Wm. Jones is spending a few n Medford.

The members of the cast that are to take part in the coming play, which will be given under the auspices of the Methodist young people, met at the Y. M. C. A. last evening to organize and run over the different parts. There are thirteen characters in the play and a number of our leading citizens have taken parts. This play is a laugh provoker from first to last and anyone who fails to see it will surely miss something of real value. The next rehearsal will be held at the Y. M. C. A. Friday evening.

The local Red Cross auxiliary has secured the use of the house across the Highway from Faber's store for their headquarters. The new rooms have been cleaned, fumigated and fitted up with the necessary furniture. Mrs. E. S. Palmer, the temporary chairman of the Central Point auxiliary, informed us that they hoped to be ready to begin active work by next week.

A fine big baby girl was born to-day to the wife of Albert Painter. The baby weighed 10 pounds. Mother getting along nicely, although they could not get the doctor in time. The news reached us just in time for the last run—and we are a day late.

### City Treasurer Resigns

J. O. Isaacson, who for eight years has held the office of Treasurer of the city of Central Point, handed in his resignation April 2, to take effect as soon as a new Treasurer can be appointed. Mr. Isaacson is head of the Central Point State Bank and, owing to the death of Mr. Hatfield, his able assistant, he has had too much work to do at the bank to do the office of City Treasurer justice; hence, he offered his resignation. The City Council will release Mr. Isaacson as soon as a new man can be found that can handle the Treasurer's duties. The City Recorder, Mr. Jacobs, said that the Treasurer's books had always checked out with his records to a cent, which is a fine record to cover a period of eight years.

### Robnett Well Passes High Test

Because of the fear growing that the well water in some of the private wells contained typhoid bacteria, I. C. Robnett sent a sample of his well water to the State Health Officer to be analyzed. The report showed that Mr. Robnett's well contained very fine water, it being entirely free from any bacteria liable to cause disease. The water had been in incubation 72 hours when the report was made. We regret that, owing to the rush of work in our shop the past week, in some unexplainable manner Mr. Robnett's report was lost so that we could not quote the exact wording. However, we have written the State Health Officer and asked him to send us a copy of this report in order that we may publish same in our next issue.

Last Monday J. E. Boswell, who for 15 years was in the barber business here before, again opened his place of business in the old stand across the street from the city hall. About a year ago Mr. Boswell rented his shop to other parties and later sold his shop, but recently he decided to buy the shop back. For some time past the shop has been closed and the many friends of Mr. Boswell will be pleased to hear that his old stand is again open for business, with the original "tonsorial artist" in charge.

The State Highway Commissioners, who will have charge of the disbursement of the proposed \$6,000,000 road bonds, have given the assurance that all roads built under their supervision will be constructed honestly. Contracts for the work will be subject to free and open competition. There will be no gouging of the public.

Roy Bebb arrived in Heppner Thursday evening from Central Point, Ore., and has accepted the position of foreman in the Herald office.— [Heppner Herald, April 6.]

# The Men Behind A Bank

The most important thing about a bank is the character and ability of the men behind it: the men who direct its affairs.

The Directors of this bank are well qualified for their duties by reason of their conservative policies, sound judgment, experience, integrity and financial standing.
