

Runaway Accident Results Seriously

Last Saturday morning Mrs. J. H. Morden and little daughter Elsie, of Kanecreek, drove to Central Point. While passing the Hotel Central a small boy and wheel-barrow combination appeared, and this so frightened the horse that he became unmanageable, and as he wheeled he turned the buggy over. In the fall Mrs. Morden fractured her right arm and Elsie suffered a severe cut over her right eye. They were at once taken into the hotel and Dr. Dow called. This is their second runaway experience with the same horse.

3,000 Gallons of Oil Burn

Last Thursday, M. D. Chase of the Table Rock district lost 3000 gallons of crude oil by fire. The fire started from a smudge pot and followed along the ground for 50 feet to the oil tank. Mr. Chase noticed a little fire following along the ground, but he did not think it would amount to anything, not realizing that the oil extended back to the tank. He went to the house and within twenty minutes a mass of black smoke was rising from the tank, which was in flames.
