SPRING'S A GOOD TIME TO STAY ALIVE!

Spring is a happy season, with old mother nature reawakening. You can add to the joy by making a contribution to safety in your own home.

There is a real need for this after the long winter months, when many dangerous conditions develop. Now is the time to clear out all accumulations of papers and rubbish from attics and cellars, before they cause a serious fire.

When burning trash and papers outside, an incinerator should always be used. Field grass and papers should not be burned on windy days, and never without close supervision.

Now is also a good time to make a complete check-up of anything else that might cause a fire. Look for such hazards as defective electrical equipment, frayed and worn wiring, pennies behind blown fuses, defective heating plants and chimneys, fireplaces without screens and hot ashes in wooden ash containers. Cleaning with gasoline is very dangerous.

After painting jobs, which many do in the spring, be sure to dispose of oil or paint soaked rags and clothing. A warning from the National Board of Fire Underwriters states that many homes are burned by spontaneous ignition fires from paint rags left in a heap.

PROFITLESS PROGRESS IMPOSSIBLE

Politicians and social theorists the world over are continually striving to crush one of the most basic urges of mankind: the urge of the individual to labor for profit.

Some curious reason they think that once the profit motive is destroyed, the way to Utopia will be clear! They persistently refuse to heed the lessons of history which have proved beyond the shadow of a doubt that without a fair chance for profit the human animal ceases to put forth his best efforts.

When an individual buys a bond or a share of stock he does it for profit, and to help assure financial independence. The greater the risk, the greater the possible profit.

When a man works 15 hours a day and burns the midnight oil over some new invention, or labors tirelessly year after year to build up a business, again he does it for security and profit.

Today we have a depression. We hear loud cries of "capital strike." The politicians howl because heavy industry is ominously quiet.

Jackson Co. Takes Fourth Place in Accident Record

At the close of the first three months of 1938, Jackson held fourth place among Oregon's seven Group II counties on the basis of improvement over 1937 in traffic accidents, injuries and deaths.

Counties in Group II placed in the following order for their improvement during the first three months: Lincoln, Tillamook, Lane, Jackson, Coos, Linn, and Hood River.

Multnomah county placed first among the ten Group I counties and Deschutes among the eight Group III counties.

During the first three months of this year there were 199 accidents, 30 injuries and 1 death reported from this county. Last year there were 184 accidents, 30 injuries and 3 deaths.
