

**WHERE LANDON WAS BORN**

The house at 410 Main street, West Middlesex, Pa., where Governor Al Landon, Republican nominee for President, was born in 1887, has become a point of national interest. Today it is occupied by the Rev. Henry Schilling, pastor of the First Methodist Episcopal church. In 1887 it was occupied by the Rev. Herman Mossman, pastor of the same church, when his daughter, Anne Landon, bore a boy baby named Alfred.

**J. C. Cass, Auto Wreckers Is Fast Growing Concern**

This firm is located on the Pacific Highway near the intersection of Stewart Avenue just south of Medford. Mr. J. C. Cass, the proprietor has conducted an auto wrecking and parts business in this location for a number of years. He carries the largest stock of used parts for all makes of cars in Southern Oregon.

Many people do not realize the value of an auto wrecking concern to the community. They are in reality one of the almost indispensable factors in modern life.

They will pay you a fair price for your old auto or one that has been in a wreck, and take it to their place of business. There the car is taken all apart and the good parts segregated from the worn out ones and the rest sold for junk. The salvaged parts are then placed in bins labeled with the year of the car.

From these salvaged parts one may find almost any part of any make and year of car. These parts are sold at a greatly reduced price and a great saving in time as well as price may be affected by their use.

Mr. Cass has perfected a new, modern pump for irrigation purposes which he manufactures at his plant on the highway. This pump is of the submerged type, which pushes instead of pulls the water. They are made in many different sizes.

**It's Another Job By Flynn Electric Service**

A new electrical and service store was opened Saturday in the building formerly occupied by the Fick Hardware company on West Main street in Medford. The new store is owned and operated by Thomas (best known as "Tom") Flynn, well-known electrical contractor.

Mr. Flynn formerly owned an electrical store opposite the Copeco office. He sold out the business to enter the army in 1918. He was severely injured during his service and on his release from the hospital decided to locate in San Francisco, where he has since resided until about three years ago, when he returned to Medford and engaged in electrical contracting. One of the most familiar signs seen about Medford is "It's another job by Flynn."

Believing there was room in Medford for a store dealing in strictly

first class goods at prices to compete with the chain stores. Mr. Flynn about a year ago purchased the old John White building on West Main street and as soon as the Fick Hardware moved to its new quarters, began remodeling and finishing the entire lower floor. Today the new store is one of the most beautiful and artistic places in Southern Oregon.

Always a hard worker and a friend of the working class—Mr. Flynn has chosen to cater to their needs especially in his new place of business. Here may be found a large assortment of electric fixtures and appliances at prices to fit all purses. Also all kinds of wiring supplies.

**Electricity TO WASH MY CLOTHES COSTS LESS THAN THE SOAP**

An electric washer abolishes forever those many hours spent over steaming tubs and washboard. Just put the clothes in, turn the switch, attend to other duties, and in no time at all, the entire week's laundry, from dainty handkerchiefs to sheets, is gently, thoroughly washed, without your touching a hand to the sudsy water. And a modern electric washer costs so little to buy—you pay for it in the longer time clothes wear!

The California Oregon Power Company

etc. Good merchandise, fair prices and courteous treatment here awaits anyone in need of anything electric.

All cars regularly assigned our trains to California and the East are AIR-CONDITIONED. No matter how hot the weather may be, inside these air-conditioned cars the atmosphere is kept delightfully cool. The air is chilled, washed and purified, automatically maintained at just the right degree for your greatest comfort. Only the train provides the luxury of air-conditioned travel. For 2¢ a mile and less, you can go in comfort to your destination, over the smoothest, safest highway in the world. Meal service for coach and tourist car passengers features sandwiches for 10¢, coffee or milk for 5¢, etc. Full-course meals in all Southern Pacific dining cars are served at popular prices. Next time you go to California or the East, try a Southern Pacific train!

**TAKE THE HOME PAPER**

We once knew a man who was too stingy to take the newspaper in his home town and always sent over to borrow his neighbor's paper.

One evening he sent his son over to borrow the paper, and while his son was on his way, he ran into a large swarm of bees and in a few minutes his face looked like a summer squash.

Hearing the agonized cries of his son, the father ran to his assistance and in doing so ran into a barbed wire fence, cutting a handful of flesh from his anatomy and ruining a \$4 pair of pants.

The old cow took advantage of the hole in the fence, got into the corn field and killed herself eating green corn. Hearing the racket, the farmer's wife ran out of the house, upsetting a four-gallon churn full of cream into a basket of kittens and killed the whole flock. She slipped on the cream and fell down stairs, breaking her leg and a \$19 set of false teeth. The baby, left alone, crawled through the cream into the parlor and ruined a \$40 carpet. During the excitement, the daughter eloped with the hired man and took all the family's savings with her.

The moral is that every man should be a subscriber to his home paper.—Reprinted from the Republican and New Age of Aug. 17, 1916.
