

7th War Loan Quota Set at \$2,078,000 For Jackson County

Jackson county's seventh war loan quota will be \$2,078,000. It was announced by war finance committee chairman N. H. Zacharisen. Of the amount, \$1,000,000 is to be raised in Series E war bonds.

Quota for Oregon is \$110,000,000 with \$55,000,000 of that amount to be purchased in E bonds. A pre-drive payroll savings program will form the backbone of the drive with bond deductions made after April 2 counting in the final total of the seventh war loan, scheduled May 14 through June 20.

Although the E bonds quota is far greater than in any previous campaign, its attainment will be assured if early county organization is made to take full advantage of the 13 weeks of payroll deductions that can be credited to the drive. Oregon war bond leaders stated. It was further emphasized that the treasury department will seek to equal in two 1945 campaigns total sales of three drives in 1944.

Symbolic Red Cross Emblem To Appear In Windows Again

WASHINGTON, D. C.—Once again, next month, the scarlet emblem of the American Red Cross will appear in the windows of American homes, symbolizing the financial support of the nation in supporting the manifold services of that organization to American fighting men overseas.

In every nation of the world, this red cross has long been the symbol of universal humanitarianism, both in peace and in time of war. Today it is worn by medical corpsmen of all armies and navies serving the wounded. It protects hospital tents, ships, planes and trains. Painted on each of the International Red Cross ships bearing food parcels to prisoners of war and exchanged prisoners homeward, it is a guarantee of safety from acts of war.

To the giver doing his part to fulfill the \$200,000,000 goal of the American Red Cross in 1945, it represents his personal part in supplying the material things which add to the morale of the American serviceman whether hospitalized or able-bodied.

"The window sticker means more than dollars contributed to the Red Cross," Chairman Basil O'Connor declared. "It means service clubs, canteens, recreation rooms and clubhouses for the men in war theaters."

To the American Red Cross, each window sticker is a family's request to the Red Cross to continue its responsibilities on behalf of the son in Italy, the neighbor's boy half a turn around the globe in the Philippine, and the brother fighting on the Western Front. It is the expression of faith of the American people that Red Cross will maintain the supplies of surgical dress-

Once again this year, in March, the world-known scarlet symbol of mercy will appear in windows throughout the nation, indicating that Mr. and Mrs. America are solidly behind the 1945 American Red Cross War Fund campaign.

ings, blood plasma and whole blood, kit bags and comfort articles to the battlefronts. It is a vote of gratitude for the millions of food parcels reaching American men in enemy prison camps.

Opening March 1, the third American Red Cross War Fund campaign for \$200,000,000—the same as last year—will continue throughout the entire month. More than 3,000,000 volunteers will distribute the familiar window emblems, conducting a house-to-house canvass to fulfill the 1945 quota. Along with the window emblem, each contributor will receive a lapel tab fashioned after the Red Cross flag—the flag known to all as a sign of aid and comfort.
