5 definite new radio gains guaranteed!

- 1 More stations to enjoy—weaker stations automatically made hearable by CentrOmatic Engineering. An almost unbelievable increase in number of short wave stations you can get.
- 2 Better, clearer tone—the liberated tone of the program itself, purified and rounded out to a degree of perfection hitherto unattainable.
- 3 Greater freedom from noise—both on the station and between stations. Short wave programs ordinarily drowned out, are revived by the extraordinary low noise level.
- 4 Easier, accurate tuning—for the first time the CentrOmatic Unit centralizes all the elements necessary for tuning in the station you select. True accurate tuning becomes simplicity itself.
- 5 Surpassing dependability—resulting from 90% less wiring and 104 fewer soldered connections.
