Hunters Have Month To Send Applications For Late Hunting

Hunters wishing to participate in the late season controlled hunts have approximately one month in which to file applications, the Oregon Game Commission said today.

Applications for the controlled deer seasons will close at 5 p.m. on September 4, while those for the controlled elk units will close at 5 p.m. September 10.

A fee of \$5 must accompany all applications for the controlled deer hunt drawings. Drawings will be held at 10 a.m. on September 11. All elk permits validate the taking of one elk of either sex. No fee is required but the general elk tag must be used in conjunction with the permit. Drawings will be held at 10 a.m. on September 17.

Only resident hunters may apply for controlled season tags or permits. Application may be made by an individual or party of not more than four.
