

JC's Hear Plans For CAP Award

Hubert Curtis, commander of the Civil Air Patrol wing in Jackson county, was guest speaker before the Central Point Junior Chamber of Commerce meeting Thursday evening, June 21, at Central Point Junior High school.

Curtis outlined plans to establish a flight scholarship in the CAP unit to be awarded to one of the outstanding cadets. The scholarship would provide actual flight training which would give the cadet a private pilots license.

The commander stated that arrangements for instruction have been made with Rogue Flying Service. Cost of a flight scholarship would be \$340.

Curtis stated that he hoped the Central Point Jaycees would be able to assist the project by raising money for the first scholarship.

Kamloops Trout Eggs Slated for Diamond

A half a million future residents of Diamond lake were hauled into Oregon last Tuesday and delivered to their nursery at Wizard Falls hatchery the Oregon Game Commission said today.

These new residents were eyed Kamloops rainbow trout eggs from Beaver lake in British Columbia. The eggs will be held at the hatchery for about 30 days until they are hatched and the fry then transported to the lake and liberated.

In all probability, this will be the last shipment of Canadian rainbow stock for Diamond lake. Next spring, fish from last year's plants should provide a source of eggs for continued stocking of the lake.
