COUNTY AGENT

ABOUT THESE VALUABLE "HELPS"

Tax authorities—both Federal and State—require that farmers maintain accurate records of farm income and outgo as a basis for determining income tax returns. The farmer himself should have these important facts about his own business. To simplify the keeping of records, the Farm Management Department of Oregon State College has prepared two types of Farm Account Record Books which are available, at small cost, through your County Agent. We recommend use of these Account Record Books. Samples are here for your inspection.

**GRANGERS SHAPE THE PATTERN
of OREGON'S DEVELOPMENT**

Grange achievements that have made Oregon a better state in which to live:

- ✓ R. F. D. Routes
- ✓ Direct Election of Senators
- ✓ Cooperative Marketing
- ✓ Better Roads
- ✓ Improvements in Education
- ✓ Graduated Income Tax
- ✓ Improved Marketing
- ✓ Low-Cost Light and Power

OREGON'S CANNING INDUSTRY helps make Americans the best fed people on earth.

The canning industry—supplied by thousands of Grangers—also helps Oregon business. Last year, for example, the pack of 9,885,101 cases of vegetables, fruits and berries may not have been worth quite its weight in gold... but it meant a lot of money for distribution among Oregonians.

This building of healthier people and better business through sound, stable agriculture is a long-standing objective of 30,000 farmers of vision who make up the Oregon State Grange. That's why the Grange policy will continue to be one that shapes the pattern of Oregon's future development.
