## WRESTLING NEWS

Ernie Piluso abruptly halted the two-match winning streak of Dangerous Danny McShane in the Medford armory last Monday night, grabbing a two-out-of-three-fall verdict in a main event that sent a large crowd of ladies' nighters home talking to themselves.

In a wild climax that saw both wrestlers and Referee Earl Yoakley take turns sailing through the ropes, Piluso was awarded the third and deciding fall when the Hollywood Jitterbug lost control of his emotions and heaved the arbuter into the ring-side seats. That was going too far, so far as Yoakley was concerned, and when he staggered back through the ropes he hoisted Piluso's hand in token of victory.

Mike Nazarian, mean Armenian, ran true to form in the middle event. He was uncouth and ungentelemanly, and as expected he defeated popular George Wagner in a tough battle.

Young Bobby Cummings, making his first appearance here in several months, gained a clean decision from Otis Clingman in the opener.

Mrs. C. A. Dickinson and daughter Mrs. Grace Roberts, former residents of Table Rock, visited at the J. Sanford Richardson home at Table Rock last week. ## The Poorest Place to Tell a Lie!

IT has been said by some of our radical reformers that advertising misleads the public.

Such accusations fall under their own weight.

The poorest place in the world to attempt a lie is in the advertising columns of American newspapers and magazines, and in American radio programs.

In the first place, our publishers and broadcasting companies wouldn't carry dishonest advertising. They outlawed it long ago.

In the second place, such efforts to mislead would be conducted in full view of the public and of the officials empowered to apply fraud laws.

In the third place, dishonest advertising is as inefficient as dirty football. It does not pay.

Informed people have lost interest in the advertising-baiting books and speeches of the radical self-appointed reformers since one after another of them has figured prominently before the House Special Committee on un-American Activities.
