VOLUME NINE NUMBER 28

REPUBLICANS GAIN ONE-THIRD OF SENATE 43 SEATS IN CONGRESS

Democratic Control Reduced to Narrow Margin. Was a Republican Landslide in East

Massachusetts elects a democratic governor by 10,000. Republicans gain control congressional delegation and elect all state officers.

Ohio elects republican over Cox dem. by large majority. Republicans elect 12 congressmen—state prohibition and women suffrage defeated.

Iowa re-elects republican Cummings and Gov. Clarke, rep., goes in by 25,000. Entire republican ticket including complete congressional delegation, elected. New York elects Charles Whitman, rep., former district attorney, over Governor Glynn, dem. Republicans control legislature and elect entire state ticket.

Illinois elects all republican state officers and democrats lost 10 congressmen and republicans gain 12.

Minnesota elects democratic Governor.

California goes against prohibition, the eight hour law, anti-prize fight and the red light abatement by large vote. Washington elects re-elected Governor and congressman and defeats 8-hour law. State went dry.

North Dakota re-elects a senator and governor and the entire congressional delegation is republican; entire republican state ticket elected and women suffrage defeated.

Oklahoma, Missouri and Texas went democratic.

Pennsylvania elects republican governor and senator and entire state ticket goes in, also 4 congressmen at large. Indiana went democratic.

Michigan elects democrat governor. Wisconsin republicans elect a governor, entire state ticket, senator and all but 1 present congressman re-elected.

Vermont elect republican governor, senator, retains control of congressional delegation, state officers and legislature. Kentucky is reported democratic.

The democratic majority in the next Senate will be 14, in the House 18. The next Senate will be 55, Republicans 40, Progressives 1. Democrats have elected 226 members, Republicans 192, Progressives 10 and Socialists 1. The next session of Congress will remain democratic according to last reports although the election in Utah and Nevada is uncertain.

Struck by Automobile

While crossing the street near the Y. M. C. A. last Saturday night, Mr. S. G. Showalter, aged about 65 years, was struck by an automobile driven by a lady and carried by the machine a distance of 50 feet. His legs and sides were badly bruised and his hands were burned by catching hold of the radiator for safety. We cannot learn the extent of his injuries. The car carried the number of 15989 and its occupants are unknown.

Kenneth Beebe underwent an operation at the Dow hospital this morning. "Buck" is resting easy.

PROHIBITION QUESTION VOTED ON By Six States, Woman Suffrage By Seven.

New York.—For the first time in the history of the United States the voters Tuesday directly selected one-third of the membership of the United States senate. In consequence added interest was felt in the outcome. In addition to the senators an entire new house of representatives was elected.

In this connection several well-known figures in the national political world have retired and were not candidates to succeed themselves. Topping the list is Elihu Root of New York, who after many years of public leadership refused to submit his candidacy to the electorate because he has steadfastly opposed direct election of United States senators.

"Uncle Ike" Stephenson of Wisconsin is another "elder statesman" who declined to run again. He declared himself satisfied with his present honors and was willing to make way for someone else. Theodore H. Burton of Ohio, leader of the conservative wing of the republicans in the senate, refused to be a party to a primary fight and also goes into retirement. Senator Coe I. Crawford of North Dakota and Senator Joseph Bristow of Kansas enjoy the distinction of having been defeated for renomination at the primaries. Representative Charles H. Burke beat out Crawford, while former Senator Charles Curtis won the nomination from Bristow.

Washington.—Federal quarantine to check a dangerous outbreak of foot and mouth diseases among cattle in the middle west was extended by the department of agriculture to include all of Pennsylvania, Indiana, Michigan and Illinois, and virtually placed Ohio under the same restrictions.

TSING-TAU BATTLE FIERCE
Allies' Shells Set Shipyards, Gas Tanks and Houses Afire.
Tokio.—Official advices show that a desperate fight is being made at Tsing-Tau. For miles from shore the sea reflects the flames from the burning shipyards, gas reservoirs and houses that had been set afire by shells from the Japanese and British warships and land artillery which cover the rushes of the infantry. The Germans are strongly entrenched, having at least 30 fortified positions with 100 guns, while elaborate systems of barbed-wire entanglements and subterranean mines have impeded the advance of the allies. Since October 28 there have been casualties daily.

Stanley Hammil, salesman for the Blaumer-Frank Drug Co., of Portland, was in this city the first of the week getting orders from the local druggists.

The bombardment of Russian ports on the Black Sea coast by Turkish warships was the most important event in the European conflict during the past week. The entrance of Turkey into the conflict on the side of the Germans adds to the complications and will undoubtedly widen the area affected.

