

Coaches Plan Seasons' Track Meet Schedule

The coaches of the high schools in B class athletics met in Jacksonville recently and made plans for the forthcoming baseball and track season.

Tentative schedules for both sports were drawn up, and plenty of activity both on the diamond and on the track is promised for the near future.

In track the schedule is as follows:

- May 6—County meet at Medford.
- May 14—District meet at Grants Pass.
- May 19 & 20—State meet at Eugene.

All other meets, consisting of relay meet at Jacksonville, an open meet at Prospect, and a possible three-way meet between Central Point, Jacksonville, and Phoenix, will be arranged for sometime in April.

These meets should offer a wealth of opportunity for any aspiring young trackman to show his ability on the cindered path and to help garner points and trophies for his alma mater.

In order to create more interest in track among the different schools in the league and to offer a greater opportunity for the smaller athletes, a division of A and B class athletes was made. Any individual who was 16 years of age before January 1st, 1939, or who is over 130 pounds in weight at the time of any meet, is in A class. If he is under 16 and under 130 lbs in weight, he is in B class.—Central Pointer.

WRESTLING NEWS

Big Phil Romano, Aztec Indian from Mexico City, pulled one of the year's biggest wrestling upsets in the Medford armory last Monday night when he defeated Dangerous Danny McShain, world's light-heavyweight champion, in the main event of Promoter Mack Lillard's weekly muscle-mangle.

Romano, making his first appearance here in over a year, beat the titleholder on a foul, after McShain had obtained the first tangle in 27 minutes of furious grappling. It was the first setback for Dangerous Danny in southern Oregon.

With the crowded armory in an uproar over McShain's meanness, Jerry Jerome, member of the boxing commission, strode to the ringside and ordered Referee Earl Yoakley to "Give Romano the match." Ref. Yoakley complied and a thousand fans went home happy.

Sonnenbergs brought Alabama Jimmy Lott a two-straight fall victory over Joe Smolinski in the middle event.

In the opener Vern Clark, a slick wrestler from Detroit, Mich., making his southern Oregon debut, made short work of Emr Boudj in two straight falls.

Be a Booster!

Boost and the world boosts with you. Knock and you're on the shelf. For the booster gets sick of the man who kicks.

And wishes he'd kick himself. Boost when the sun is shining. Boost when it starts to rain. If you happen to fall, don't lie there and bawl.

But get up and boost again.

—Exchange

The above clipping was sent to Mrs. Margaret Hubbard from the east and as we heartily endorse it we are passing it along.

IT GAGS

L. D. P.

I am not in favor of using soft-handed methods, such as the letting off easily of the four men who killed nine deer in one day recently. This is one of the most flagrant butcherings that I have known for many years. I have often wondered just what those men were going to do with all that meat, when two or three deer ordinarily would be enough. I wonder if they were going to sell that meat. That type of hunters are what are called "game-hogs" or poachers and they are among the worst enemies of forest life and one of the reasons for the decline of the fine hunting that has marked the last 15 years.

So it is my firm belief that these men should be made to serve out their full term of the sentence which the law imposed upon them. I am not in favor of starting a precedent which may cause other men to go out in the hills to get deer out of season in the belief that if caught they will get off easy.

Well, this warm weather ought to make good fishing for all concerned when the season opens on April 15. But there is still lots of snow in the mountains and it may take longer than we think to get all the creeks back to normal. I think the best bet to get a nice mess of trout on the opening day will be to go down to the Rogue and use angle worms or eggs. It has been two weeks since the first salmon of the season was caught at Savage Rapids dam. It should be about time now for the salmon run to be really on.

But there is one thing I want to say as a warning to all illegal salmon poachers—I am going to make a report to the state cop whenever I see anyone using illegal methods of catching salmon, even if I have to swear out a warrant. I am getting tired of hearing so many people say, "Oh, I'm doing this to feed the hungry folks!" Many, many times I have seen them come in fine cars worth hundreds of dollars to snag those salmon and go away with more than the limit, too.

There is one method that might stop quickly the illegal snagging of the salmon if other methods failed. That is to hire a man, rich in his knowledge of fishing and interested in fish life, empower him with the right to arrest any so-called snaggers. Then he could go down in his regular fishing outfit and fish as normal as other fishermen, yet if seeing one illegal snagger at work he could arrest him on the spot because he had really seen the full action. Boy, nothing would stop that illegal snagging as that method would, for there will be so many fishermen afraid to use the illegal method for fear that one of the strangers innocently fishing may be the warden in disguise. Of course to most people it may sound a dirty trick to the fishermen but you must think that when it comes to illegal snagging of the salmon, that is one of the dirtiest and most detestable tricks ever known.

Jack Lees has just finished laying a new driveway into his garage and will lay a new floor in the garage soon.

12 "HACEN. ABO de CALIFORNIA—Shawn in a solo from "O, Libertad!" An American saga in 3 acts.

Shawn Dancers Coming April 11

Another rare treat for theatre-goers has been billed for April 11 by Mrs. Dorothy Pruitt, who will sponsor the appearance here that night of Ted Shawn and his men dancers, now in their sixth transcontinental tour. The internationally acclaimed dancers will present one complete production at the Holly theatre, "O Libertad!"

The troop is composed of all star athletes from universities of the nation and much of the choreography by Shawn is based upon the actual movements in basketball, field track, boxing, football and cheer leading.

The entire evening's program will be made up of dances created by Shawn to music by Jess Meeker. Preceded to Medford by a brilliant array of press dispatches, this most popular dance group in America today is cheered for "out-leaping and out-dancing many of their famous Russian competitors", and inspiring scenes of almost frenzied enthusiasm.

So what? -

Indecision is a very near relative to unhappiness.—Stanley Mills.

John Clark finding a sack of onion sets and planting two long rows in his garden only to discover when they peeked thru the ground that they were all tulip plants. Cinderella again.

able to give everyone an equal number. This situation makes Bill feel badly and causes numerous people to feel that there is discrimination going on hereabouts.

Any number of high school students answering the call of spring and skipping school, then being horribly humiliated by having to wash myriads of windows as punishment.

Farmer Co-op. Is Found Here

Six Jackson count farmers have organized the Double D Combine Harvester Cooperative near Central Point, under the sponsorship of the community and cooperative services section, Farm Security administration, USDA, according to Gerald R. Kubin, assistant county rehabilitation supervisor.

Facilities of a combine harvester will be made available for use on member farms and a limited number of other farmers in the community may be enabled to participate. The new cooperative is set up on the joint-ownership plan with members

signing partnership and participation agreements on a fee basis.

Charles W. Duggan is treasurer of the service. Other members include J. C. Duggan, P. D. Duggan, R. A. Meyers, H. R. Meade and J. M. Crawford.
