South America As Seen by Local Lady

Mrs. Mildred Swain is writing to her mother, Mrs. E. E. Scott, from South America, where she is with her husband, who is employed by the government rubber research.

Continued from last week

We were invited to the Governor's Palace for dinner. During the absence of the Governor and his wife the young son, aged about twelve, acted as host and his sister, some years his senior, as hostess. It was very lovely but my luck ran true to form since she spoke no English and is in love with the Secretary to the Governor who also ate at the palace. We were treated royally and had every meal, excepting our last dinner, at the palace.

There was a Festa in town and on the second night of our stay the Festa was in honor of the visiting Americans. After dinner in the evening on Wednesday, the 22nd, our second night in Rio Brano, the Secretary invited us to visit the local radio station which uses one room in the Gymnasium ("Gymnasium" being Portuguese for Public School).

BY NOW every customer of The California Oregon Power Company has shared in the savings made possible by our general reduction in rates announced last month.

These new low rates mean a saving to our customers of \$325,000 a year. Residential users alone save more than \$165,000.

You now enjoy electric service at half the national average cost; our new residential rate will average only about 1¾ cents a kilowatt hour! The national average is 3½ cents.

Many of your living costs have increased. Many of our expenses, too, are higher, and our taxes have surged upward. We are pleased that despite rising costs, by careful operation and the full support of our employees, we are able to materially reduce your electric rates.

Plan now—to make your home brighter—your work easier—with cheaper electricity.
