District Man Brings Word on State Meet

E. P. Black, Grants Pass, state department of agriculture foods and dairies and weights and measures fieldman in this district, is back in the field after attending a staff conference with officials in Salem the past week.

He reports new laws which fieldman will be called upon to enforce in their districts after August 3 were studied carefully with department officials so application will be uniform throughout the state.

He also says some time was spent in discussion of boundaries of districts the fieldman cover to determine how to get the best job done with the least expenditure of manpower and money.

June 28, 1955

American Legion Auxiliary
Central Point, Oregon
Dear Members and Friends,

I would like to express to everyone responsible, a sincere "thank you" for sponsoring me to "an opportunity of a lifetime."

I wish everyone of you could have taken my place the week of June 13-19, 1955. I cannot begin to describe, or relate to you what Girls' State means. In my opinion it is the most wonderful program in existence, for teaching, through actual experience, a select group of young girls, the ideals and workings of our state government.

I know I personally, learned more about government in one week than I have ever learned in school. I had the opportunity to meet such prominent persons as Governor Paul Patterson, of the State of Oregon; the Supreme Court Judge of Oregon; Mrs. Guy H. Wilcox, Department President of the American Legion Auxiliary, Department of Oregon, and many, many others.

Among one of the outstanding highlights, I had the privilege of presiding in the House of Rep-

resentatives in the State Capital. Again, I say "thank you" so very much for your sponsorship.

Sincerely,
Miss Nadra Moore
Your Delegate to
Girls' State
