**News Gleaned
From all Over
The Nation**

Two Fort Worth Aviators broke the record for sustained flight, set by the army plane, Question Mark, when they remained aloft for 172 hours and 32 minutes. This feat was performed in a reconditioned monoplane which the authorities did not believe had many miles of travel left in it. Another air record of the week was set by a German pilot by the name of Willy Neunhofer when he mounted to the extreme height of 41,000 feet or almost eight miles. He encountered atmosphere of 55 degrees below zero.

Mrs. Mabel Willebrandt, assistant attorney General of the United States since the Harding adminis-

tration has resigned that position to enter her private law practice. She has been offered a position in the air service to revise the laws governing the airways of the country. Mrs. Willebrandt came into prominence during the last Presidential campaign.

Reports given out show that the fruit crop in the Rogue River valley will be considerably shorter than it was last year, due to late frosts and poor pollenization.

Nine miners died as the result of an explosion in a mine at Yolande, Alabama.

Two planes expect to make flights from this country to Europe, this week. One plane will attempt a flight to Rome and the other will have France as its destination.

Miss Marvel Crosson of San Diego, Calif., broke the altitude record for women pilots when she flew to the altitude of 24,000 feet.

Col. Chas. Lindberg and Miss Anne Morrow, daughter of Dwight Morrow ambassador to Mexico, were married at Englewood, N. J.,

Monday afternoon and quietly eluded friends and reporters and left on an indefinite honeymoon.

HOME POINTERS

(From School of Home Economics) Checking of new patent leather shoes may be prevented if, as soon as they are warmed by the natural heat of the foot, a few drops of neat's foot oil is rubbed in thoroughly until completely absorbed by the leather.

Sediment in a water bottle can be removed by partly filling it with soapy water and placing in it some shot or dry rice and then shaking it around until the sediment is dislodged.

A well built closet in the attic for holding clothes that are not used frequently is a great convenience. This type of closet is often lined with tar paper and sealed as tightly as possible.

Paint and varnish splatters can be removed from windows by applying either kerosene or alcohol and then rubbing with a rough surface, such as a coin or dull knife.

**MEMORIAL UNION BUILDING
TO BE DEDICATED JUNE 1**

The new student Memorial Union building will be solemnly dedicated to the memory of the soldier and sailor dead and the service of the

living in an impressive ceremony at Oregon State College, June 1st. Students, faculty and alumni of the college, state officials and military representatives of Oregon will all take part in making the dedicatory exercises fitting to the occasion. From foundations of stone to roof of copper, this beautiful building with its spacious halls is a substantial and worthy monument to the memory of the college war heroes.

Erected at a cost of \$600,000, it has been financed entirely by subscriptions and pledges of students, faculty and friends of the college. Governor I. L. Patterson will deliver the main address, after which formal dedication will take place. The program will be broadcast over the college radio station, KOAC.

A small cork neatly fitted into the spout of the tea kettle or coffee pot will hasten the boiling.
