OF Oregon's Southern Coast.

NUMBER XIX. JOURNAL OF L. L. WILLIAMS—CONTINUED FROM LAST WEEK.

Death of Abd-el-Kader.

S. F. Bulletin. The telegraph has recorded the death of Abd-el-Kader, in many respects one of the most remarkable men of his age.

Three months passed away and no perceptible change having taken place, Dr. E. R. Fiske came in from San Francisco, where he had been to meet his family; he offered his services and examined and probed the wound, but no arrow point could be found.

There was not much change noticeable until about Nov., 1852, when the opposite side from the arrow entered became sore and inflamed, and after many days of intense suffering it opened, and speedy relief followed.
