Rally Day a Success

The first rally day service in the Union Sunday school was a splendid event. The classes were full, and the program in the auditorium was well received. Two hundred and five were counted in the classes, and many came later. This is the best showing yet in a rally day service here.

The workers are busy trying to find others who have been members here before and those who are new in the community.

FEDERATED CHURCH

J. M. Johnson, Pastor

This week we are reviewing the quarterly lessons on the "Exile and Return of the Israelites. The devotional lesson in Isa. 61: 1-12. This will be a most interesting lesson because we are to learn some of the results of leaving God out of our lives. Read as widely as possible.

The young people will remember that their services begin at 6:30 and will please be on time. "Cooperation with Others" is a splendid title for the lesson assignment from 1st Cor. 3:1-9 Rom 12:10-12. All young people are invited.

Gods care and our Attitude will be the theme of the morning sermon. In the evening service the that of the young people's topic "Cooperation, will be used. Shall we try to work with other Christians in doing the things which ought to be done.

Mountain Vegetation

Lemon and orange trees grow on Mount St. Helens to a height of 1,000 feet up the mountainside. Above these trees is a zone which rises 1,500 feet. Vines, olives and figs flourish here. From this extends a zone rising to a height of about 6,000 feet, which is a wooded region. Here are oak, beeches, birches and chestnuts. Above is the bare mountainside.

Poor Old North Pole

Let us all be frankly sorry for the North pole. The pole is no longer what it used to be. The pole not long ago was a dream by night and a vision by day, and now look at it. An airplane may start out, whizz along a way, turn and loop about the pole, wave it goodby and leave it by its lonesome.—Philadelphia Public Ledger.

When You Putty Windows

To make a neater job in puttying windows, cut a small groove in your putty knife about one-half an inch from one corner. This groove rides in the corners of the wood, while the point of the blade rest on the glass. When pushed down hard the knife will not slip and a straight line of putty is insured, says the Popular Science Magazine.

Why Hide Your Light Under a Basket?

If you have Something to Sell Advertise It. Don't try to keep it a Secret. You have Competitors who will not be so retiring.

If you don't think enough of your business to boost it. You should not feel bad if it is not a success.
