

## LOCALS

Mr. Albert Davis and twin daughters, Joan Josephine and Gene Jeanette, were visitors at their parent's home Mr. and Mrs. Ed Davis Saturday.

Mrs. Maud Davis and daughter Lorraine spent the day Monday, shopping and also visiting among her daughters. Mrs. Pearl Eddy came from Klamath Falls, so all five sisters and mother had a grand visit.

Mrs. Geraldine Gould and three sons of Medford are spending a few days at the home of Mrs. Gould's parents Mr. and Mrs. N. C. St. Arnold.

Mrs. Norman C. St. Arnold entertained with a birthday dinner for her daughter Mrs. Geraldine Gould Sunday afternoon.

Film developed, printed and an enlargement made for only 25¢.—Stone's Drug Store.

Mrs. Harbeson of Elsie, Neb., and husband are visiting here with his mother, Mrs. Hatlie Dickson. Mrs. Harbeson was taken seriously ill Monday morning and was attended by Dr. Sweeney. She is getting better at this writing.

Mrs. T. A. Marine made a trip to Medford Wednesday.

Mrs. Everett Faber will entertain the Loyalty Circle of the Medford Methodist Church tomorrow afternoon.

Mrs. Knackstedt left Monday for a short visit before leaving for Etna, Calif., to spend the summer. Mrs. Knackstedt has spent the winter with Mrs. Clara Farra.

Mr. Leo Obenchain is visiting friends in Central Point this week.

Kodak film finished 25¢. Enlargement free.—Stone's Drug Store.

A call was sent from the Sacred Heart hospital this morning for five people to come in and have their blood tested for a blood transfusion for Neal Wright, son of Mr. and Mrs. Gilbert Wright, who is suffering from pneumonia. He has in the CCC camp at Bly and has been in the hospital for the past week. We are informed that Neal received a transfusion later today and if successful will receive another tomorrow.

Henry Maury and sister Miss Maury left last Friday to visit their neices at Coquille for a week.

## Dairy Cattle Royalty to Grace World's Fair

This young lady and her pure-bred companion were photographed while attending ground-breaking ceremonies for the "Dairy World of Tomorrow" on the World's Fair grounds at New York.

The "Dairy World of Tomorrow" is to be one of the striking exhibits at the 1939 Fair. Here 150 dairy cows, each a queen on the basis of her type and performance, will be on exhibit. These cows will be selected by the Breed Association representing the following breeds, Jerseys, Guernseys, Holstein - Friesians, Brown Swisses, and Ayrshires. These cows will be milked three times daily on a rotolactor equipped with magnetic milkers—giving the public a chance to observe the most modern methods in handling milk. In addition to the cows mentioned, calves and a bull of each breed will be on display.

The "Dairy World of Tomorrow" is being staged by the five breed associations mentioned above in cooperation with The Borden Company for the purpose of showing the place of the pure-bred cow in the economics of dairying.

## Former CCC Enrollee Credits Corps for Job

When John L. Townsend came from his home in Winlock, Wash., to Medford CCC district headquarters as an enrollee in the fall of 1933, he held a class A amateur radio license. Today, through the educational and vocational opportunities offered by the CCC, he holds a commercial radio license and a job with the civil aeronautics authority at Baker.

When he came to Medford as a CCC enrollee, Townsend brought his own radio equipment with him. Analyzing his experience and capabilities, CCC officers decided that he would fit best into radio work. Townsend installed his radio equipment as part of station WUBG, first radio station for the Medford district CCC which is now the official CCC station for this city.

Under guidance of the CCC educational staff, Townsend continued his studies of radio and in 1936 obtained a commercial operator's license second class. Through the CCC he procured a scholarship in the Oakland Polytechnic school in Oakland, Cal., in the summer of 1936 withdrew from the CCC to take up his advanced studies. After completing his studies, he obtained a position with the civil aeronautics authority, federal agency that supervises all phases of aviation in this country.

