

**Liquid Air to Be Described at High School Nov. 2nd**

An educational as well as interesting program will be sponsored next Monday afternoon November 2, when Mr. James Williams of the National School Assemblies will give demonstrations of "The Wonders of Liquid Air."

Mr. Williams will make startling experiments with elaborate equipment which he carries with him. Among other features of the program will be seen a frozen mercury hammer, a liquid air engine and a spectacular chemical display.

The senior class of the high school is sponsoring this program and tickets will be sold to high school and grade students and to patrons of the school at 10 cents.

Miss Mildred Burger of Los Angeles, arrived from the south Monday morning to spend several days here with her mother, Mrs. E. E. Scott. Following her visit here, Miss Burger will continue north on her way to Chicago, Ill.

Last Thursday we had the first frost of the year and yesterday morning it froze hard enough to freeze water. A month ago we had our first frost but not much damage was done.

Grown in Volcanic ash soil with light irrigation—Deschutes Potatoes at Faber's.

Miss Estes and Miss Dorothy Powell attended a show in Medford Monday evening.

The Teachers Institute will meet Oct. 30 and 31 at Ashland at the Southern Oregon Normal school. This includes Jackson, Josephine, Klamath and Lake County teachers. All local teachers will attend.

Mrs. Theodore Glass and brother Clarence Case will leave tomorrow for a visit with relatives in Salem. They plan to be home in time to vote on election day.

Mrs. Carrie Chase is visiting at the home of her sister, Mrs. A. E. Powell.

Mr. and Mrs. Doyle Mills have moved to San Francisco.

They are different—Deschutes Potatoes for baking at Faber's.

Ed Spencer was transacting business in Central Point Monday.

Mrs. Roy Nichols enjoyed a very pleasant surprise on her birthday, Wednesday evening when about 12 of her relatives gathered at the Nichols' home.

**You're missing a lot I'm telling you**

THAT'S the way many owners of the new Case Model "C" Tractor are voicing their satisfaction to neighboring farmers.

You get in this tractor an entirely new kind of performance. You get a nimbleness, light weight, fast speeds, and compactness—along with dependable power—that just fit it for the many drawbar, belt and power take-off jobs you have to do, better than any other tractor you've ever laid your eyes on. The weight is only slightly more than two draft horses.

You get an ease of handling that will give you a real thrill. It's quick to start, easy to steer, responds to the slightest turn of the steering wheel, swings around short in corners or close quarters, with full load. Comfortable to operate—easily cared for.

You are missing a lot if you don't at least investigate what this tractor and the larger Model "L" can do for you. Come in and see what we have to offer in truly modern farm machines.

**FARMERS!**

The New Deal Reciprocal Trade Agreements have taken the American farmer OUT of the foreign market and put the foreign farmer in the American market!

In the first six months of 1936 we bought from foreign countries:

- 6,536,000 Hogs** and exported only 101
- 280,103 Cattle** and exported only 1,528
- 4,680,000 lbs. of Butter** and exported only 454,000
- 5,662,000 bushels Corn** and exported only 355,000
- 19,806,000 bushels Wheat** and exported only 146,000 bushels

A report of the Department of Agriculture dated October 12, 1936, shows the following increases in imports for 1936 as compared with 1935:

- Butter 693.9%** **Canned Beef 55.7%**
- Wool 173.6%** **Wheat . . . 144.9%**
