CENTRAL POINT GRANGE HEARS DR. BALCOM ON SUBJECT OF NURSING

(By E. H. Strohmeyer)

Central Point Grange opened on lecture hour and Dr. Balcom, introduced by Alex Sparrow, gave a short talk for mothers nursing babies, so that the child, when ready for school, will be in the best of condition.

It was given as her idea that every adult should have a physical examination, we suppose, to know whether to be or not to be Oslerized.

Master Anderson thinks one neighbor ought to know what the other neighbor has, especially chickens. The world at large follows that every thought, except in cities where neighbors do not even know each others name, and everything runs smoothly along.

The Grange was next entertained by Mrs. Eva Smith, who told us that kissing by those who have whiskers is the best.

A. M. Tyrrill gave a reading on how a darky swam to the promised land.

Mrs. Mae Richardson, representing a cowboy, gave a very interesting reading of a cowboy making love.

The minstrel show last Friday night was very well attended and the boys hunted up some peculiar looking characters to crack their jokes on.

The Grange being one-year old has 190 members, including applications, the growth being very satisfactory.
