Applegate Grange Holds Meeting For Candidates

The Applegate Grange held a candidates' Ball at the Applegate Grange hall last Saturday night. About twenty candidates for the different offices of the county were present and each was given five minutes in which to "recommend himself highly" as one put it.
Each speaker told his qualifications for the office he was seeking and explained briefly what his plans were in case he was elected.
This plan of having all the candidates come together before different sections of the county is a good one, as it gives the voters who are unacquainted with many of the men seeking office, an opportunity to see these men face to face and to form opinions as to their fitness for the office.
After the candidates meeting, dancing was enjoyed until a late hour. Refreshments were served during the evening.
Recruiting Officer—"When is your birthday."
Recruit—"What's the difference? You ain't going to give me anything."

Report of Army Engineers Severely Criticized by Senator

WASHINGTON, April 6.—The report of the Army engineers recommending private construction of dams on the Columbia River to generate hydro-electric power and lay the basis for slack-water navigation was severely criticized by Senator Steiwer of Oregon.
"Navigation improvement thus would be obtained chiefly through the investments made by the util-

Summer Cabins Found Stripped Of Furnishings

The sheriff's office has received reports the past week that summer cabins owned or rented by local residents, had been stripped of all saleable articles the past winter, the thefts being discovered when the occupants returned for spring surveys.
In many instances stoves, beds, bedding, cooking utensils, hammocks and furniture were carted away. It is the theory of the authorities that the vandals hauled away the furnishings and sold them for what they could get. A check up of the second hand stores of Klamath, Josephine and Jackson counties is being made.
The operations also included "cattle cabins" in the mountains and seem to have been on a wholesale, if not systematic basis.
In a couple of instances, the owners left a shotgun, fixed to discharge if a door was opened. However, the marauders were too sly. In both places they crawled in through a window.
Now that farm and orchard operations are under way, farmers are urged to be on the lookout for gasoline thieves. A tractor left standing in a field in the Talent district had its gasoline tank emptied Sunday night.

cut down the cost of government; provide against recurring depressions; effectively suppress and punish crime; place agriculture on an equal basis with other industries; make practicable cheap power for the homes and industries of the farms and cities; cut out useless bureaus; care of disabled and needy war veterans and their families. These and other issues are discussed more fully in his platform.
Colonel Clark is a forceful, courageous and interesting speaker. His campaign is being vigorously waged throughout the state.

Snow Continuing In Crater Park

Eight more inches of snow fell Monday night at Crater Lake National park and it was still snowing hard there Tuesday, making a total snowfall, including Monday night's fall, of 56 feet for the winter season that began last October.
Depths of snow at the park Tuesday morning were as follows: 16 feet, 6 inches at the rim; 13 feet, 4 inches at government camp and 12 feet, 4 inches at Anna Spring camp.
The total precipitation at Crater Lake National Park up to Tuesday morning, according to figures given out by Chief Ranger David Canfield, was 61 feet and 9 inches, whereas the normal annual precipitation for the park is in the neighborhood of 45 inches.

Steiwer Explains Planks of Platform

(Continued from Page One)
ate I will continue my efforts to increase tariff on lumber and seek to repeal the provision for rough lumber enters the States duty free. I demand the Agriculture Marketing Act results. If it does not, I shall for its repeal. In any event, amendments strengthening either by debenture or some equivalent to the equalization of Unemployment.
"I have supported and continue to support Federal legislation authorizing public works to provide employment for idle men. I have advocated further appropriations for Federal projects. I voted for LaFollette-Costigan bill to Federal aid to those in want of Federal construction of highways to relieve unemployment. I have balanced budget, but I cannot include Government financing of starvation.
Hydro-Electric Power
"I advocate immediate development of hydro-electric on the Columbia River. I vote for Boulder Dam and the Norris Dam for Government operation of Muscle Shoals. As one of the organizers, 11 years ago, of the Columbia River Association, the pioneer promoting development on the Columbia, I am not a new convert to this cause. As Senator I have stantly urged Columbia River development both for power and navigation.
Prohibition and Law Enforcement
"I believe in the objects sought to be obtained by the Eighteenth Amendment. For many years I supported the efforts to stop the traffic in intoxicating liquors for enforcement of all laws including the Eighteenth Amendment and supporting statutes.
"My duties as Senator for my coming home to participate in the Campaign. I am, therefore, submitting my record, my committment and my platform to the citizens of Oregon through my friends through the press."
