## LOCAL DOCTOR HAS VALUABLE HEIRLOOM

Dr. Bertha Sawyer has a Veritable Treasure Chest of Real Antiques

Dr. Bertha Sawyer has a veritable treasure chest of antiques and heirlooms in her possession. Among the most worthy of special mention are two paisley shawls. One is a somber mottled East Indian design—all dull blue, greens and browns with that peculiar ash-blue cashmere center. This shawl is thought to have been woven on the hand looms in India about one hundred and fifty years ago. The doctor has the remnant of this shawl hanging on the wall with a bit of the ash-blue center framed and hanging above it.

Perhaps the white cashmere shawl is the more interesting and romantic of the two shawls. It has a printed floral pattern, its white yarn fringe is hand knotted and tied. This shawl more Dresden than Paisley in type, was bought in New York City in 1850 and was the gift of a bridegroom to his bride on their wedding day. The shawl was used during her lifetime and later cherished by her daughter.

The daughter on her death-bed bequeathed this beautiful heirloom with several hand woven blankets, linen sheets and pillowcases to Dr. Sawyer.

Dr. Sawyer is also the owner of some old Colonial dishes and a breast pin that dates back to the Revolutionary period.

## HIGH SCHOOL IS SHOWING MORE PEP

Correspondent Says, Students are More Enthusiased Than They Ever Were

It has been a good many years since the high school has shown as much pep as they did last Thursday and Friday before the game with Klamath Falls.

Thursday afternoon Dick Joy started the students off on their big pep campaign by leading them in a number of the school yells. Lee Boyd also had a few yells.

Henry Enders then gave a fine pep talk, warning the students not to be optimistic Boosters, or pessimistic boosters, but, stricking a happy medium be "peptemistic" boosters. Mr. Enders led them in a number of the school songs, with Mary Galey at the piano.

Friday afternoon the program was started off with a talk by Mr. Cripe which he assured the student body that the boys would do their best and he would tell more about it Monday. Roy Abbott, captain of the team, Elliott MacCracken, manager, and Calla Eaton also gave short pep talks.

Dick Joy then called all but the football boys to the front of the assembly and with the assistance of Lee Boyd led them in yelling. The teachers agreed that it was the peppiest most enthusiastic yelling that the student body had done for a long time.

Friday evening at 9:30 a large percent of the student body met in front of the Library for the big yell rally. A long line of "peptemistic" boosters, which included a number of Junior High School students, serpentine through the streets of Ashland down as far as the Plaza and then back to the Junior High where they had a big bon fire by the light of which they did more yelling and singing.

The yell leaders for the rally were Dick Joy, Lee Boyd, James Hartley and Duane Malone. The yell leaders were also greatly assisted by a bass drum, carried on Earl Liningers car and played by Ned Mars and Seldon Burton.

The turn out for the game Saturday afternoon was very encouraging although the boys were in a noticeable minority.

The student body, being very much elated over the 68 to 0 victory were anxious to hear the boys tell about the game Monday morning. All of the boys that played were called on to speak, and nearly all of them responded nobly. Santy Klienhammer, and several of the others, complimented the girls for the fine spirit they had shown and urged that the boys try to do better at the next game. Hod Dunn said it seemed mighty good to have so much rooting and he hoped if they should happen to have a game that the students would keep on singing. Jimmy Nutter assured them that as much credit should go to the line for the touchdown made, as to the fellows that made them. Coach (Continued on Page 2)

## GRIZZLY TEAM TO MEET THE FRESHMEN

University of Oregon First Year Team to Battle on Local Field

EXPECT FAST GAME

High School Teams Victory of last Sat. Gives Them Confidence

In the second match game of the season the Ashland Grizzlies will meet the Oregon University Freshmen here Saturday afternoon in what is predicted to be one of the most thrilling games of the season.

Last Saturday the Grizzly aggregation sprung a surprise on the Klamath Falls team, and defeated them 68 to 0, scoring almost at will. Coach Cripe has expressed complete satisfaction with the progress made this year, and expects tomorrow's game to give him a definite line up on the strength of the local team.

Starting at the first of the season with a presumably weak line, intensive work has resulted in this phase of the teams development into unexpected strength. This was evident in Saturdays game when the locals forward wall beat their opponents on the charge every time.

