

SELLS-FLOTO CIRCUS COMING

More than 400 arenic stars are required to round out the program of the Sells-Floto circus which is billed to appear in Medford on Saturday, August 28th. This big show, long considered as the "class" of the circus world, will doubtless attract hundreds from this place.

An added attraction this year is

A thorough cultural and professional scholarship is the outstanding characteristic of the State University.

Training is offered in: 22 departments of the College of Literature, Science and the Arts. Architecture and Allied Arts—Business Administration—Education—Journalism—Graduate Study—Law—Medicine—Music—Physical Education—Sociology—Social Work—Extension Division.

51st Year Opens September 27, 1926

For information or catalogue write The Registrar, University of Oregon, Eugene, Ore.

Buffalo Bill's Wild West Show, with a large number of full-blooded Sioux Indians.

Noted this year as among the performers is the famous "Poodles" Hannaford and his comedy riders. Hannaford is known far and wide as the greatest circus performer in his especial line in the world. Others whose fame is widespread are the Flying Wards, the Sells-Floto clown army, the three herds of performing elephants, included in which are the only elephants who give an exhibition of the now famous "Charleston," and said to be perfectly trained in this novelty.

There are also the 60 Liberty horses, half a hundred performing lions, tigers, leopards, polar bears and others, the programs given by each and by the mixed groups being thrilling and exciting in the extreme.

Practically two hours is given over to the performance in the main tent, and the three rings, steel arena and stages are filled with action every minute of the 120. The opening spectacle is a pageant of color and beauty and serves to introduce the 1,000 people to the audience.

Sells-Floto is the exception among circuses, being absolutely clean, and being at the same time exclusively a circus that has retained the features that make performances of this kind enjoyable to every person who attends. Two performances will be given, the first at 2 and the second

at 8 p. m. Sells-Floto has not raised the price of admission from its always popular figures, another thing that has made it popular with the masses.

SAM'S VALLEY

John Conley has gone to Myrtle Creek where he will be employed for a time at the fruit dryer.

Elmer Wright and Max Schultz were over to Wimer and the Evans creek valley one day this week in the interest of the Grange dance to be given at the Pavilion next Saturday night.

O. T. Wilson and family were visiting friends near Wimer last Sunday.

John Mann of Medford, stock buyer, was in the valley last week looking for fat hogs and cattle for market. Hogs are very scarce in this part of the valley at the present time.

The Wilson-Nealon threshing outfit are threshing for Dick Strauss this week. Mr. Strauss has a good crop of fine quality wheat, as good as can be found anywhere in the country.

Some of the young folks attended the dance at the Riverside club house below Gold Hill and report a good time at that place Saturday night.

The work on the new house being erected for John Holst is going steadily forward under the direction of Mr. Johnson, who has charge of the work.

Albert Strauss, Miss Elsie Strauss, Miss Donnie McDonough and Miss Oma McGrueder, attended the Grange dance at Eagle Point Saturday night.

Sam's Valley Grange will give a dance at the Pavilion next Saturday night, August 28, in the Williams grove, just south of the Sam's Valley school house. The Ladies of the Grange will serve the supper for the dance and we are assured of plenty of good eats.

Good music and a good time is assured for all.

FLOOR SPACE OF PAUL'S INCREASED

The interior of Paul's Electric Store presents a greatly improved appearance, the floor space of the store proper having been increased 130 per cent.

The stock of fixtures and electrical appliances has been rearranged and enlarged, due to the addition of the floor space and presents an improved appearance generally. The office has also been moved to the rear of the room and made larger and more convenient.

The change is the result of securing additional space for storage in the basement of the building occupied by the firm—Jackson County News.

HOLLAND RANCHER TIES DEER BEFORE MOWING

Deer have often been the cause of ruined crops in the Rogue valley, but now comes the first instance ever reported of deer holding up harvesting operations.

Before Ed McCann, of Holland, can mow his meadow grass, he must thoroughly inspect his field for fawns. Recently he had two of the little fellows tied up to the fence with ropes which he cut the tall grass in the field.

As soon as the hay is down, he releases the fawns and they go back to their mothers. Mr. McCann reports that this is a common occurrence on his farm and that he was forced to start tying them up after he had almost killed several, lying down in the tall grass, with the mower.

Deer are reported exceptionally numerous in the valley this year and local hunters are expecting unusual hunting when the season opens.

FOR QUICK SALE—Eight room house in Central Point, close in, two lots, good repair, garage, wood shed. Priced low to sell at once. Inquire at the American office.

What's colder than ice? Electricity!

If you could always have an ice-box full of ice, it would be almost cold enough.

But you can't. Today's cake of ice starts melting at once—the drip, drip of the spout tells you that the ice-box air is growing warmer.

Run a wire to your refrigerator from the lamp-socket. Install a compact, convenient, practical ice-making unit. (Your present ice-box can be made into an electric refrigerator easily, if you like.)

See how dry, sweet and cold the air is—always. Day or night, the occasional hum of the motor tells you that crisp, frosty refrigeration is being delivered—electric refrigeration that keeps the temperature colder than ice possibly can.

Electric refrigeration is quiet, simple and dependable. It is a proven convenience that will soon be in every modern home. Let your dealer show you how easily you can have it in yours on attractive installment payments—now!
