# EXPOSITION LIVESTOCK COLISEUM

The above represents the first detailed view of the huge building to be erected on Treasure Island by the California State Commission, for the purpose of housing and displaying livestock shows and athletic and sporting events. Covering an average city block in area, the Coliseum will comfortably seat 8500 spectators. To the left, nearby, will be built one of the largest barns in the world, with facilities for 600 box stalls. These buildings will be the home of some of the fair's outstanding attractions.

Additional facts of interest in connection with the mammoth coliseum and livestock pavilion to be erected on Treasure Island by the California State Commission are today disclosed through a report from Commission headquarters.

As the accompanying picture—the first one available showing in detail the construction of the entire structure—discloses, the building is not only huge in proportions but also attractive and decorative.

Confronted with the problem of providing housing accommodations for thousands of blooded horses, cattle, sheep and swine, as well as dog, cat and poultry shows, the Commission and Exposition authorities

have approved the design submitted above, plans for which were prepared by Sam Heiman, architect of San Francisco.

In addition to adequate facilities for the exhibition of livestock, it was essential that quarters be provided for important athletic and sporting events.

E. J. Fjeldsted, Chief of the Livestock Show for the Golden Gate International Exposition today announces that the dimensions of the display ring of the Coliseum—100 feet by 225 feet—will be greater than those of the famous Madison Square Garden arena in New York City.

Mr. Fjeldsted also states that to date 13 international livestock shows have been definitely contracted for the Exposition, with exhibits assured from every state in the Union, Canada, and all foreign wool producing countries. Negotiations now under way indicate that within two weeks two of the most important of America's dairy shows will be definitely signed up also.

Leading breeders of California throughout the Eleven Western States and nation-wide express decided gratification that the State of California and the Golden Gate International Exposition are providing so thoroughly for the best interests of this most important industry.

Born to Mr. and Mrs. H. A. Hogan at the Purcher Home on July 21, a boy weighing 7 1/4 pounds. Mother and son doing nicely.

Mr. E. L. Smith has purchased a new Plymouth sedan and with his mother will leave for Detroit and drive the Plymouth home. He expects to be gone a month or two.

Mrs. L. H. Smith was made happy when she received a air-way letter from her daughter saying that she and her husband were on their way to visit her. They may arrive any day. Before returning to Iowa they will visit relatives in California.

Mr. and Mrs. J. C. Woods returned home Monday morning from their trip to Gettysburg where they attended the old Soldier Reunion. Before returning home they visited Mrs. Woods' sisters in Marion, Iowa. There they attended a big family reunion and saw all old friends and relatives. Mr. and Mrs. Woods are both looking fine and stood the trip well.

Mr. Theodore Glass is improving after several days illness.

Mr. Lee returned home from the hospital last night and it is hoped that an operation for appendicitis may be warded off.

Mr. and Mrs. Edward Farra are enjoying today a visit from their son Fred of San Francisco.

Miss Helen Young of Medford returned home recently after spending the week end with her friend Miss Larone Thompson in Grants Pass.

Gladys Palmer of Lodi, California formerly of Central Point is visiting Mrs. Earl Heft and other friends in the valley.

Mr. and Mrs. Dale Smith and Melody spent Sunday at Lake of the Woods. Harold Pierce, Hal Jewett, Franklin Gebhard and one of the Holt boys were at the scout camp.

Mrs. Bert Langston and children visited Mr. Langston at Lake of the Woods this week.

A letter received by friends from Mrs. Bartol of Parma, Idaho stated that Harry is now in Denver. The rest of the family is at home though Tom may make his annual trip to Central Point.

Mrs. Marshall Simmonds and little son Dennis Marshall arrive home from the hospital Tuesday and are doing fine.

Mr. Flaharty received word from his sister in Oakland that owing to illness she would be unable to visit him the first of August as planned. He also received word that his son Dorsey was in an automobile accident that a lady ran her car into the rear end of his parked car causing considerable damage. The lady claimed that a bumble bee lit on her face.

D. D. Davis of Medford was a visitor in Central Point Tuesday, discussing politics and what not with friends and acquaintances.

### NOTICE

## COMMUNICATED

MR. EDITOR: Just a little information about the strawberry plant that I brought to the office yesterday.

I think I will call the strawberry "Oregon's Magic Wand Wand". Last year I crossed the New Oregon one-crop berry with the Tverbearing Improved Mastidon by hand pollination. The result was the rapid growing, heavy producing berry plant.

I have about 100 plants which will produce many sturdy runners and as you know, the runner plants are producing large fine berries even before the plant has time to root. I counted the berries on one plant

(not on the runners, but just on the mother-plant and there was 111 strawberries on the one mother plant. Trusting this will be of service to you I remain, Respectfully yours, Archie Parker
