

Veterans Indignant At Political Method

PORTLAND, Oregon, October 12.—Rising indignation among war veterans is manifest over the state at the methods being employed by certain persons to tie up the names of veterans organizations with Roosevelt for President Veterans' Clubs, according to information received at state republican campaign headquarters.

Veterans of Foreign Wars in district 10, with headquarters at Pendleton recently objected in strong terms what they termed "misrepresentation" and L. C. Richey said: "If the veterans of foreign wars were to go into politics it is natural to think that they would support their buddies, Landon and Knox."

KNOCK, KNOCK

Who's There?
Arthur—
Arthur Who?
Our thermometer indicates a stormy trip for the democrats. The Republican motor Knox but they have a good pilot and will make a safe Landon.

Careless Handling Danger to Crop

Continued unseasonably warm weather has brought grief to many potato growers who have tried to hurry late potatoes to market to take advantage of prevailing favorable prices, reports G. R. Hyslop, head of the plant industries division at Oregon State college.

Any immaturity coupled with bruises or cuts has meant rapid breakdown in warm weather so that in many instances potatoes that left the shipping point as No. 1's arrived in various stages of breakdown and decay.

While it is unlikely that the extreme weather will continue through October, Professor Hyslop says the precautions needed under adverse conditions are good insurance at any time. Potatoes are too often thought of as able to withstand almost any kind of rough treatment, which is far from the case, he says.

In hot weather success in handling potatoes depends on digging them free from injuries, quick handling from field to car or warehouse, thorough cooling, and possibly shipping in iced cars, says Hyslop. Following are the chief causes of mechanical injury, regardless of weather:

1. Trampling or bruising of potatoes with work stock or machinery wheels.
2. Cutting the potatoes by using too small a digger or having it set to run at too shallow a depth.
3. Injury from sharp ends of the digger elevator chain which are not properly guarded to keep potatoes away from them.
4. Unnecessary shaking of the digger chain.
5. Unnecessary use of the extension elevator in sandy soils.

Such practices as using wire picking baskets, dropping potatoes long distances when emptying or filling bags, or tramping over them in piles, bins or sacks were also cautioned against if losses through breakdown are to be kept to a minimum.

Found it Possible

For not producing bags nineteen persons received New Deal government checks in excess of \$10,000 each, and one concern got \$190,000, and it was not engaged in farming at all.

Football Coaches Describe Best Ground Gainers of 1935

Grantland Rice's Guide Finds Passless Plays In High Favor

THE passless play was a narrow favorite last year among the country's leading college coaches. Nine coaches whose teams finished up in the big money for 1935 have outlined their best ground gainers

Stanford made its lone Rose Bowl touchdown on this play. Dotted line indicates faked pass from center. Heavy line shows actual passage of ball.

of the season for Grantland Rice's 1936 Football Guide, just published, and five write of line strategy or end runs. The remaining four describe clicking setups of forward, lateral or reverse passes in the Guide's new edition, which is now

being distributed at all Cities Service service stations.

Outstanding among line plays featured by Rice is Tiny Thoruhill's fake reverse pass which won Stanford the Rose Bowl game against Southern Methodist. It is illustrated here. Other coaches reporting successful ground strategy are Hunk Anderson, Ted Cox, Dutch Meyer and Bernie Bierman. On the aerial side Dana Bible, Elmer Layden,

Fritz Crisler and Matty Bell outline the details of last season's most deceptive passing attacks. This year Rice's Guide carries the complete 1936 schedules of 225 colleges and universities and the National Football League.

Some Onions!

Mrs. Stella Obenchain has a small piece of ground measuring one sixth of an acre on which she has raised about 90 sacks of dry onions beside having sold 82 doz. bunches of green onions and many other green onions that she has no record of.

These onions weigh about two and a half pounds apiece and are from 13 to 16 inches in circumference.

Miss Hazel Davis Weds Wm. Thorne

A very pretty wedding took place at the home of Mr. and Mrs. Edward Davis of Central Point when they gave their daughter, Hazel, in marriage to William Thorne Sunday afternoon, Oct. 11 at 3 p. m. Rev. Lewis officiated.

The bride was attired in a lovely blue silk gown carrying a bouquet of cream colored roses and fern leaves, while the groom wore the conventional brown.

Mrs. Thorne was attended by her three sisters as bridesmaids and the groom by Leslie Shaw, Howard Spritt and John Eddy.

Following the ceremony photographs were taken of the family and a delightful luncheon was served.

The bride and groom will reside in Talent. Mr. and Mrs. Davis are the proud parents of 5 lovely daughters and two sons, all of whom reside in Medford except the oldest son who is on a cattle ranch in South Dakota.

Prizes Awarded Sunflower Growers

Checks were mailed out this week to the winners in the sunflower contest conducted at the Jackson County Republican headquarters. Several hundred giant blooms were received in the contest.

Prizes totaling \$10 were offered in four divisions. For the tallest sunflower brought in by a registered Republican man, the winner was A. L. Cummings, who brought in a flower measuring 14 feet, 1 inch. Mrs. R. E. Nealon, wife of the former county commissioner, won the prize for the largest blossom brought in by a Republican woman, with one 19 inches in diameter.

In the same classification, prizes offered to men and women registered as Democrats, the winners were Mr. and Mrs. J. Fenton of Talent, with sunflowers measuring 14 feet, 6 inches and 17 inches in diameter, respectively.

Clothes Are High
More than one-fourth of the price of the suit of clothes you buy represents Roosevelt administration taxes.

Good Stock
The ancestors of Governor Alf Landon, Republican candidate for president, were a combination of English, Scotch, Irish and Dutch.

Lowered Utility Rates
Gov. Alf Landon forced lower utility rates in Kansas that are saving the people of the state about \$1,000,000 a year.

Stop TAX RAIDS ON YOUR HOME OR FARM

Year after year more taxes are piled on your home!

Will your home be next?

Tax delinquency in Oregon is now \$46,510,724.53!

So long as you remain silent, the burden you are forced to bear will increase. When you cannot pay, the tax raiders will grab your property. Thousands of parcels have already been taken and today one out of every three homes and farms is liable to confiscation. This tax raid on property must be stopped NOW!

Under the present law, you are helpless to stop the yearly mounting taxes on your home, or farm or personal property; taxes that are levied to pay for expenses of every description. It's a by-word of the tax raiders to "sock it on property!"

Homes, farms are gobbled up!

Each new expense charged to property lessens your chance of keeping your own home or farm. Allowed to prey upon property owners without limit, the tax raiders demands are becoming impossible to meet.

It's time to call a halt!
