

IT'S AMAZING!

Weeklies: 'Voice of History'

TORONTO—The Canadian Weekly Publisher, publication of the Canadian Weekly Newspaper Assn. here, saluted weeklies as the "Voice of History" in its special July Centennial Edition.

The special issue will be mailed to all members of the Canadian Parliament and "friends of the industry," reports Doug McIntyre, general manager of the Association.

The August edition will be devoted to the CWNA National Centennial Convention and will have a four-color picture of Ottawa at night for its cover.

Put Cereal Cheese Ball in Center of Fresh Fruit-Salad Plate

Cheese Balls Easy to Make

Cereal Cheese Balls nestled in the center of a fruit salad lend just the right degree of heartiness to a luncheon plate. You stay cool because there is no need to use the stove or heat the oven.

The cheese balls are quickly made by molding seasoned cream cheese into small balls, then rolling them in puffy oven-toasted rice cereal.

Breakfast cereals which

streamline the ease of preparation make ideal convenience foods for such delicious tidbits. For further nourishment, pass tiny hot oat muffins.

The following recipe makes 16 to 18 cheese balls.

- CEREAL CHEESE BALLS**
- 1 pkg. (8 ozs.) cream cheese, room temperature
 - 1 tsp. grated onion
 - 1/4 tsp. seasoned salt
 - 3 to 4 drops Tabasco sauce
 - 1 cup oven-toasted rice cereal
- Beat cream cheese, onion, seasoned salt, and Tabasco sauce until smooth. Shape mixture into balls, using a tablespoon of mixture for each ball. Roll in cereal and then serve. Yield: 16 to 18 balls.

Now Possible To Shrink Hemorrhoids

And Promptly Stop Itching, Relieve Pain In Most Cases.

Science has found a medication with the ability, in most cases—to relieve pain, itching and shrink hemorrhoids. In case after case doctors proved, while gently relieving pain, actual reduction took place. The secret is Preparation H[®]. It also soothes irritated tissues and helps prevent further infection. Just ask for Preparation H Ointment or Suppositories.

NIGHT DRIVING

Safety experts report that driving at night is more than twice as dangerous as driving during the day, says "Today's Health," the magazine of the American Medical Association. In 1965, there were 10 persons killed for every 100 million vehicle miles traveled in darkness—four dead for every 100 million miles traveled in daylight.

QUESTIONS AND ANSWERS

QUESTION: What areas in Oregon are now listed by the Department of Labor as areas of substantial and persistent unemployment?

ANSWER: The latest May-June list of areas in Oregon lists three areas of substantial unemployment - Hood River county; Coos county and Lincoln county. It also lists three areas of persistent unemployment: Josephine county; Lake county and Yamhill county. The three areas of persistent unemployment are eligible for programs under the Economic Development Act and all of them are eligible for procurement programs and public works. In addition, Sherman and Wasco counties are eligible for public works projects. Portland, as it has been for many months, is listed in the C or moderate classification of unemployment for major labor areas. Morrow county was recently removed from the list of eligibility for Title I, or public works grants.

EXPERIENCE OF THE ELDERLY

For more than 40 years the National Association of Manufacturers has been encouraging manufacturers to make the best possible use of the experience, knowledge, and skills which older people possess. Excellent progress has been made by the voluntary route, and many firms have dropped bans on hiring older people. The NAM said it would seem neither wise nor necessary to pass a federal law on this subject at a time when the states are taking affirmative action to resolve the problem at the state level.

Experts Track Shifting Sand

Scientists have dumped 2,000 table tennis balls into the ocean off the tip of Baja, near San Diego, in an effort to learn more about sand movement.

Dr. Robert Dill, marine geologist at the Naval Electronics Laboratory at San Diego, said the plastic balls, when perforated, have about the same hydrodynamic characteristics as fine grains of sand.

"By keeping track of their movements, we can determine the nature of underwater currents and learn where shoreline sand is being deposited," he said. The knowledge could be helpful in seeking oil sources.

CHURCH NEWS

WHITE CITY CHURCH OF CHRIST

Evangelist Willie White, organizing minister of White City Church of Christ, is participating this week in the "Men's Meet" near Cottage Grove, Oregon. This camp is attended by men from the churches of Oregon, Washington, and Calif. Mr. White will be with the local congregation this Sunday to teach the adult Bible class at 9:45 and to bring the Sunday morning message at 11:00.

At the morning worship hour the minister will speak from Matt. 6:33 on the theme "Majoring in Minors." In this sermon the speaker will point out four groups of people mentioned in the Bible who wanted "The Kingdom," but did not want it "first."

Family Worship, Sunday evening at 7:30, with the evangelist speaking on "The Last Word from Hell." Such questions as "Is there a place of punishment in the after-life?" and "Is the Bible Hell literal or figurative?" will be considered in this study.

Members of the congregation will participate in a valley-wide Skating party for churches of the area, at the Rollarena, Tuesday evening at 7:00.

PRESBYTERIAN

Members of the college group of the valley Presbyterian churches plan a retreat at the coast, Friday and Saturday, August 18 and 19. Bible study and discussion will be combined with fun and fellowship. Those attending will meet at the Central Point church at 6:30 p.m. Friday.

On Wednesday, August 23, the high school group will meet at the church at 4:45 to go together for a swim, followed by discussion. Each person attending should bring his own sack supper.

Of special interest is the Vacation Bible School to be held Monday through Friday, August 21-25. Classes are scheduled for those from 4 years through junior high school, from 9 to 11:30 each morning. Registration will begin at 8:30 Monday, at the First and Oak Street edifice. The cost of books and materials will be covered by a fee of 50 cents per child or \$1.00 per family. Any child in the community is welcome to attend, according to Mrs. David DeArmond, dean of the school.
