the Union Pacific from Cheyenne to the Yellowstone National Park, diswas the son of your soil, in which tance about 650 miles, of which 125 he now sleeps; but he is not all miles will be constructed this year, to your own. He belongs to all of us the north Platte river north of Fort in the North and in the South-to Laramie. A branch of this main line the blacks he helped to make free, is also to be built to the Black Hills. and to the whites he strove to make Upon the completion of 100 miles and brothers again. Over the grave of the erection of shops at Cheyenne, him whom so many thought to be costing \$25,000, the sum of \$40,000 in their enemy, and found to be their bonds, voted by Cheyenne, will be de-

The Strength of Wheels.

"I woner," said a veteran wheelwright, the other day, "how many who see slander wheels flying over the road stones, ever pause to think what a perfect piece of mechanism a the same plane as the others, and be of equally well-seasoned timber. The felloes must be an equally good fit at the joints and upon the spokes. They A writer in a western paper, urging must form at the circumference a perfect circle, and be strong enough for their duty without being too heavy. I tell you that a ton weight continally thumping at a wheel soon flattens out the weak spots, and bad-fitting and insufficiently seasoned timber will soon give a loose tire,boys."

The bitters invariably remedy vellow ness of the complexion and whites of the eyes, pains in the right side and under the right shoulder-blade, furred tongue, high-colored urine, nausea, vertigo, dyspepsia, constipation, heaviness of the head, meatal despondency, and every other manifestation or accompaniment
