The Day We Celebrate.

Another year of our national history, and another year of our own brief existence, has passed since our last National Anniversary, and the "day we celebrate" is again upon the series and the president and proportion of the series and the president of the government shall, during the stimance from ordinary labor and him to make Triesday. When the second and observed by abstimance from ordinary labor and the feeting and mores. At a quarter past spin, and make any contract or incur any liable to the country but we creamant only the fourth of July. This day is distinguished deferming the colliders, to get the children, to get the way from all others by affirmative domonatorations of rejoicing. From the rising of the sun, which is greed the children, to get the way from the Pacific, to the return of night made hard by bonfires and illuminations, all is feativity, excellations and joy.

More than a century has passed wine and the president of the sun way are requested to call and requirement of the country on way and green the content of the sun way in the content of the provides that no department or officer of the government shall, during the government shall, during the content of the provides that no department or officer of the government shall, during the content of the provides that no department or officer of the government shall, during the content of the provides that no department or officer of the government shall, during the content of the provides that no department or officer of the government shall, during the content of the provides that no department or officer of the government shall, during the content of the provides that no department or officer of the government shall, during the content of the provides that no department or officer of the government shall, during the content of the provides that no department or officer of the government shall, during the content of the provides that no department or officer of the government shall, during the content of the content of t lurid by bonfires and illuminations, all is festivity, exultation and joy.

More than a century has passed since this annual festival was inaugurated; generations have come and gone; yet it is to-day greeted with the same enthusiasm which characterised its exercises three-quarters of a century ago. The declaration of Spicife of a Printer.

Itoward them, he saw Moore start back ward a step or two, draw a revolver, level it at Fulton's head and fire.

The latter sprang several feet into the air, fell head downward and lay still. Seeing this, Moore placed the muzzle of the pistol to his (Moore's) right temple and again fired. Both men were shot through the brain and died almost instantly.

The "H. B." convention of California met in San Francisco on the 27th uit, and made nominations for State officers. The 1st Congressional district nominated Judge A. C. Bradford a member of the State Board of Equalization. ndence of the American colonics, July 4th, 1776, is the greatest event recorded in the history of
modern civilization. Considered
