

CONSERVATION NEWS

By Clem Ault  
Soil Conservation  
Service

H.R. Glasscock, For-  
ester for the West Coa-  
st Lumbermen's Asso-  
ciation, was in the SCS  
office last week to dis-  
cuss the soil conserva-  
tion district program.

He was particularly  
interested in the timber  
management recommen-  
dations which are being  
developed for use in the  
farm plans.

\*\*\*  
Applications for assis-  
tance from the Soil Con-  
servation District were  
received recently from  
Harold G. Johnson, Med-  
ford, and Margarite Pote  
of Gold Hill. The farms  
of both parties both par-  
ticipate in the Beagle  
area.

\*\*\*  
Otto Bohnert, Central  
Point, member of the  
State Soil Conservation  
Committee announced  
that the committee will  
meet March 26th and  
that a date for the Evans  
Valley vote on soil con-  
servation district should  
be announced at that time.

\*\*\*  
Some folks have been  
a bit critical of the Soil  
Conservation Service be-  
cause the voting date for  
Evans Valley District  
has not been announced  
sooner.

The SCS has no part of  
district organization ex-  
cept as we are invited to  
participate.

We believe, however,  
that the state committee  
has had good reason for  
the delays you are exper-  
iencing in getting the dis-  
trict to a vote.

\*\*\*  
An irrigation and drain-  
age layout was completed  
for Vince Hunt last week  
by Bob Miller, SCS engi-  
neer.

\*\*\*  
Soil surveys were com-  
pleted recently on the  
Vince Hunt and Truman  
and Guy Bishop proper-  
ties in the Meadows ar-  
ea.

GOLD HILL COUSINS  
MEET IN KOREA

Proving it is a small  
world after all, Cpl.  
Blaine Haigh, U.S. Air  
Force, and Cpl. Don E.  
Buntin, U.S. Army, both  
of Gold Hill, ran into  
each other in Korea re-  
cently.

Haigh and Buntin are  
cousins, and were un-  
aware they were any-  
where near each other.

In fact, Cpl. Haigh  
came close to not recog-  
nizing Cpl. Buntin be-  
cause of his odd appear-  
ance in his winter uni-  
form.

ROSIE AND MINNIE

Some papers show pic-  
tures of bathing beauties  
to carry the story that  
fishing season is about  
here. Not The Times.  
We show instead, Rose  
Cameron and one that  
was too small (last year)  
to keep. Maybe it has  
grown. (Photo Contribu-  
ted)

Philip Martin and Mrs  
Wilborn Spangler, of  
British Columbia, are  
in Gold Hill visiting their  
brother, Wilbur Mar-  
tin, and his family.

ENTERPRISE GRANGE  
HAS 43 VISITORS

The March 11th busi-  
ness meeting of the En-  
terprise Grange with  
Master Chester Jensen  
presiding was very well  
attended with 52 mem-  
bers and 43 visitors  
present.

The visitors repre-  
sented the following  
Granges: Pomona, Upper  
Rogue, Upper Applegate  
Gold Hill, Belleview,  
Live Oak, Sams Valley,  
Phoenix, Griffin Creek,  
and Central Point.

Pomona Grange pre-  
sented the lecture hour  
program which was var-  
ied and interesting.

This was the first of  
a series of meetings  
where a neighboring  
Grange presents the  
lecture hour program.

Dolores Lester Better

Dolores Lester, who  
has been battling the flu  
bug for sometime, is  
now on the road to recov-  
ery.
