Uncle Sam Says

Flag Day, June 14, holds significance for every American. Under the waving Stars and Stripes each citizen knows that he still possesses the most cherished of all ambitions—freedom and opportunity. He also knows he can retain these just so long as our country is economically sound, and he knows too that one of the most effective methods ever devised to keep it strong is an investment in U. S. Savings Bonds. Your purchase of Savings Bonds strengthens not only your own economy but your country's as well. If you are not now enrolled for the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan at your bank, now is your BIG CHANCE to start.

Dinner for Employees Given by Cheney's

Ben and Francis Cheney were hosts to the employees of the Cheney Forest Products company and the Cheney-Oregon Lumber company at a big dinner and get-together at Smitty's Ranch House Saturday evening at 5 o'clock, P.M. Tables were set for 20 guests, but several were unable to attend, reducing the number present to about 15.

The affair was intended as an appreciation of the hard and faithful work of the employees of the company and to further the good will between the management and the men. Most of the employees of these concerns are local men, with Bill Askwith, well known baseball fan and player, as assistant manager.

The evening was spent in telling stories on each other, jokes, and a general jolly good time.
