Phil Wertz was a Medford visitor last Tuesday.

Milroy Charley called at the Wertz home Friday evening.

Mr. and Mrs. Frank Hurst were somewhat startled and frightened last Sunday evening when lightning struck a two-hundred foot pine tree no more than three hundred feet from their house. The bolt hit the top of the stately tree first and tore four strips of bark down each side clear to the ground. It is feared that death will result to the tree. Mr. and Mrs. Hurst said that the lightning caused their faces to tingle.

Mrs. Mabel Wertz and daughter Roberta called at the Hurst home Friday evening.

The family's foremost problem . . .

Plenty of Hot Water for Baby!

Baby usually gets his bath after everyone else is through, and the dishes have been washed. Sometimes he has to wait for water to heat, and he doesn't like it. And he lets everyone within hearing distance know that he doesn't. It's just another one of those things that get on a young mother's nerves. But this is one thing that something can be done about. Done easily and inexpensively, too. An automatic electric water heater solves the problem quickly and efficiently. Don't think you can't afford to have one. Let our consultant give you estimates on installation and running costs. The chances are that you'll discover that you can't afford to be without this modern convenience. A telephone call brings our consultant.
