N. The W. R. C. met Saturday afternoon. Plans were made for a silver tea Saturday, February 15. Everyone is invited.

Mr. Fred Farra has been here for the past week looking after his mother's property. He has rented the house to Mr. and Mrs. Victor Noel, who has leased the service station formerly operated by L. C. Grimes.

Mr. A. W. Walker of Medford, who recently suffered an attack of erysipelas, is now back in his office. The new treatment now in use stopped the pain in three days.

Mrs. Weighill of Medford received a letter from her sister in Chester, England. It was the first letter she has ever received which had been cut to pieces by the censor. Half of the sheets had been cut in two and that would take the news from both sides of the page. The sister wrote that she wondered how many letters she had sent were floating in the Atlantic, and that she hadn't received any for a long time. There was very little news left in the letter.

Mrs. Margaret Terrett is staying with Mrs. Musty for a while because her daughter insists that she does not stay alone. She is selling part of her furniture and expects to sell her house. Later she will go to live with her daughter.

So what?—

One ship drives east and another drives west,
With the self-same winds that blow.
'Tis the set of the sails and not the gale,
That tells them the way to go.
—Ella Wheeler Wilcox

Mrs. Owing received a letter from her little granddaughter, Lilly Bodensstab, in regard to a birthday cake she had ordered delivered to her daughter in honor of her birthday Wednesday. Lilly even drew a picture of the cake and its decoration. She wrote that when the baker stopped her mother thought he was merely going to try to sell some bread, but when he delivered the cake she said it was almost worth having another birthday, for all thought it was too pretty to eat. Lilly also wrote that she supposed Daddy would be getting up in the night to get a second piece.

Student Body Purchase New Megaphones

The Student Body recently purchased three new megaphones for the yell leaders. The two twenty-inch megaphones have been painted the school colors scarlet and blue with the letters C. P. H. S. on them. The forty-inch one has been painted white.

This new equipment adds much to the appearance and efficiency of our rooting section, and as the megaphones are made of durable materials they can be used for several years to come.