When he called at CCC headquarters here recently, Townsend gave full credit to the civilian conservation corps for providing opportunities that led to the position he now holds.

Townsend's case was cited today by Capt. William C. Ryan, district welfare officer, as an example of how the CCC helps ambitious youths to prepare themselves as useful and productive members of society.—Mail Tribune.

Mr. and Mrs. Townsend (nee Dorothy Powell, '35, C.P.H.S.) were recent visitors in this city, spending a couple of weeks with Mrs. Townsend's parents, Mr. and Mrs. A. E. Powell, and proudly exhibiting "Junior" to their friends.

## GRANGE NOTES

The pot-luck dinner at the Central Point Grange was very much enjoyed and many felt that it should be done much more often.

The ways and means committee reported the pinocle and chess-checkerparty a decided success, with a goodly sum taken in.

Delmar Smith was elected to take O. C. Maust's place as Overseer, and A. T. Lathrop was elected Chaplin. Thora Ward was elected Lady Assistant in place of Fay Ritzinger. We shall miss Mr. and Mrs. Maust and Mrs. Ritzinger from our grange very much.

A carnival will be given at the Grange hall on April 5. Save that date, because you will be sure to have a grand time. There will be plenty of entertainment and lots of fun.

Marion Hult of Gold Beach stopped Sunday for a short visit with the A. E. Powell family. He was on his way to Klamath Falls where he has work in the box factory.

Mrs. S. M. Tuttle of Table Rock won national honors as rifle expert. A list of the country's record holders has just been released by the National Rifle association, and the near perfect score of Mrs. S. M. Tuttle, 399x490 at 100 yards with telescope sight, set the pace at that distance. Mrs. Tuttle's fine score was turned in at the first match of the registered small bore tournament here last May and remained unbeaten during the many matches held throughout 1938.

Kodak film prints 3¢ each, any size up to and including post card size.—Stone's Drug Store.

Little Theron Middleton visited his cousin Dickie Yost at the Yost home and his grandparents Mr. and Mrs. Edward Jones over the weekend, while his parents Mr. and Mrs. Middleton visited friends in Gold Beach. They visited Mr. and Mrs. J. M. Johnson and son Joe. They saw a big liner at Bandon which drew a big crowd. They returned late Sunday evening and took Theron home with them.

Mrs. C. W. Powell left for Medford Tuesday to care for her sister-in-law and little son Morris for a few days. Mr. and Mrs. Powell will move onto the Carlisle Natwick place about the middle of April where Mr. Powell has work.

Jimmy Elliott had the misfortune to break his right leg, (both bones) above the ankle in a fall from a tree Monday at the Elliott farm which was formerly the Maury place.

Bystander: Have you solved the mystery of the worm family's disappearance?  
Sleuth—No, but I suspect foul play.

## Subjects of Talks at Preaching Mission

"The Youth of Today and the Church of Tomorrow", "The World's Challenge to Church Leadership", "Christian Youth Building a New World", "The Message and Program of the Christian Religion", "Jesus' Method of Developing Leaders", "Can we Teach Religion?", "The Fine Art of Getting Along Together", "The Evangelization of the World in This Generation", "If Christ Should Enter Medford Today", and "Here Am I".

The above are some titles that Rev. R. W. Coleman will discuss in the Conference and Preaching Mission to be held in the Medford Christian Church, Ninth and Oakdale, March 24 to April 2, at 7:30 each night except Saturday. Individual conferences will be held during the day.

## Early History of Telephone Service Told by Writer

(Continued from Page One)

setting was partly donated but afterwards paid for. These poles were used for some years.

At this point we concluded that by having a residence building we could give longer service which was being asked for by patrons. So after securing a loan from the Freeman & Wiley Co. of \$2600 we proceeded to build the present house and equip the office with a new switchboard and other equipment.

After this indebtedness was paid we proceeded to place our lines in pipe or conduit, thereby removing the liability if lines getting tangled. This procedure has made it possible to furnish much better service.
