## Valley View Community Club Meets

The Valley View Community club met last Thursday afternoon at the club house in the regular monthly meeting. The study of Italy was taken up and all of the program centered on that subject. After the usual business meeting roll call was answered by interesting facts or short Italian people. Four very interesting papers which had taken a great deal of time to prepare were read. Mrs. R. N. Chaney was leader for the month and gave a topographical description of Italy. Mrs. A. H. Davenport followed with a paper on northern Italy and the Italian Alps. Mrs. Alice Farmer's paper was on interesting descriptions of Venice. Mrs. N. E. Bond read a paper describing four beautiful lakes in the Alps, as a side trip from Milan. Mrs. Carl Gralgor told of a trip through Central Italy, describing the most noted places. The program was interspersed with music. Mrs. Mabel Reichert and Mrs. James Lennox sang two duets taken from Italian compositions, "Tempest of the Heart," and "Santa Lucia." Mrs. Harry Roe very beautifully played "Il Trovatore," as a piano number. The hostesses for the afternoon were Mrs. William Glenn and Mrs. Don Lowe, and immediately after the program served dainty refreshments. There were eighteen members and four visitors, Mrs. Harry Roe of Nevada City, Cal., Mrs. L. O. Penland, Mrs. J. R. Leslie, and Mrs. Russell Bishop. Next month the club will complete the study of Italy. Mrs. R. N. Chaney will again be leader and will be assisted by Mrs. Mabel Reichert, Mrs. J. F. Arnold, Mrs. Frank Reed and Mrs. Harry Roe. Although Mrs. Reichert is living in Ashland, she is still president of the Valley View club and will finish her term of office and we hope continue to meet with the club.

Mrs. G. W. Nichols and daughter, Katharine, were both quite ill with flu last week.

Mrs. Harry Roe, of Nevada City, Cal., who has been spending the winter with her father, Mr. Craig, will be here for some time longer.

R. N. Chaney built a fine large chicken house last winter and was ready for four hundred baby chicks which he received this week. Mrs. J. R. McCracken received her seven hundred baby chicks also this week.

Mrs. H. R. Westerberg and son, Richard, of Talent spent last Sunday at the G. W. Nichols ranch in Valley View.

The Talent Irrigation district is progressing rapidly with the ditch cleaning. A large part of the Valley View ditches are ready for water and the men have gone over into Ferns Valley to prepare the ditches in that section.

Mr. and Mrs. R. M. Jones and son, Bobby, spent Sunday at the Lennox home.

There will probably be no need for irrigation this spring until after the first crop of alfalfa is cut, having had so much late rain.

The early Chapman cherry trees are in bloom and all kinds of cherries promise a good crop.

H. H. Weagant made a trip to Hilt last Saturday with a load of produce and fruit.

W. F. DeFord spent a few days in Portland this week where he went on business. While in Portland he visited his mother and daughters.

The J. F. Arnold ranch house is receiving a fresh coat of paint this week.

John Fuller of Ashland, Lyle Wilcox, county horticulturist of Medford and Professor Long from O. A. C. were visiting at several ranches in Valley View on Monday afternoon.

On Tuesday, Mr. and Mrs. John Arnold had as their dinner guests, Mr. and Mrs. Sherman of Jacksonville and Lee Mow of Dead Indian.

Mrs. George Walton of Ashland is visiting with Mr. and Mrs. John Arnold for a few days.

R. G. Fowler, county agriculturist of Medford was at the J. R. Meracken ranch on Monday to inspect some Ladino clover which Mr. McCracken is trying out to use for sheep pasture. This clover seed was obtained by Mr. Fowler from Idaho last year for a tryout in this valley. The Ladino clover has a peculiar way of growing as it grows very much like a strawberry plant, spreading out on the ground with the new tendrils taking root all around each plant.

Another get-together meeting was held at the club house on Monday evening when the chamber of commerce of Ashland met with the Valley View ranchers.

Lyle Wilcox of Medford and Professor Long of O. A. C. were also present. Mr. Long gave an interesting talk on fruit, more especially the small fruit. He urged the fruit men to have a care not to plant varieties of fruit that already are being overdone, especially strawberries.

Cuthbert raspberries seemed to be Professor Long's first choice among small fruits, with cherries as second choice. He said that cling peaches might be planted, using the Tuscan and Phillips clings, both of them being fine canning and shipping peaches. This meeting was the first of three meetings to be held in this end of the valley, the second to be at Bellview.

### MOVIE COLUMN

#### COMMENTS OF COMING ATTRACTIONS TO VINING

The picture review man enjoyed looking over the descriptions of the coming attractions for the Vining theatre for the next seven days. We find the demands of all likings. For tomorrow, Saturday, April 2, one had better bring an overcoat as the picture is "30 Below Zero." But it isn't as cold as it sounds. It deals with scenes in New York's Broadway and the snow and ice bergs of the north country—ful of adventure, out door life and some thrills in acting and movie stunts to make one shiver and wonder.

Then for Sunday is another great role for your favorite actress, Marie Prevost, in that much talked of show "Man Bait." This show is pronounced "big" and is drawing large appreciative audiences all over the country. We are sure it will go over big in Ashland.

On next Monday, April 4, will be a splendid short picture and the home talent play "Cyclone Sally." This needs little announcing as everyone will want to see it.

Next Tuesday and Wednesday, April 5 and 6 is to be shown the picture that you have read so much about in the Portland and San Francisco papers. It is "An Affair of the Follies," and it has won praise from ever ypoint. It is a First National and presents such stars as Lewis Stone, Billie Dove, Lloyd Hughes and others. The scene and plot is interesting indeed, and you will find it a startling heart story involving a chorus girls with both poverty and riches. Inside facts of behind the stage.

For Thursday and Friday, April 7 and 8—remember the dates—is that big attraction, even bigger than the Covered Wagon was. It will be "The Overland Stage." And one of the biggest releases yet made of its kind. It will take you back to days before the old Ashland Linkville stage, back probably to the days of '49 when Indians roamed the plains, with covered wagons, trekking westward. Hop on the Overland stage and ride west, with the fighting breed of frontiersmen who made the word "Americans" mean "the finest race on earth."
