordy altercation over the Nicaragua treaty before the foreign relations committee, Senators Root of New York and Smith of Michigan nearly came to blows.

It is said that leaders are hoping that a vote on the Hobson prohibition amendment to the constitution will be had in the house about August 1.

The United States has been asked by Consul General Cheshire of Canton, China, to send aid for the 2,000,000 people who are said to have been rendered destitute by the recent floods in two southern provinces of China.

The house passed the bill repealing the provision that anyone who was in any way active on the side of the rebels during the civil war should not be eligible for the collection of claims from the government. Claims totaling \$165,000,000 will thus be revived, it is said.

President Wilson will fill all vacancies where negroes are now employed by other negroes, in accordance with a promise which he made about the time of his inauguration. White men will not take the places of the blacks.

The San Demetrian situation continues to be a puzzle for President Wilson. He admits having received a report that the American gunboat Machias had fired on one of the warring factions because they had violated an agreement not to bombard the rebel city.

## Brief News of the Week

The supreme court of Nevada upheld the law requiring non-residents to reside in the state one year before being eligible for a divorce.

Farmers of Kansas will receive more than \$100,000,000 for their wheat alone this year, says Darius Miller, president of the Burlington railroad, at Chicago.

Four thousand cases of ammunition and 8000 cases of rifles were landed at Dublin, Ireland, for the Irish national voters, who succeeded in catching the police off their guard.

Six hundred and ninety-six marriage licenses were issued in San Francisco during the month of June just ended, breaking all records for a single month, it is said.

Five men attempted to rob the Bank of British North America at Kaslo, B. C. They arrived in a speed launch on Kootenay lake, but the police were too quick for them. The men escaped in their boat.

The proposals of the leads of the affiliated unions to end the strike of the 7000 men employes of the Westinghouse concerns in Pittsburg, were rejected by the workers in mass meeting. The strike will be continued.

The flying boat America, built by Rodman Wanamaker for flight across the Atlantic ocean, made an ascent with seven passengers, the total weight carried being 5000 pounds. The craft was piloted by Glen Curtiss, the veteran aviator.

The health authorities at New Orleans believed that they had the bubonic plague situation well in hand. The infected district was being carefully watched but it was believed there would be no spread of the disease. Relentless war was being waged on rats.

Fire, the cause of which is a mystery, completely destroyed the Oceanic dock, a quarter of a mile northwest of the O. W. R. & N. shops at Portland, Or., entailing a property loss estimated at \$150,000.

## People in the News

Joseph Chamberlain, former leader of the British parliament, died at London at the age of 78 years.

General Villa, the rebel commander, has bought a bathtub in Chicago at a price said to be \$400. The freight charges on the tub will amount to \$125.

Dr. Byron Miller of Portland was nominated for president of the American Institute of Homeopathy at the twentieth annual session held at Atlantic City.

Rear Admiral Charles P. Bond has been named chairman of the board of survey which will put the battleship Oregon in shape to lead the naval procession through the Panama canal.

Marconi, the inventor of the wireless telegraph, hopes to be able to have wireless telephones in use between New York and Wales soon. He expects that the system will accommodate 300 words a minute.

At the end of 29 rounds, Leach Cross, the New York dentist, was given the decision over "Red" Watson, of San Diego, in a fast fight.

Mrs. Louise Bailey, wife of a Brooklyn manufacturer, was shot and killed by an assassin in the office of Dr. Edward Carman, at Freeport, N. Y. Police are working on the theory that the bullet was meant for the physician.

George Chip, of New Castle, Pa., aspirant for the middleweight championship, knocked out "Fighting" Billy Murray, of Petaluma, Cal., at San Francisco, in the 15th round of their 20-round fight.

## A Church Survey

In connection with the sessions of the Summer School, there will be held at the University in Eugene, July 13-16, an Interdenominational Conference of Ministers. One of the principal subjects to be discussed at this conference is the church of the open country. Many church leaders feel that the farmers do not have as good opportunities for attending church as the people in the towns. There is a growing feeling that our largest ministers are in our cities and hence are out of sympathy with the farmer and his religious life. Because of the fact that our churches are built mostly in our towns, in some communities the farmers do not attend church as regularly as the city people.

To get accurate information regarding the church relations of our farmers several surveys or canvases are being taken. There will be four men working in this section on Thursday, Friday and Saturday. They will visit each farmer and talk to him about the church situation. They will ask about the church with which he is affiliated or to which he belongs. They will also ask numerous other questions. All information given will be strictly confidential. In no instance will any names be used. Because of this there need be no hesitancy about giving the information desired.

The conference at Eugene is interdenominational, all churches cooperating, and after the survey is completed around Central Point the facts will be given to the ministers of each denomination. The entire plan is in the interest of the farmer.

Three of the four men working on the survey have been raised on the farm and their interest and sympathies are with the farmers. The four men belong to three different denominations. Their names are J. A. McAfee, W. L. Tucker, R. A. Felton and Rev. R. A. Basham of this city.

## Land Products Show New Assured

It has been definitely decided that the commercial, industrial and development organizations of Oregon will hold a big Industrial and Products show in Portland from October 26 to November 14, and the Army, together with one or more temporary structures, has been selected as the site. Mr. Louis Buckley formerly of the Alaska-Yukon-Pacific Exposition has been selected to manage the big show. About 80,000 square feet of space will be utilized and this will be nearly equally divided between soil products and products of the workshop. About 12,000 square feet will be used to show municipal and educational work. It is expected that the best showing of apples and other fruit ever made in Oregon will be found at this show. The transportation companies have taken an active interest in it and practical cooperation will be rendered by the Portland Commercial Club, Portland Chamber of Commerce, the Portland Ad Club, the Retailers' Association, the Rotary Club and by the press of Portland and the state at large.

The premium list for this land show, which will be issued in about ten days, will provide for about \$20,000 in cash and special prizes. In addition to the premiums, specially engraved diplomas will be given. It is expected that the states of Utah, Idaho and Washington will send land product exhibits and otherwise participate in this great exposition. County and district exhibits are particularly desired by the management, also a complete showing of the various phases of the lumber industry of the northwest. The managers have opened general offices at 408 Commercial Club building.

## REPORT OF THE CONDITION OF CENTRAL POINT STATE BANK AT CENTRAL POINT, OREGON, AT THE CLOSE OF BUSINESS JUNE 30, 1914

RESOURCES	
Loans and discounts	\$108,670.53