With but little to worry about from the line Coach Cripe is devoting a major part of the time to perfecting an offensive that will baffle his opponents.

The Ashland High school team looks good. In fact they look better this year than they have for some time, and barring any set back from over confidence, or injury they should go a long way in placing this school on the state football map. But little is known of the Freshmen team from Oregon. This much is known however, that the team that will journey to Ashland tomorrow is not the same that played against Medford High school a week ago. High school officials asked that a different team be sent down, and this is known as the second team, while Medford opponents were the third team.

## ROUGH RIDERS ARE FEATURED AT VINING

No visitors were allowed that day. A sequence of tremendous importance was being made for "The Rough Riders" at the Fair Grounds on the outskirts of San Antonio, Texas. Victor Fleming, Paramount director, gave orders that there were to be no interruptions.

It was the scene where Theodore Roosevelt and Leonard Wood receive a telegram from the War Department to entrain their troops on the first leg of the journey to the battlefields of Cuba.

Someone handed Fleming a note. It was from a young mother in behalf of her children, begging permission to see the filming, "because," it read, "I want my boys and girls to have an education in the fine, true side of American history and it great men."

"Open the gate," said Fleming, "and let every child in, We'll make a special place for them near the cameras."

Youngsters by the score flashed into the grounds, thrilled to the depths of their little hearts. Not only did they see history in the making but they saw such favorites of the screen in big roles as Mary Astor, Charles Farrell, Charles Emmett, Noah (Continued on Page 2)

## KENNEDY FUNERAL IS HELD THIS AFTERNOON

Nineteen Year Old Boy Electrocutated late Thursday Afternoon On Power Line

Rufus Kennedy, 19 year old son of Sam Kennedy, was instantly killed late Tuesday afternoon when the wagon on which he was riding passed beneath a 9,000 volt power line. He was standing on a wet board as he struck the power line. The accident occurred on a potato ranch near Klamath Falls. He was engaged in hauling straw to cover potatoes; a damp board had been kicked up and flung into the wagon; he was standing on this board as the wagon passed beneath the wire. He reached up and unthinkingly grasped the wire; the damp board, the damp straw and the falling mist caused what is known in electricity as a "grounding" of the current. His body was covered with burns. One of the horses was killed instantly the other, badly frightened, plunged madly about dragging the dead horse and wagon for quite a distance before it succeeded in freeing itself from the wagon.

Rufus Kennedy was born in the Emigrant Creek district where he spent practically all of his life. He had been engaged in assisting with potato digging in Klamath county for the past week. Rufus was very popular with his many friends. His mother died when he was a small child and he lived with his grandmother up until her death a few years ago, since that time he had made his home with his father who is an employe of the Copco Company.

His body was brought to the Stock Undertaking Parlors and the funeral took place from there Friday afternoon at 2 o'clock. Interment was made in Hill's Cemetery.

## ASHLAND FOLKS ARE PAINTING HOUSES

G. M. Frost Finds Decided Change in Appearance in but Short Time

One of the interesting things that G. M. Frost, has discovered while taking school census is the fact that Ashland people are painting their houses. Last summer Mr. Frost was assisting in the city water department checking up on faucets and noticed that there were many unpainted houses, now however, there is a decided difference, and the improvements are very noticeable the local man says. Mr. Frost predicts that the school census will show a good increase over a year ago, with many new families making Ashland their permanent home.

## GAME POSTPONED

On account of quarantine conditions existing in Arcata California, the football game that was to have been played at Medford, Saturday, between the Southern Oregon Normal and Humboldt Teachers College, was postponed yesterday by the school authorities at Arcata.

Keen disappointment is felt by Coach McNeal and the team, as they have long waited their opportunity for a first game, however, their spirit remains undaunted by these set backs and will continue their practice, hoping for better luck in the near future, when a game is scheduled with Albany College.

Mrs. W. H. Smith of 166 East Main street has returned to her home for a few days before she again returns to visit her daughter Mrs. W. R. Parshal of Montague, California. Mrs. Parshal accompanied her mother to Ashland. They plan to leave again for Montague within the next few days.
