

Sport Gags

By K. D. P.

With the rising of the Savage Rapids dam locks I lost all my hope that there will be good salmon fishing this year. Of course there has been very good fishing in the last few weeks but it was time when the water was a little high and just right for salmon fishing. But now the dam has diverted into the irrigation ditches an enormous amount of water, causing the lowering of the water below the dam.

Now the Portland Beaver Cement company of Gold Hill want to build a power house of their own and are building a dam on the river at Gold Hill. The company must have had the thought of paying Copco so much every month for electricity when Copco boasts one of the lowest rates in the United States.

The cement company is going to find that building that dam is going to cost them far more than the actual cost of the dam. Because if completed, the company is going to find all kinds of suits against them for the next 20 years and the guys responsible are just meek little sportsmen and the state commission.

I do not like the looks of that new dam at all. All-wise officials of the company have stated that the dam will not hurt the run of steelhead or salmon at all. But the state commission men say that it will. It makes me perk up when such men say there's some truth in it, because what in heck do the officials of the company know about the effect of the dams on fish life?

So it look to me that the cement company is actually going to have a white elephant on its hand when the dam is completed.

Next Monday will start the first softball tryout of the season and all persons are urged to come and try out this summer and have lots of fun. I will be in charge of the softball situation temporarily till the first week in June when Don Faber, coach of Albany College comes home for the summer vacation.

Maybe this summer I will be able to play better ball than last year, because the strain of managing the ball team has been too much for me and I will very gladly hand over the job to Don and then maybe I will be able to prank around like a kid. We will have to break in some new pitcher this year because Bill Landers has moved out to Ashland and may pitch in one of the Ashland teams.

Come on, boys, let's play ball. The date and time—Monday night at 6 P.M. The place will be the other field up by the tennis court.

WRESTLING NEWS

The "peepul's choice," Portland's flashy Ernie Piluso emerged as the number one grapple gent on last Monday night's gigantic mat program in the Medford armory.

Through a thrill-packed, seven-man battle royal the popular Italian blazed his way, and then, to climax the evening, he took the measure of tough little Ray (Mickey) Ryan in 13 minutes of the scheduled one-hour main event.

Ernie made extra short work of Ryan as the pair, finalists in the free-for-all, came to grips in the card's feature bout. He manufactured two straight falls over the man who grapples like a bulldog, the first coming in nine minutes and the second in four. Both of them were obtained with body presses.

Clemens defeated Kenaston in the middle event in a two out of three falls verdict while in the opener Pete Belcastro took a two out of three falls verdict from Schultz.

Mr. and Mrs. Carl Hoyer and Carolyn and Arthur, Mr. Roland Hoyer and Mr. W. U. Hoyer and daughter Pearl all spent the week end visiting friends in Roseburg.

Pointers to Meet Eagle Point Here Fri.

Central Point will meet Eagle Point Friday afternoon on the local diamond for a return game. Central Point defeated Eagle Point two weeks ago by a rather close score and fans are anticipating a very interesting game. It will be remembered that Central Point lost the county championship to this team last year in a thrilling 2-1 battle.

The usual line-up is expected. Students are advised to come out to the game which should prove to be very exciting.

GRADEA MILKER

World's
EASIEST
TO CLEAN!

TWO amazing new inventions
permit greatest milker ad-
vance in 30 years! Over 40
bacteria breeding parts elimi-
nated... no locks, clamps,
bolts, nuts or screws interfere
with use or make cleaning dif-
ficult. Brand new transparent
milk chamber in ONE-piece
and unbreakable. New all-rub-
ber "lip action" valve... only
ONE-piece... a marvel of simplicity—can't
corrode, clog or foul and is cleaned in a
flash. GradeA approved by most rigid
inspectors EVERYWHERE. Entire milker
cleaned CLEAN in 3 minutes. Fully water-
proof. Self-rinsing. Vacuum adjustable for
each cow. Won't tip. Uses shipping cans,
cream cans or pails. Electric or gasoline.
Better to get a GradeA than to wish
you had. Penny post card brings you
FREE "GradeA Guide" — facts every
dairyman should have.
