## Two Hurt At Co. Court House

Wilbur Hunt received a broken left leg and Arthur Boye three broken ribs when a scaffold on the new court house collapsed at 11:30 o'clock Monday morning. The two men were assisting in placing the Indiana Limestone on the west side of the courthouse and fell a story and a half before they caught on a second platform. Death was narrowly averted.

The men were helping N. E. Leisher and Frank Hoxell put up the limestone. P. J. Robinson, contractor, and partner of Leisher's was also on the platform. Leisher, Howell and Robinson grabbed on to the side of the building and other parts of the scaffolding, holding themselves up.

The eighth grade of the Central Point school held their last picnic of the year Tuesday by first going to Ashland Park, then to Twin Plunge for a swim and finally ended at Jackson Hot Springs picnic grounds where a wiener roast was held. Alvin Williams and Mr. Amick provided transportation.
