**Makes Survey on Water Fowl in State.**—To take a census of all water fowl inhabiting the United States and portions of Canada and Mexico, is the duty of Dr. H. C. Oberholser, biologist with the United States biological survey, who recently made a cursory survey in Klamath Falls and Eugene. Dr. Oberholser is now in Portland where he will remain until the first of next week, organizing some fifty or more assistants. Dr. Oberholser states that he has not secured enough definite information yet to form conclusions as to whether the water fowl are in the increase or decrease in the state. He says he hopes to answer this question in a year from now.

One of the best records to be made this year by any make of automobiles, was completed recently by the model "A" of the new Ford, in a run of 910 miles from Arizona to California through mountain, desert and snow. The average speed of the new Ford was 58.26 miles per hour which is evidence of the ability and speed of the car. Most of the road conditions were unfavorable for any such run but

these were not enough to prevent the record from being made. The desert heat was the greatest obstacle in the run.

### Infant Son Passes at Dunsmuir Home

John Bowers Ruger, seven and a half months old son of Mr. and Mrs. Raymond Ruger passed away Sunday morning at the Ruger home in Dunsmuir, death being due to a relapse following a siege of pneumonia several weeks ago. Apparently the child was on the road to recovery when it suddenly passed away without warning. The father is the eldest son of Mr. and Mrs. J. A. Ruger who reside on Alida street in this city, and the mother was Maxine Rose before her marriage and the daughter of Mr. and Mrs. Frank Rose of Los Angeles. The young parents are heart broken over the death of the little one, which was their only child. The grandparents arrived Monday evening from Los Angeles for the funeral which occurred this afternoon at 2:30 o'clock from the Dodge chapel. Interment was made in the Mountain View cemetery.

**Called to Kansas City.**—Mrs. Sam McNair of Scenic Drive received word Sunday morning of the death of her mother, Mrs. Greenleaf who passed away at her home in Kansas City early

Sunday morning. Mrs. McNair left Sunday evening for the east, where funeral arrangements are waiting her arrival. She expects to be away from Ashland for several weeks.

A Bar of Pure Gold 3 1/2 Inches Wide, 6 1/2 Inches Long and 1 1/2 Inches Thick would be Worth \$10,000. An insurance policy weighs only 2 ounces. Yet if both should be destroyed by fire in your home, the gold would be lost, but your insurance, written in this agency, would be good for every dollar up to the amount it was written for. Better talk it over with us.
