CENTRAL POINT, JACKSON COUNTY, OREGON, THURSDAY, JUNE 1, 1916

VOLUME ELEVEN NUMBER 5

## OPENING OREGON'S SPA JULY 4-5-6, 1916

Ashland plans to entertain at least thirty thousand people on July Fourth and Fifth and Sixth—the occasion being the formal opening of a magnificent park—which has cost the city over a quarter of a million dollars and which provides the setting for Ashland's famous lithia and soda and sulphur springs, now highly developed and placed at the disposal of the public.

The park is a splendid naturally scenic tract, right in the city, with Ashland creek carrying the melted snows from Mount Ashland through it, with waterfalls and lakes and fountains and drives, free auto and team camps with modern conveniences and sanitation, children's playground, rustic seats and tables, shade, greensward, comfort enchantment. To celebrate the opening of this splendid resort park a three-day program has been arranged.

The big feature is a reproduction of the Pendleton Roundup—a \$10,000 attraction under the name of the Rogue River Roundup. A splendid tract of land adjacent to the city has been secured for race track and arena and a vast amphitheatre is being prepared. A four-hour show will be given daily. This great attraction is in the hands of men who plan to perpetuate it as an annual event, and they are staging it this year on a strong basis, with that in view.

Three stupendous parades are under way. On July fourth "Queen Lithia" will pass through the streets in triumph, with a resplendent train of patriotic and industrial floats and Wild West attractions. Queen Lithia is now being chosen by ballot from among the beauties of Ashland. On the second day, July fifth, tribute will be paid to the Pacific Highway in a magnificent parade of decorated automobiles, for which autoing visitors from far and near are expected to come prepared. July sixth "King Sulphur" will turn out in a hilarious frolic that will fill the streets with an astounding aggregation of comic floats and features.

A gorgeous phase of the celebration is the pyrotechnic display. The Hitt Fireworks Company of Seattle, who furnished the fireworks for the exposition at San Francisco all last year, have been employed to furnish and stage the display. To these attractions will be added a continuous concert by some of the best bands of Southern Oregon. In addition there will be water sports at the Mineral Springs Natatorium and Helman's White Sulphur Baths. Dances and confetti battles and scores of minor attractions will give the populace three busy days and nights.

Following the big three-day celebration the Southern Oregon Chautauqua Association opens its twenty-fourth annual session, which runs from the seventh to the eighteenth inclusive.

### LOCAL AND PERSONAL

I. C. Robnett and family enjoyed an extended auto trip last Sunday. The route traveled was to Grants Pass, Kerby and Holland. Mr. Robnett stated that, while the beet and other crops looked good along the route, he was satisfied that as a whole they were not as good as they are in this immediate vicinity. This could hardly be expected, for it is here the most productive soil abounds.

Mrs. Harry W. Davison of this city underwent a serious operation in the Dow hospital last Monday. Dr. Dow reports that Mrs. Davison is doing well.

Postmaster Guy Tex and wife autoed to Trail Sunday and returned with a good stock of "Wild West Romance" to relate. At least Guy had a good load. He never goes on a trip of this kind without being "loaded for bear." He saw the bear alright, but before he could get a bead on Mr. Bruin with his trusty gun the black king of the forest was out of range. Mr. Tex also saw four deer and numerous other wild game. Now all the hunters of this city are engaged in a preparedness propaganda. Dr. Mulkey included, will take the offensive and confidently expect to bring this particular bear into camp next Sunday.

Mrs. M. Middlebush of Trail was visiting relatives in this city Monday. Lee Caton of Table Rock was shopping in this city Monday. Jasper Rodgers and J. H. Drake of Beagle were attending to business in this city last Saturday afternoon.

We are well pleased with the results of our special shirt sale. We sold more shirts last week than we expected to sell this month; not many sport shirts, however, as it has been too cold. Special prices continue another week—Crane Grocery Co.

Mrs. W. H. Vaughn and baby daughter returned to her home at Table Rock from the Dow hospital today.

### FIRE DESTROYS HILTON HOME

Last Sunday afternoon about one o'clock fire destroyed the costly residence and large barns of George Hilton's. The loss is estimated at \$8000 covered by only \$1500 insurance.

This residence, formerly the home of M. C. Hanley, located on the Pacific Highway between this city and Medford, was one of the most imposing among the farm houses of the county.

The fire originated in a defective flue while Mrs. Hilton was preparing the Sunday dinner. It caught between the ceiling and roof and had made a good start before it was discovered.

Some of the furniture was saved from the front of the building, but the wind fanned the flames so furiously that approach to the other part of the house was impossible. The flames quickly leaped to the barns and soon they were a mass of flames. The horses and harness were saved, but the feed, implements and the first cutting of alfalfa were destroyed.

The fire extended to the garage, but the auto was removed before it was damaged.

The family will temporarily occupy a house on the adjoining farm. Mr. Hilton contemplates building again soon.

#### Card of Thanks

The Womans Relief Corps wishes to thank the kind friends who assisted with the program and entertainment Decoration Day and also those who used their cars conveying the people to the cemetery.

S. H. Purcell and family left this city Sunday for Midland, Texas, after living in Canada for eight years and in the Rogue River valley for three years. This excellent family spent the early years of their lives in Texas where Mr. Purcell was engaged in the stock business. At that time the Texas "long horns" roamed the prairies at their will and the cattlemen made fortunes with little effort. The industry there is still profitable but has changed in many respects. Mr. Purcell, so we understand, has returned to accept a lucrative position as superintendent of a large cattle ranch and also invest in cattle for himself. Their many friends wish them success and hope they may return to this valley again, and no doubt they will.

Herman Pence and Truman Lewis of Buncom visited their uncle, C. M. Pence of this city last week. Mr. and Mrs. Arthur Moore of Persist visited at the home of Mary Mee last Saturday. Mrs. E. Altimus visited in Medford last Saturday.

Mrs. J. B. Stevens and sister of Toio spent Saturday in our city.
