Office With Al Hermanson

Monday, was celebrated thruout the United States as
Edison Day. The day was in honor of Thomas A. Edison
and commemorated his invention of the Incandescent light.

One thing which made the celebration more beautiful
was the fact that Mr. Edison was able to witness the cele-
bration, in person. He has had the pleasure—and indeed
it must be a pleasure to him to realize that the invention
which he perfected fifty years ago has grown and been
revolutionized until it has made our nation the best light-
ed nation in the world.

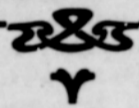

It is not every man that reaps the reward which Tho-
mas A. Edison has. It is true that many have become far more
wealthy from the sale of his inventions than he has but
Mr. Edison has lived to realize that he has carved a great
niche in this country's hall of fame. He realizes that he
has not lived in vain—that the work which he has done
for humanity is cherished and his glory emblazoned in every
electric light which gleams in this whole wide world.

Another adventurer winged his way off across the

broad Atlantic this week and to date no word has returned
to this country of his fate. He appears to be just one
more poor soul which has attempted to engage the spot-
light of publicity thru a daring feat of aviation. His trip
was little heralded and his reason for making the flight
is not known. His attempt at glory apparently has been
futile and the memory of his trip shall be short, so many
have gone the same way before.

No one can deny that this splendid weather we are en-
joying is unmatched anywhere else in country. People
of Southern Oregon are surely fortunate to be able to revel
in the temperate, balmy atmosphere which is now our
lot. Now that we have that off our chest we suppose it
will rain.

THE JOKERS CORNER

He Did His Best

A Scotchman was found dead in
front of a one-cent punching ma-
chine. The coroner found that
death had been caused by over ex-
ertion.

Investigation disclosed a sign
reading: Your money returned if
you hit hard enough.

Judge (Questioning jury): "Is
there any reason why any of you
could not pass impartially on the
evidence for and against the prisoner
and render a fair and honest ver-
dict?"

Juror: Yes, your honor. The
very looks of the man there makes
me think he is guilty.

Judge: "Heavens, man, that's the
prosecuting attorney."

PIONEER CLUB NOTES

Say Fellows, We are going to
have a big time Saturday evening at
7:30, October 26th at our regular
meeting.

We are going to spent the entire
evening in games and fun and if you
miss it you are always going to be
sorry, and as we have no "sorry"
boys in our "gang" we are all going
to be there and the place, just be
sure and remember that too. The
Gym at the High School. Plenty of
room to spread out and plenty of
light so we can see and a bunch
ready for a big time and what more
do we need.

All boys who are "sour" be sure
an deome too so we can sweeten
you up. And say fellows if your
"Pop" and "Mama" wish to see us, in
section just bring them along; it will
do them good too.

Be sure and wear gym shoes if
you have them. If you don't have
them wear old socks so you can
run fast as we will have some lively
times.
