EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre with Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

Not Going That Way.

An old lady once went up to a sailor and asked him why the ship had stopped.

"Can't get along on account of the fog," said the sailor.

"But can't you go by the stars?" said the old lady.

"We're not going that way unless the boiler bursts, mum."—Exchange.

An Ounce of Prevention.

For the third time in one afternoon the lady found her new maid fast asleep in the kitchen easy chair. "What, asleep again?" she said. "When I engaged you you said you were never tired."
"I know I did," the maid answered, "but I should be if I didn't sleep."—Chicago Herald.
