Mr. and Mrs. Dale Smith and Melody spent Sunday, Monday and Tuesday at Lake of the Woods where Mr. Smith worked on the new camp building for the Scouts. This building is 24 by 40 feet. During these three days the building was framed, sheeted and shingled from the ground up. It is about 16 feet high with a nine foot ceiling down stairs and a seven foot clearance up. The building will be used for an indoor recreation room in the inclement weather during the summer and for boat storage in the winter. The material was all donated. Mr. K. M. Neal of Grants Pass and the Long Bell Lumber Co. of Yreka donating most of it. No Scouts are at the Lake yet. Just scouts preparing the camp and getting it in readiness. Dale Smith was the only one from Central Point who was connected with the scouts.