The bombardment of the Russian ports seems to have taken place without the direct sanction of the Turkish foreign office. The Turkish foreign minister made a disavowal to the French ambassador, declaring the action was due to the German officers and crews on the Turkish war ships. This disavowal did not prevent a breach and a state of war exists between Great Britain, France and Russia.

Germany failed to carry forward her offensive in western Belgium during the week. The dominant German military maxim to be always doing something, has been well emphasized in the coastal assault, but without result.

Throughout the great battlefield there has been a repetition of attacks and counter attacks, with at times a pronounced thinning of the lines, whether they have gained a slight advance or have been thrown back. The Germans made a particularly violent attack east of Soissons on the Aisne, and, according to the German report, drove the French across the river.

CHAMBERLAIN CARRIES JACKSON COUNTY

Entire Republican County Ticket Elected With Two Exceptions. Singler Has 1500 Majority

Complete returns from Jackson county with the exception of a few precincts in Ashland, part of one precinct in Medford, Talent and Eagle Point, make the election of the following county officials certain:
Von der Hellen, state senator.
Miss Towne, state representative.
Singler, sheriff.
Madden, county commissioner.
Colvig, county treasurer.
Brown, county surveyor.
Perl, coroner.

After a sensational race all day long and neck and neck Lee Jacobs finally rode out Florey for county recorder by five votes but it is probable that Florey will overcome this lead today, although the race will probably not be decided until the final official count.

Miss Towne leads in the legislative race, and Wagner leads Mesley, but the latter is only 100 votes behind and has a chance in the final count.

Dean gave Madden a close race all day, but Ashland went strong for the republican candidate and his election is now assured.

The vote at 2 a. m. stood as follows:

CANNON TO ATTACK BRITAIN HELD BACK

Amsterdam Report Says Allies Gain Ground—Slaughter is Enormous.

London.—The Exchange Telegraph Company's correspondent at The Hague sends the following:

"Several trains filled with cannon and submarines, bound from Germany to the Belgian coast and destined for the proposed attack on the English coast, have passed Liege but have been stopped at Bruges until further notice, the attack on England having been postponed until the present battle is decided.

The general trend of the movements of both the German and the allied armies is for the moment, according to both British and French official statements, in a northerly and north-easterly direction, which is in accordance with the desires of the allied commanders, but that Germany has resumed her hammer blows with greater energy than ever is attested by the British official information bureau.

The battle in the vicinity of Ypres is of a most stubborn character. All German attempts to break through the line of the allied forces between Neuport and Dixmude have failed. In spite of the greatest sacrifices, the Germans have not succeeded in gaining ground on the other bank of the canal.

Rhineland again has become the target of German guns.

German Losses 423,000.
Berlin, via London.—The German casualty lists for the week amount to 62,000, it was announced. The total to date is about 420,000.

Rebels Routed in Africa.
London.—A dispatch to Reuter's from Cape Town says:
"Colonel Albert has defeated the rebels in the Lichtenburg district of the Transvaal, killing 13, wounding 30 and capturing 240. Among the latter is Commandant Claussens."

Fire Partially Destroys Lewis' Ice Plant

People were suddenly aroused from their solemn thoughts and political discussions Monday night at 9 o'clock by the clanging of the fire bell. The volunteer department responded quickly and as the fire was burning briskly, the flames shooting skyward from the roof of the building, haste was necessary. The boys were promptly on the job, and while the fire appeared to be beyond control at the time, yet by quick work under chief Grim the ladders were throwing water in short time. The fire which was started apparently by defective electric wire was confined principally to the attic and roof which was hard to combat. The refrigerators and ice making machinery were not damaged except by water. The loss is estimated at about \$500, fully covered by insurance.

Central Point Secures County Sunday School Convention

The County Sunday School Convention which was to have been held in Jacksonville, has been transferred to Central Point and will meet in the Methodist church Wednesday and Thursday, November 11 and 12. A fine program has been prepared by the county officers, delegates from all parts of the county will be present and every one who is at all interested in the county Sunday school work is urged to be present at the meetings. They will begin in the morning at 10:30 a. m., and in the afternoon at 2:30 p. m., in the evening at 7:30 p. m., of each day. The Rev. Chas. A. Phipps, of Portland, State Field Secretary of the Sunday School Assn., of the state will be present at all the services. This transfer of the convention does not give us as much time as we would wish, to make it all that it should be, but we ask that you assist us in making the most of this opportunity.

Following is the total vote of Central Point on the following:
\$1500 exemption..... Yes 131, No 293
8-hour law..... Yes 157, No 234
Dentistry bill amended..... Yes 157, No 234
Abolish death penalty..... Yes 231, No 131
Prohibition amendment..... Yes 231, No 131
