HIGH SCHOOL NOTES

(Continued from page 2)
Gee, president, appointed a committee to discuss the advisability of Senior girls making and selling red and white pom poms.

Kenneth Madden, chairman of the announcement committee gave a report on the graduation announcements and rings and pins that the committee had examined. He said that they would not decide on the announcements until they had had an opportunity to interview several different agents. He told the class that since the design for the rings had been selected last year that all those who did not order rings at that time could leave their individual orders at White's Jewelry store.

All ready plans are being made for pep meetings and rallies for the game next Saturday with the U. of O. Frosh.

If the students can show as much pep for this game as they did for the last, the team is sure to bring in a satisfactory score.

The cup offered by the Hi-Y was won by the Senior class. The contest for subscriptions to the Rogue News and membership to the Student Body ended Wednesday with the Seniors far in the lead with 95 per cent. The Juniors had 73 per cent, the Sophomores 69 per cent and the Freshmen 59 per cent.

LOCAL ENTERPRISE AND YOU

From time to time we have stressed the advantage of supporting home enterprise because of what home enterprise is doing for Ashland.

This is true of all forms of local enterprise, commercial, industrial, agricultural. It is true of our social organizations—schools, library, clubs, churches and others you may think of as belonging to this group.

It is to be considered also in your banking relations. Many dollars are "hidden away" on a top shelf, or imperilled in other ways, which should be deposited to earn interest, adding a substantial sum to local resources.

Surely each citizen has a very definite influence upon Ashland's progress. By supporting local enterprise you make yours a favorable influence.
