### Stock Sales Ring Being Built At Klamath Fair

Klamath Falls, Aug. 13.—Plans are being drawn and bids will be called for at once for the construction of a combination sales and judging ring at the Klamath County Fair Grounds in Klamath Falls. The sales ring will be used for the first time at the Third Annual Southern Oregon Ram Sale which will be held in that city on Tuesday, September 1st. It will be used later for the Klamath County 4-H Clubs and Smith-Hughes projects in their annual Junior Fair.

The third annual sale promises to outshine the two previous sales in that a keen rivalry has developed among the breeders of the west in their efforts to consign rams that will bring the highest price. This rivalry has resulted in very careful selection of rams consigned and the purchasers at this sale will be assured of only top-notch breeding stock, carefully selected, and should have no hesitancy in bidding on the lots offered. The new facilities being constructed by the Klamath Co. Fair Board will materially speed up the sale and Colonel A. W. Thompson of Lincoln, Nebraska, will preside as auctioneer in his usual capable manner.

## Stop Racing 'Round Kitchen!

WHY waste your energy racing around the kitchen between cabinet, sink, gas range and refrigerator? Settle down to work at your ease! Experts in kitchen planning suggest a work table with drawers and cupboards at either side of an open center which accommodates a high stool with a comfortable back, here food may be prepared for cooking within arm's reach of your modern gas range and refrigerator.

It is neither difficult nor expensive to change the location of permanent kitchen equipment in order to make room for a convenient work table in a position of good light. And it serves a multiple purpose, for here you may plan menus, keep household accounts, make telephone calls, and it comes in handy near the gas range when some member of the family wishes a cup of coffee before breakfast is served.

On Monday evening, August 31, the third annual livestock banquet will be held in the Willard Hotel at 7 p. m. County Agent C. A. Henderson of Klamath County will preside as Toastmaster, and problems affecting the livestock industry will be discussed. Short addresses will be given by prominent men on the Pacific Coast and the banquet will serve as a means for the sheepmen attending the sale to become better acquainted with each other.
