## ARTHRITIS Hundreds Claim Its Grip Broken!

Do you have Arthritis? Have you a relative or friend that is suffer-from this painful, distressing ailment?

I came upon a simple remedy, that ended my long search and battle to rid myself of Arthritis. I had my teeth pulled, tonsils out, serum shots, electric fever treatments, special built shoes, hot baths, pills and the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and soreness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips, back, neck and arms are dollars.

This is all I did, and all you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to tell whether it will help. If it helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity. I rub some on for a night or two. In my opinion, the benefits of Sulphur are more sure and complete on the soles of the feet. The results obtained have been acclaimed by many as a Godsend.

Often I have asked the question, "Why can't something be done to be me?" I sincerely believe that here is something that will help be be who are suffering from Arthritis and want to tell as many as I can about it. I am sure you do too.
