and so allow the district to go ahead with the leveling and draining of the ground.

In making the offer to the school board the council decided to reserve a portion of the east end of the property for the purpose of laying out a new street between Cedar street and Bush street just west of the Rostel property. This new street will fill a long-felt want on account of the fact there has been

No way of crossing from Cedar street to Bush street between the old highway and the county road on the east boundary of the city. Also the grading of this street will help drain much of the land which is now full of pot-holes in which water stands all winter.
