

County Crews Improve Road In Table Rock

By Mrs. Ray Doran
TABLE ROCK — The county road crews did a very neat, efficient job on the highway from the bridge north beyond the store.

It is a fine road now and we hope it will last. With the nice road from Four-corners on in, it makes the road in between hard to take.

Mr. and Mrs. Dick Reum and children spent the past week at Lake of the Woods.

Mrs. Barbara Taylor and Mrs. Pirkey accompanied the teenagers to Jackson Hot Springs Friday evening for a swimming party.

Tamara and Shane Doran moved bag and baggage to their grandparent's home for the fruit season while their mother is packing pears.

Mr. and Mrs. Kenneth Wyatt and very small son from California spent a few days at the Ray Wyatt home.

Mr. and Mrs. William Wagner, Iowa City, Iowa, and their son, Kenneth Wagner, and wife of Cedar Rapids, Iowa, visited the Walter Timms last week. William Wagner is Mrs. Timm's uncle.

Gail and Gwen Smith, twin

daughters of Mr. and Mrs. Bob Smith, Medford, spent from Tuesday through Friday with the Walter Timms.

Mr. and Mrs. Henry Christoffersen and son, Brian, and nieces from Arlington Heights, Illinois, were Saturday visitors at the Timm home.

Miss Grace Bigham, Joy Chapman, Mrs. Earl Bigham and son, Kenneth, and Mrs. Mina Cook, Medford, left Sunday for a motor trip to Portland and points of interest along the way. They returned Thursday, August 16.

Mrs. Irene Shirley, Medford, who taught in Table Rock school many years ago, was a visitor in this district Saturday.

Thirty members of the S. J. Richardson family met Sunday afternoon for a potluck dinner held in honor of Mr. and Mrs. Donald Richardson and children who are visiting from Portland for a few weeks.

Mrs. Mary Myers, 4-H leader, accompanied Aletta Myers and Anita Pierce to the court house Tuesday morning where they demonstrated the art of home-making. Next week they will exhibit in the 4-H fair.

Pear picking got underway at Redskin Monday morning. Modoc is also picking now.

GIRL FOR WARREN

Mr. and Mrs. Guy W. Warren of Central Point are parents of a daughter born Saturday, August 11, at Community hospital. Weight at birth was 7 pounds.

Secretary Seaton Plans Appearance At GOP Jamboree

Secretary of the Interior Fred A. Seaton will fly to Medford from Washington on August 30 to attend a big Republican "jamboree" in Hawthorne park, according to Mrs. Kathleen Bash, Jackson county Republican committee chairman.

Invited to attend the affair, at which Seaton will be the principal speaker, will be Republican candidates for all state and

Fred A. Seaton

national offices, including Seaton's predecessor as Interior Secretary, Douglas McKay.

Tickets to a smorgasbord supper, feature of the affair, will go on sale immediately for \$1.50 each, Mrs. Bash said. She added that this is not a fund-raising meeting, and that the tickets are simply to pay the cost of the food. Those wishing to see and hear Seaton and the political candidates, but who do not wish to participate in the informal supper, will be welcomed free of charge.

The jamboree will begin at 6 p.m. Thursday, August 30, with music and entertainment, which will continue through the smorgasbord. The entire program will be over in time for the Secretary to appear on a local television program at 9:30 p.m.

Capt. Duncan Visits Enroute to Alaska

Captain James A. Duncan, his wife, Elaine, and their three children, Barbara, Helen and James, Jr., were overnight guests at the home of Mr. and Mrs. L. D. Hays in Central Point Friday night.

Captain Duncan is being transferred from Parks Air Force Base, California, to Ladd Air Force Base, near Fairbanks, Alaska.

He and his family will drive to Alaska over the Alcan highway. Captain Duncan is the son of Mrs. Hays. His assignment to Alaska is for a period of 30 months.

Custom Archery Bow Manufacturing Plant Chooses Gold Hill Location

By Adah Jones

GOLD HILL—A new industry is being welcomed in Gold Hill. It is the Tarbell Custom Bow Shop where Neil Tarbell, with assistants Wayne Brandon and Bud Ingram of Ontario, Calif. are manufacturing custom-made bows for the archery trade.

The business is in a building next to the OK Pastime Tavern. It has been empty for the past year or so.

Machine tools and some materials are on hand ready to fill orders. Tarbell states that he has several orders to fill for California customers so he expects to be busy.

Bows on hand are beautiful and are called modern composite bows made of three materials. Black walnut wood, which can be obtained locally, makes up the main part of the bow; eastern maple is used for the limb of the bow and fiber glass covering comes from Los Angeles.

The bows are claimed to be faster, more flexible and durable than older types. The strings are of dacron.

About eight different lengths in three price ranges will be made. Other supplies will be handled later.

Of interest was that Wayne Brandon had killed the largest black tailed deer, by bow and arrow, ever killed in the United States. This kill was made in Southern California.

The young men are looking forward to attending the state archery tournament to be held in Eugene this weekend, August 18 and 19.

Also of interest is the fact that Joe Williamson, three-time state archery champion, lives near Gold Hill and can supply the black walnut wood needed in manufacturing the Tarbell Custom bow.

Most people these days are spending money as if it carried an early expiration date.

Ladino Clover Seed Tax Set by Board

A tax of 65 hundredths of a cent per pound on Oregon ladino clover seed sales made after September 1 was approved at the first meeting of the new Ladino Clover Commission held recently in Madras.

The tax was voted on ladino clover seed of 95 per cent or higher germination and will be collected by seed dealers. Major portion of the tax this year will be applied to advertising and promotion of ladino seed grown in Oregon.

The seven-member commission of five growers and two dealers elected J. A. Macy as chairman; K. A. Harris, vice chairman; and Willis Freeman, secretary-treasurer, all of Madras. Other members are W. Roy Stevenson, Madras; Melvin Waldemar, Culver; Burle Burreson, Gold Hill; and R. Wallace Rice, Grants Pass.

HOME FROM WASHINGTON

Mr. and Mrs. H. J. Fleischer of Central Point returned home Saturday after vacationing in Seattle, Wash., where they attended the annual Sea Fair pageant. While in the Washington city they also visited her two sisters and several nieces and nephews.

"The national debt is nothing to worry about," says a college professor. This statement doesn't reassure us in the least, for the reason that any idea a college professor may have about finances is bound to be theoretical.
